Notes:  
 This updated program level retention tracking matches students using program.  
 Students are counted as retained only if they are enrolled or have graduated from the program they were enrolled in during the term they entered the cohort.  
 The programs provided in the slicers represent the program the student was enrolled in when they entered the tracking cohort, persisted, and graduated.  
 One-year Fall to Fall retention figures are highlighted in blue for ease of identification.  
 Terms labeled 'A' include the ground and session 1 terms. Terms labeled 'B' include session 2.  
 Each column represents a semester and includes all terms (Ground, Session 1, and Session 2) within that semester. Due to the timing of this reporting Fall 2015 includes only the Ground and Session 1 term.
