Notes:

Term A includes Ground and Online Session I students. Term B includes Online Session II students only.
 Graduation rates for the cohorts are cumulative. A student who graduated within 2 years of their expected start date will be counted in the within 2 years, 3 years, and 4 years rates.
 Graduation time to completion is calculated as the time between the expected start date and graduation date in years.
 Students are counted as graduated from a program with the same expected start date as the program they were enrolled in during the term they entered the cohort.
 Produced by the Office of Institutional Research on 11-5-15.
