FROM THE PRESIDENT

Carolyn H. Denham

MISSION

Pacific Oaks is an independent institution of learning influenced by its Quaker heritage and dedicated to principles of social justice, respect for diversity, and the valuing of the uniqueness of each person. Its primary focus is placed upon all needs of young children and their families, and all those who, in a direct or indirect manner, touch their lives each day.

Education at Pacific Oaks includes academic, research, clinical, and community outreach components to develop an understanding of those settings within which a child acts and which, in turn, affect a child's development. Pacific Oaks promotes educational practices within the institution, profession and public schools that encourage learners to find their own voices, to take stands in the face of opposition, and to exercise competence in collaboration with others.

*Approved by the Board of Trustees
December 6th, 1986*

*Reaffirmed by the Board of
Trustees February 1992*

"The secret of education is respecting the pupil."

Ralph Waldo Emerson

Pacific Oaks College is a unique place. We are the only college on the West Coast solely committed to preparing students for careers in early childhood education. The spirit of Pacific Oaks is derived from our mission to meet the needs of young children and their families and to recognize each individual's uniqueness and value.

At Pacific Oaks, college students are central. Students get to know their teachers and each other in small classes.

Our faculty listen empathetically to our students and build our curriculum around them. Students at Pacific Oaks learn how to recognize the individuality of the children they will teach, the families they will counsel and how to find their own voices. We are here to listen.

Our curriculum provides a foundation for a variety of helping professions. The training we offer empowers you to become a highly effective teacher, counselor, administrator or leader in the

"At Pacific Oaks, college students are central to our community."

Carolyn H. Denham, Ph.D.
President

human services profession of your choice. Pacific Oaks prepares teachers to work in elementary schools and early childhood professionals to work with infants, toddlers and preschool children. We prepare marriage and family therapists to work with children and families, with particular attention to the mental health needs of the Latino/Latina community.

My vision for Pacific Oaks College is built upon

its existing strength and values.

My work is to communicate them to a broader audience. As you explore the programs and courses offered within this catalogue, keep in mind that your personal development, intellectual

enrichment, and acquisition of skills can be magic in the lives of children and their families.

Sincerely,

Carolyn Denham

Carolyn H. Denham, Ph.D.
President

"What I'm constantly impressed about is how much we have accomplished on issues relating to diversity. Ours is a very progressive stance and I think our students benefit from it tremendously."

Renatta Cooper
Director, Jones/Prescott Institute
Pacific Oaks College

Pacific Oaks is accredited by the Western Association of Schools and Colleges. As a Quaker-founded institution, Pacific Oaks has traditionally sought in its student body: diversity in age and in racial, ethnic, economic, and social background. Our policies in admission and other areas are non-discriminatory regarding race, gender, religion, ethnicity, physical ability, sexual orientation, or age.

Students may review institutional accreditation and/or licenses in the College President's Office at 5 Westmoreland Place during normal working hours, or by contacting WASC at:

Western Association of Schools and Colleges
985 Atlantic Ave., Suite 100
Alameda, CA 94501
(510) 748-9001

Note to Pacific Oaks Northwest (Seattle)

Students Pacific Oaks College is authorized by the Washington Higher Education Coordinating Board and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree Authorization Act. Pacific Oaks College is authorized to offer a B.A. and M.A. in Human Development. In addition, it offers a Teacher Education program leading to Washington State certification endorsements in Elementary K-8 and Early Childhood (P-3) Education.

Any person desiring information about the requirements, the act or the applicability of these requirements to the institution may contact the board office at 917 Lakeridge Way, P.O. Box 43430, Olympia, WA 98504-3430.

Schedules of Classes are published as follows:

- *Spring:* Weeklong, Weekday, Weekend and Online Classes
- *Summer and Fall:* Weeklong, Weekday, Weekend and Online Classes

Please call the Office of Admissions at (626) 397-1349 or (800) 684-0900 to obtain a schedule or admissions information.

Students engaged in informal class discussion on Seattle campus.

Notice Students will adhere to the requirements and programs outlined in the catalog of the academic year in which they're admitted. Students who interrupt their programs for five or more years will adhere to the catalog of the academic year in which they're readmitted.

The requirements, programs, class offerings, fees, policies, and all other subjects covered in this publication may be changed without notice. Users of this publication should contact Pacific Oaks representatives to learn the current status of matters covered herein. Pacific Oaks assumes no responsibility for any damages which may be claimed to have resulted from such changes.

Pacific Oaks, located on three campuses in Pasadena, California, Seattle, Washington, and Oakland, California, is a unique educational institution offering upper division and graduate-level college programs in human development and counseling, teaching credentials, a children's school serving infants through primary age children and their parents, and a sponsored research program supporting applied research in early childhood education.

Three basic concepts underlie the educational philosophy of Pacific Oaks: that growth is a dynamic and life-long process; that every individual has a fundamental worth; and that each person, no matter how young or old, has a unique identity and human potential which they contribute to the lives of all those with whom they come in contact.

Pacific Oaks was founded as a community education center and nursery school by seven Quaker families in 1945. The School quickly grew under the leadership of Molly Morgenroth and Evangeline Burgess as word spread that there was a place in Pasadena where children were valued as individuals. The teacher education aspect of Pacific Oaks grew out of the need to train teachers for the expanding nursery school.

In 1959, continued expansion led to accredited B.A. and M.A. degree programs in Human Development. These degrees are granted in Human Development rather than Education because we believe that a teacher must know the whole life continuum to understand her/himself and her/his students. Today, our programs serve not only educators, but persons working in other helping professions, including counseling and other human service fields.

The style of learning emphasized at Pacific Oaks is unique. In most colleges, a teacher lectures, students take notes and learning is evaluated by examination. We have a different approach. Pacific Oaks students are encouraged to work together and to learn from each other. The faculty works with students to help each individual obtain an education that meets personal needs. At Pacific Oaks, the process of learning is valued as much as what is learned.

Experiential learning, that is, learning by doing, is at the heart of Pacific Oaks' curriculum for adults as well as for children. We believe that both theory and practice are learned through action and interaction, and we encourage students to value doing as well as talking, reading and writing.

The Children's School also has grown to include the Infant/Toddler, Two-Year-Old, Preschool, Kindergarten, Primary, Child Care, and After-School programs.

Pacific Oaks' anti-bias commitment applies to all areas of discrimination, including that based

upon race, ethnicity, class, sexual orientation, gender, age and physical ability. We expect respect to be shown towards persons in all categories, both generally and as individuals.

We ask that all members of the Pacific Oaks community be willing to engage actively in thought, discussion, and change as we all learn about the nature, dynamics and impact of bias and oppression and the ways in which theories, practices and institutions are oppressive. It is important that we be willing to risk growing and changing together rather than clinging to old theories and practices simply because they are familiar and comfortable.

OVERVIEW OF PROGRAMS

Pacific Oaks College offers upper division classes leading to a B.A. degree in Human Development; courses of study leading to two teaching credentials: Multiple Subject Teaching Credential and Education Specialist Credential (Early Childhood Education); graduate courses leading to two M.A. degrees: Human Development and Marriage, Family and Child Counseling; and a Post-Graduate Certificate program.

The B.A. in Human Development offers an upper division program focused on young children, their families, and the social contexts in which development takes place. Field experience or practicum in the Pacific Oaks Children's School is normally a part of the B.A. program. Students interested in public school teaching may become fully admitted to a credential program upon completion of core B.A. requirements.

Specializations are optional areas of focus for B.A. and M.A. students in Human Development and are designed for students who already have

Our students at the College are learning to take their place as highly effective teachers, administrators and counselors — leaders in their field.

Our Children's School is teaching youngsters to be peacemakers, conflict resolvers and decision-makers. They are our future — a well-informed responsible, concerned citizenry.

experience in one of the areas outlined below. Some specializations are available only in Pasadena.

The College offers six specializations at the B.A. level: Child Care, Developmental Education, Early Childhood Education, Lactation Consultant, Work with Infants and Toddlers, and Art Education. Students may also, in cooperation with their advisors, design a study program directly meeting their needs and interests.

The Admission By Life Experience admissions option at the B.A. level offers students an opportunity to document, through presentations and papers, up to 30 units based on their learning from life experiences.

The M.A. in Human Development is offered for the preparation of leadership personnel in professions serving young children and their families. The degree is awarded on the basis of demonstrated competence in human development, knowledge of the social and political contexts of development, communication skills, integration of theory into practice and research. A Master's project, which is an original contribution to knowledge and understanding based on field experience, is required for the degree. Students interested in public school teaching may enroll simultaneously in a credential program.

The Admission By Life Experience option at the M.A. level offers students an opportunity to document competence equivalent to a B.A. degree from Pacific Oaks to begin graduate studies. This must be in conjunction with either the M.A. in Human Development or the M.A. in Marriage, Family and Child Counseling.

The option to do a specialization in the M.A. in Human Development program is also available. The specializations are: Art Education; Bicultural Development; Child Care; Developmental Education; Early Childhood Education; Lactation Consultant; Work with Infants and Toddlers; Social and Human Services; and Leadership in Education and Human Services: Administration/Supervision, College Teaching/Teaching Adults, and Parent/Community Work.

The M.A. in Marriage, Family and Child Counseling expands the students' competencies in counseling families with young children, providing students with the educational qualifications for the California MFT License. A specialization in Latino/a Family Studies is offered in a cohort format.

Pacific Oaks offers the California Multiple Subject Teaching Credential (elementary), Education Specialist Credential (Early Childhood Special Education), CLAD (Crosscultural Language and Aca-

ademic Development) or BCLAD (Bilingual Cross-cultural Language and Academic Development) emphases.

The California Multiple Subject Teaching Credential is structured in two tiers — the Preliminary and the Professional Clear. The Preliminary Credential is effective for a five-year period and is non-renewable. Before expiration, additional course work must be completed to obtain the Clear Credential.

The Pasadena campus of Pacific Oaks is located on four beautiful, tree-shaded sites in the heart of historic Pasadena. The craftsman-style bungalows of these campuses provide an idyllic, serene setting for our students. Only a half-mile from Old Town Pasadena, Pacific Oaks is surrounded by cultural resources: the Norton Simon Museum of Art, the Huntington Library and Art Gallery, the Gamble House and the Pacific Asia Museum.

The Pacific Oaks Pasadena campus offers classes during Fall, Spring and Summer semesters. Our convenient evening and weekend class schedules make it possible to earn your degree no matter where you live in Southern California. As a convenience for those who travel a distance, some weekend classes are scheduled all day over three weekends during the semester. In addition, week-long classes are offered within each semester.

Pacific Oaks Northwest, located in Seattle, Washington, offers classes leading to the B.A. and M.A. in Human Development, as well as the Washington State Teacher Certification. (Not all B.A. and M.A. specializations are offered at this site.) Weekend classes are offered in Seattle and other Northwest sites. Seattle also offers weeklong classes in January and July and 2–3 Friday classes each year.

Pacific Oaks Northern California, housed in the historic YWCA building in downtown Oakland, offers classes leading to the B.A. and M.A. in Human Development. Classes are offered on weekends during the Fall and Spring semesters, with week-long classes offered in June. Two or more classes in Human Development are also offered each year in the southern San Joaquin Valley, meeting in Visalia. Some of the optional specializations are available at these sites.

The academic year includes two semesters, Fall and Spring; two time frames, Weekday and Weekend; several locations; online courses; and an eight-week Summer Session. One week sessions are also offered within each semester in Pasadena and Seattle, and in June in Oakland.

For students interested in seeking the California Child Development permit, Pacific Oaks has been approved as an accredited site to offer high quality curriculum and training opportunities for students to qualify for each level of the permit. There are six levels to the Permit structure. Normally, bachelor students would enroll in any of the first three levels: Child Development Assistant Permit, Child Development Associate Teacher Permit, or the Child Development Teacher Permit. The last three levels may be more appropriate for master's degree students: Child Development Master Teacher Permit, Child Development Site Supervisor Permit, or the Child Development Program Director Permit. Pacific Oaks offers courses and facilitates some experience to help students qualify for the permits. Pacific Oaks will then review transcripts, course content and direct experience, and recommend candidates for the appropriate permit. Students interested in the Child Development Permit must apply to the program through the Admissions Office. Students are required to meet with their advisor to identify appropriate classes to take. Specific course and fieldwork requirements will be outlined in an advising session with the assigned advisor. ■

CURRICULUM PHILOSOPHY

The curriculum in Human Development, Marriage, Family and Child Counseling, and the Teacher Education programs is organized around five areas in which students are expected to be competent. The competencies are:

- Understanding of developmental theories.
- Understanding and valuing diversity, including an anti-bias approach.
- Ability to implement theories and empower others.
- Ability to communicate with others in a connective way.
- Ability to collect, process, and evaluate data through research.

Each of these competencies, except research, has a required approach class. These classes introduce active learning, as well as subject areas. Since the approach classes will also help students define their own areas of interest and learning needs, these classes should be taken early in a student's program at Pacific Oaks.

One level of approach classes is offered for B.A., M.A., and post-baccalaureate students who enter Pacific Oaks with beginning knowledge in a competence area. A second level of approach classes is offered for M.A. and post-baccalaureate students who enter Pacific Oaks with advanced knowledge in a competence area. The second level of approach classes may also be used as electives for M.A. and post-baccalaureate students in most programs.

All students must consult with their advisor regarding choice of classes when enrolling. The criteria to consider are listed on page 11 for B.A. students and page 14 for M.A. students.

Martha Clark, Human Development faculty.

ADMISSION FOR DEGREE, CERTIFICATE AND TEACHER EDUCATION PROGRAMS

UNDERGRADUATE ADMISSION

■ TRADITIONAL ADMISSION

Pacific Oaks offers only upper division courses at the undergraduate level. Applicants for the B.A. degree in Human Development must have a minimum of 70 semester units of transferrable courses from accredited two- or four-year institutions. In addition, applicants must be able to critically analyze literature and situations, and possess strong oral and written expression skills. Consideration will be given to the potential to succeed in an experiential academic program.

■ ADMISSION BY LIFE/WORK EXPERIENCE (ABLE)

To be considered for admission to the B.A. through the ABLE option, a student must:

1. Have completed 60 semester units of college credit, including general education requirements, and completion of high school or GED,
2. be 30 years of age or older,
3. have 3–5 years of professional-level work in a human service position, and
4. have the ability to conceptualize about their experience and communicate this conceptualization.

Students are admitted provisionally by interview and will be considered for full admission upon successful completion of the one-unit Assessment of Experience class and all general education requirements.

Assessment of Experience must be taken in the first semester in which it is offered following provisional admission. Students not completing the Assessment class may not enroll in further Pacific Oaks course work until the class is completed unless they change to traditional admission. (This requires consent of the ABLE Coordinator and a Change of Program filed with the Admissions Office.)

Students admitted to the B.A. degree program through the ABLE option may demonstrate competency (DC) equivalent to a maximum of 30 DC units through the assessment process. Documentation requires written and oral analysis of one's work or other life experience.

The documented units are recorded on the transcript with appropriate titles and are paid for at the current assessment fee rate. Units must be paid for by the completion of the Assessment of Experience class or according to a prearranged payment plan

in order to enroll for the following term.

B.A. students admitted through the ABLE option may accumulate a maximum of 90 transfer and documented competency units. The student is required to complete 34 units of regular Pacific Oaks course work, including all B.A. degree requirements listed on page 11. HD 298 Assessment of Experience counts as 1 unit towards the B.A.

It is recommended that students take only HD 298 Assessment of Experience in their first semester whenever possible. Since Assessment of Experience counts as 1 unit toward the B.A., students applying for financial aid may not be eligible for aid during their first semester. Financial aid will be granted for regular classes, including the Assessment class, but not for payment of the documented units in the Assessment class. Please consult your advisor and financial aid counselor if you are applying for financial aid.

■ GENERAL EDUCATION TRANSFER REQUIREMENTS

Transfer requirements for traditional admission to the B.A. degree program include completion of a minimum of 70 semester units with a grade of "C" or higher (a minimum of 60 units through the ABLE option). Only courses taken at colleges and universities accredited by regional commissions will be accepted. Please check with your transfer center to see if an articulation agreement is in place to assist you in selecting acceptable courses for transfer. The Pacific Oaks Director of Registration and Records determines whether or not a course is acceptable.

Applicants short of general education requirements may take CLEP (College Level Exam Program) tests to acquire units. A maximum of 30 units may transfer.

In addition to external transfer opportunities outlined above, applicants may transfer Pacific Oaks Community and Continuing Education courses to earn a maximum of 30 upper division transfer units. This would include Pacific Oaks Drug and Alcohol Studies courses and course credit awarded by portfolio assessment through the national CDA certification program (see page 27).

Contact the Admissions Office at (626) 397-1349 or (800) 684-0900 for more information on the above.

Transfer credits need to be in four basic content areas as follows:

1. **Oral and Written Expression** A minimum of nine semester units including English Composi-

tion*: Additional courses may include: Creative Writing, English or American Literature, Journalism, Early Childhood Language Arts, Logic, Speech/Communication, Foreign Language (introductory level—1st–2nd semester or 1st–3rd quarter), and American Sign Language.

2. **Science and Math** A minimum of nine semester units to include at least one course* from Astronomy, Biology, Chemistry, Physics, Ecology, Geology, Math (College Algebra or higher), Physical Anthropology, Physical Geography, Physiological Psychology, Nutrition, Statistics and Zoology. Additional courses may include Accounting, Business Math, Computer Science, First Aid, Math/Science for Children, and Health Education.
3. **Social Sciences** A minimum of nine semester units including required courses in Introductory Psychology* and either Introductory Sociology or Cultural Anthropology*. Additional courses may include: theoretical Early Childhood Education/Child Development courses, Ethnic Studies, Political History, Political Science, Linguistics, Psychology, Social Geography, Sociology, U.S. History, and Women's Studies.
4. **Humanities and the Arts** A minimum of nine semester units to include at least one course* from Art History, Foreign Language (Advanced: 4th semester or 5th quarter and beyond), Literature, Music Theory or History, Philosophy, Religion and Theater History. Additional courses may include: Drama, Children's Literature, Foreign Language (Intermediate: 3rd semester or 4th quarter), Music or Art for Children, Performance, and Studio Art courses.
5. **Electives** Additional units may be transferred from Early Childhood Education/Child Development, Physical Education Activity (4 units maximum) or other transferable courses not listed in areas 1–4 above.

*A minimum of 3 semester or 4 quarter units will meet a specific course requirement.

Note: A maximum of 3 units of early childhood education/child development courses will be credited toward the 9-unit requirement in content areas 1, 2 and 4 above.

Courses not accepted for transfer include the following courses:

- remedial courses
- applied business courses
- orientation courses

- sectarian religious courses
- vocational courses
- library courses
- secretarial courses
- word/data processing courses

If a student has 15 units or more in any one general education area, and less than nine in another, three units will be waived in the deficit area. This may be done on a one-time basis only. The Director of Registration and Records is the one who officially makes this transfer.

Applicants may earn up to 76 lower division semester units of classes listed under the four basic areas and acceptable electives.

Proof of high school graduation, GED certification, B.A. degree or completion of 60 transferable semester units is required for all admissions.

Options for Earning Additional Transferable Units

Applicants who meet all admission transfer requirements and have more than 76 lower division units will be awarded up to 18 additional transferable units if any of the following criteria are met:

1. Completed 24 or more units at a four-year college(s), with no distinction made as to upper or lower division status;
2. Completed at least 18 units (beyond the basic general education requirements) in child development or early childhood education;
3. Completed at least 18 units (beyond the basic general education requirements) in Social Sciences, specifically, Psychology, Sociology or Anthropology;
4. Completed at least 15 units in each of three of the four general education content areas: Oral/Written Expression, Science/Math, Social Science or Humanities/Arts.

Units in items #2–4 above may be taken at either a community college or a four-year institution.

A maximum of 94 units may be transferred into the traditional B.A. degree program. M.A. applicants using the ABLE option may transfer only upper division units beyond 94.

Transcript Evaluations

Transcript evaluations are available for a fee of \$25 (which is applicable toward the \$55 admission application fee.) Official transcripts should be sent directly from all colleges attended to the Admissions Office, or submitted by the individual in a sealed envelope from the college of origin.

Najah S. Shabazz poses with grandson at graduation.

Prospective students may request a transfer credit estimate based on unofficial transcripts by appointment with an admissions counselor. Please call (626) 397-1349 or (800) 684-0900 outside the Los Angeles area.

GRADUATE ADMISSION

■ TRADITIONAL ADMISSION

Applicants for Pacific Oaks graduate degrees, the M.A. in Human Development and the M.A. in Marriage, Family, Child Counseling, must have an earned B.A. degree from a regionally accredited college or university. In addition, applicants must be able to critically analyze literature and situations at a graduate level, and possess strong oral and written expression skills. Consideration will be given to the potential to succeed in an experiential academic program.

■ ADMISSION BY LIFE/WORK EXPERIENCE (ABLE)

To be considered for admission to either M.A. degree through the ABLE option, students must:

1. have completed at least two full years (60 semester units) of college credit, including the required general education transfer requirements (see page 6), and completion of high school or GED,
2. not have a Bachelor's degree,
3. be 35 years of age or older,
4. have five to seven years of leadership/professional-level work experience in a human services position, assuming increased responsibilities during this time and demonstrating the ability to function effectively in a complex setting,
5. demonstrate clear-cut ability to provide leadership to a professional field, and/or peers, and/or community,
6. have the ability to conceptualize and theorize about their work and their understanding of human development and to communicate this conceptualization.

Students are admitted provisionally by interview. They will be considered for full admission upon successful completion of the one-unit Assessment of Experience class and all general education requirements. Assessment of Experience must be taken during the first semester in which it is offered following provisional admission. Students not completing the Assessment class may not enroll in further Pacific Oaks course work until the class is completed unless they change to B.A. traditional admission. This requires consent of the ABLE Coordinator and a Change of Program filed with the Admissions Office.

Students admitted via the ABLE option must petition the Admissions Committee to change programs. Students who are receiving financial aid may face

major changes in their financial aid award should the petition be approved. Any student considering such a switch must talk with a Financial Aid counselor before initiating any change.

Students admitted to the M.A. program through the ABLE option document 30 upper division undergraduate units through the assessment process.

In HD 298, the Assessment of Experience course, students document that their life/work experience has given them knowledge and skills equivalent to a B.A. in Human Development from Pacific Oaks.

Competencies to be demonstrated in the Assessment of Experience class are:

1. DC 401 Early Years Theory
2. DC 402 Later Years Theory
3. DC 403 Constraints on Human Development
4. DC 404 Work with Behavioral Data
5. DC 405 Sensory Experiences
6. DC 406 Working with Adults

Documented Competency units must be paid for by the completion of the Assessment of Experience class or according to a prearranged payment plan in order to enroll for the following term.

Documented Competencies will appear as units on the student's transcript. Students do not earn a B.A. degree. The degree requirement is waived on the basis of documented experience, and the student is admitted directly into graduate standing.

The total number of Pacific Oaks units that a M.A. in Human Development student admitted through ABLE must complete to earn his/her degree is determined by the following formula:

# OF UNITS TRANSFERRED TO PACIFIC OAKS	MINIMUM # OF UNITS TO COMPLETE AT PACIFIC OAKS*
60	42
80	39
100	36
120 or more	33

*Completion of some specializations within the degree program may require additional units. Completion of the M.A. in Marriage, Family and Child Counseling degree program will require a minimum of 49 units of course work. (Units are in addition to the 30 units documented through the Assessment of Experience class.)

Required graduate units include one unit for the Assessment of Experience class.

Students follow curriculum requirements for the M.A. degrees and specializations in which they are enrolled.

ADMISSION TO TEACHER EDUCATION PROGRAMS

California

Beginning in the Spring 2001 term, admitted students or applicants may apply to California Teacher Education programs only after they have passed the California Basic Educational Skills Test (CBEST). A student may be admitted to the Preliminary Credential program as a fully admitted B.A. or M.A. degree student, as a B.A. student fully admitted through the ABLE option, or as a post-B.A. student enrolled only in the Credential Program. Post B.A. students are also admitted to the Professional Clear Credential Program. Internship applicants must also have passed the Multiple Subjects Assessment Test (MSAT).

Admission to the Education Specialist Credential in Early Childhood Education may occur concurrently with either the B.A. or M.A. degree program. To be eligible, applicants must have passed CBEST.

In Fall 2001, we shall begin admitting to the stand-alone Education Specialist Credentials: Mild/Moderate and Moderate/Severe.

Washington

Applicants to the Washington Teacher Certification Program must also concurrently apply to the M.A. degree in Human Development. A B.A. degree is required for admission. A small number of Pacific Oaks B.A. students will be permitted to apply for the M.A./Teacher Certification program toward the end of their B.A. degree program. Contact the Pacific Oaks Northwest Teacher Education Department at (206) 325-7669, ext. 13 for more information on those programs.

ADMISSION TO THE POST GRADUATE CERTIFICATE PROGRAM

To apply for admission to the Post Graduate Certificate Program, applicants must hold a Master's degree from a regionally accredited institution and work in the area of human services. Admission is granted based upon the applicant's development of an individual plan to meet the areas of competency and to meet her/his own individual interests.

MATRICULATION POLICY

Students admitted/readmitted for Summer 2000, Fall 2000 and Spring 2001 will be governed by this catalog.

APPLICATION DEADLINES

Meeting the following application and financial aid deadlines will ensure admissions review for the desired semester. Application deadlines are more flexible for the Northern California and Northwest campuses. Applications not reviewed for the desired term will be reviewed for the following term.

Washington Teacher Certification program:	February 15
Institutional Grants and Scholarship Eligibility (Summer/Fall/Spring) and Fall priority admission review	April 15
Summer Semester:	April 15
Fall Semester:	June 1
Spring Semester:	October 1

All application materials and the fee must be submitted by the above dates. When possible, the College will continue to accept and review applications after these dates. Applicants may expect to be notified of a decision approximately six weeks after the file is complete. Admissions decisions cannot be appealed.

For an application and/or further information, contact the Admissions Office at (626) 397-1349 or (800) 684-0900 outside the Los Angeles Area.

READMISSION

Students applying for readmission (those not enrolled for five or more years) must complete all current program requirements and register for a minimum of 6 units.

FINANCIAL AID

Pacific Oaks awards financial aid to admitted degree or credential students in accordance with a nationally established policy based upon the belief that the student and her/his family are the primary and responsible source for funds to meet educational costs. Financial aid is available to fill the gap between potential resources (parents' contribution, student's and spouse's income, savings, etc.) and expenses. The amount of financial aid is determined by careful evaluation of a student's total financial strength, including income, size of family, allowable expenses and assets.

Pacific Oaks participates in all applicable Federal and State Financial Aid programs, as well as awarding limited amounts of privately donated funds. Students are eligible for Federal funds at Pacific Oaks

College if they: 1) are citizens or permanent residents of the United States; 2) are accepted to or in good academic standing in a degree program. Students must be enrolled at least half-time (defined as 6 units per semester for undergraduate students and 4 units per semester for graduate students) in order to be eligible for aid. There may be additional requirements depending upon the specific program.

Note: Aid covers regular college classes only. It is not available for Continuing Education classes or for units documented through the ABLE Assessment Process.

Application Deadlines All financial aid forms must have been received by the Financial Aid Office by the following priority deadline dates in order to ensure timely processing of financial aid requests.

April 15	Priority Deadline for Institutional Grants and Scholarships
April 15	Summer Session
June 1	Fall and Spring Semester
October 1	Spring Semester only

(These are also the admission deadlines for Financial Aid Applicants)

APPLICATIONS WILL BE ACCEPTED AFTER THE DEADLINE DATE BUT AID CANNOT BE GUARANTEED. If you miss a deadline, please contact the Business Office at (626) 397-1311 or (800) 699-1311, *before* the first day of class to make tuition payment arrangements.

You must re-apply for financial aid *every* year. Financial Aid applications are available every January. Students are strongly encouraged to apply early in order to meet the deadlines noted above.

SOURCES OF FINANCIAL AID

The following is a list of some of the primary sources of financial aid to students. Information regarding eligibility requirements and application procedures are available in the Financial Aid Office.

Federal Aid

Pell Grant Entitlement grant program from the Federal government for students with high financial need. Students must be undergraduates working on their first undergraduate degree. Awards range from \$200 to \$3,000 per academic year.

Supplemental Education Grant Program (SEOG) Grant program for undergraduate students with exceptionally high financial need. (Priority given to Pell Grant recipients.)

Perkins Student Loans 5% long-term repayment program available to students with exceptional need with maximum of \$3,000/undergraduates and \$5,000/graduates. Repayment begins 9 months after graduating or termination of at least half-time status, with minimum repayment of \$30 per month.

Stafford Student Loan Variable rate long-term repayment loan program with 9% interest cap, provided through pri-

vate lenders such as banks and savings and loan associations. Loan amount is based on student need with a maximum of \$5,500 (undergraduate) or \$8,500 (graduate). Note: Repayment of Stafford Loans does not begin until 6 months after a student graduates, drops below 1/2-time status, or leaves school.

Unsubsidized Stafford Loans Variable rate loan with cap of 9% interest, provided by private lender. Interest accrues immediately and is payable 60 days after receipt of funds. Loan amount is a maximum of \$5,000/undergraduates and \$10,000/graduates. Note: Repayment of Stafford Loans does not begin until 6 months after a student graduates, drops below 1/2-time, or leaves school.

PLUS Loan Variable rate loans with a cap of 10% for the PLUS (Parent Loans for Undergraduate Students) Loan, available through private lending institutions. Note: Interest accrues immediately and repayment begins 60 days after receipt of funds.

Federal Work Study Provides opportunities for part-time employment and is awarded on the basis of need and availability of employment opportunities. Students can earn up to \$12/hour. These jobs assist in reducing the amount a student may need to borrow, as well as defray living expenses. Awards range from \$500 to \$4,000 per academic year.

State Aid

Cal Grants Established to assist able and financially needy undergraduate students who are residents of California. Cal Grants range from \$500 to \$8,000 and are awarded on the basis of academic achievement and need.

Pacific Oaks Scholarships Based on a combination of need and meeting the priority deadline, awards range from \$250 to \$2,000 per academic year. Students are encouraged to complete the application process by the priority deadline of April 15. Award recipients must maintain a minimum of 6 units per semester.

Endowed Scholarships

Eaton and Beverly Ballard Scholarship

Driscoll Clevenger CSF Scholarship*

Rose Engle Scholarship*

James and Elizabeth Greene Scholarship

William Randolph Hearst Scholarship

Keck College Scholarship

Pilario/Brown Scholarship*

Sidney Stern Scholarship*

Stauffer College Scholarship

Wolman Scholarship*

Scholarships (Unendowed)

George Mayr Foundation Scholarship*

Pacific Oaks Endowment Scholarship

Pacific Oaks Career Incentive Grant

Jane G. Treister Scholarship*

**Available for Pasadena students only.*

Other Outside Sources Students are encouraged to investigate outside sources of scholarship assistance in their community. Many civic, fraternal and service organizations such as Elks, Soroptimists, Kiwanis and Rotary clubs provide scholarships, as do churches and private corporations. The Financial Aid Office maintains information about some community resources available to Pacific Oaks students.

Additional scholarship information can be found on the Internet or at local public libraries.

Application Process

The following forms are required:

1. Pacific Oaks Application for Financial Aid;
2. Financial Aid Transcripts from each school attended;
3. Complete, accurate and signed Student Aid Report (SAR)

All applicable forms must be received and admission to degree program confirmed before a determination of financial aid awards may be made. Students should allow 6–8 weeks for processing of the FASFA, and an additional 6 weeks before notification of award by Pacific Oaks.

Financial Aid Satisfactory Progress Policy

Renewal applicants for financial aid may not have more than six units of May Complete or Incomplete work and should be making adequate progress toward degree completion per the Satisfactory Progress Policy. A copy of the Satisfactory Progress Policy is available in the Financial Aid Office.

It is the student's responsibility to provide the Financial Aid Office with proof of completion of Incompletes. No student receiving Incompletes in more than two classes will be eligible for aid until these classes are cleared by the instructor and the student provides the Financial Aid Department with appropriate documentation.

Please contact the Financial Aid Office regarding information about specific Financial Aid Programs:

5 Westmoreland Place
Pasadena, California 91103
(626) 397-1350 or (800) 353-1350

*Students who do not qualify for Financial Aid may still have access to the **Tuition Payment Contract with Pacific Oaks Business Office**: Payments of tuition monthly during the semester. Payment in full by end of semester.*

Refund Checks

Students who have been awarded financial aid funds in excess of their tuition and fees may request a refund check to be sent to them. The Pacific Oaks College Business Office prepares refund checks twice a month. Students must have attended the first class meeting, paid their entire balance for

the semester and have submitted the Refund Request Form to the Business Office in order to receive a check. Please refer to the schedule printed on the Refund Request Form for specific date information.

■ B.A., HUMAN DEVELOPMENT DEGREE REQUIREMENTS

A minimum of 124 semester units is required to earn the Bachelor's degree in Human Development. A minimum of 30 of those units must be earned in regular Pacific Oaks classes (not CCE course work). These 30 units must include:

Competency – Development Students comprehend and analyze *developmental theories*:

HD 200 Early Childhood Themes and Life Cycle Issues

Competency – Diversity Students value *diversity*, demonstrate commitment to social justice, and analyze the dynamics of institutional and individual biases and use of power:

HD 282 Social and Political Contexts of Human Development

Competency – Communication Students *communicate* clearly and effectively. They implement and analyze individual, dyad and group communications for appropriate audience reception, authenticity, and experience of empowerment for self and others:

ALTERNATE CLASSES:

HD 231 Communication for Empowerment

HD 309 Communication and the Life Cycle

HD 310 Conflict Resolution and Mediation

Competency – Research Students are able to distinguish between observations and theory (reality and fantasy, data and inferences/assumptions). They can collect verifiable and reliable data, present their findings, and link their research with existing literature in the field. A research paper is required of all students in HD 200 which satisfies the research requirement. The research paper requirement for those enrolled in a weeklong section of HD 200 must be met in HD 499 Special Topics: Research Project.

Competency – Implementation Students *implement* a philosophy of education reflecting developmental theories guided by observation, and evaluate these actions according to results and impact on other persons (ethics, values, principles and empowerment).

HD 400 Working with Children in a Diverse World, or

HD 401 Working with Adults

ALTERNATE CLASSES:

HD 410 Developmental Education

"What first attracted me to Pacific Oaks was the non-traditional education, the closeness and the small group settings. I felt like a person and not a number. But, best of all, Pacific Oaks valued my life experiences. They took into account all the knowledge and skills I had developed and acquired in my life, and gave me credits for them through the ABLE Program."

Tonita Fernandez

Graduate

Master's Degree Program in Human Development (ABLE)

HD 415 Emergent Curriculum
HD 340 Leadership in Education

Field Work Component All students should be able to observe and comprehend developmentally appropriate practice with children. Professional work with both children and adults requires understanding of child development, in theory and in action, as the beginning of life-span human development.

1. For students working or planning to work with children, HD 400 and one of the following field work options are required. (Note: Teacher Education students should see advisor for particular program requirements.)
 - a. Two practica in Pacific Oaks Children's programs or in an approved off-site location. Students choosing on- or off-site practica enroll in the appropriate developmental practicum seminar. Students, with the approval of their advisor, may choose two on-site practica, two off-site practica or one of each.

OR

- b. One on- or off-site practicum and a second child-focused class with an observation/field component. (5 hours minimum) Select from these classes or consult with your advisor.

HD 218 Cognitive Development: How Children Learn
HD 246 Play in Childhood
HD 281 Children, Painting, and Clay
HD 396 Contemporary Urban Adolescents
HD 420 Art of Observation
HD 467 Foundations in Art Education
HD 474 Intervention Models in Early Childhood
SPED 239 The Child with Special Needs

OR

- c. For full-time practicing, experienced teachers of young children in lead teacher or master teacher positions:

HD 465 Reflective Teaching
and one of the courses listed in "b"

OR

- d. For highly experienced teachers of young children whose experience includes supervision of the work of other adults in children's programs:

Two classes meeting the criteria in item b.
Consent of advisor is required.

OR

- e. For Distance students, an additional option is available: Completion of full practicum

sequence in a community college associate degree program. See advisor for Practicum Substitution Petition.

2. For students not working or planning to work in programs serving children directly. HD 200 and HD 400 are required plus:

HD 420 Art of Observation (or, with consent of advisor,
HD 246 Play in Childhood)

OR

HD 415 Emergent Curriculum *and*
HD 410 Developmental Education

B.A. CURRICULUM SPECIALIZATIONS

The following optional specializations are offered within the B.A. degree: Art Education, Child Care, Developmental Education, Early Childhood Education, Lactation Consultant, and Work with Infants and Toddlers. Students may specialize in more than one area. Each specialization has its own specific requirements which are outlined below. Other classes may be added with approval of the advisor.

Art Education

This specialization is designed for teachers who wish to concentrate on the language of art. The graduate will be able to teach art to students; design and implement culturally diverse developmental curriculum; and transmit the essential spirit of art as a living form. An arts background is required.

Admission Requirements for Specialization:

- Comprehensive written description of arts background
- Submission of artwork portfolio
- Demonstration of a short art activity with children
- Interview with advisor

Acceptance to the specialization is determined by the faculty advisor.

Class requirements, completion of:

- Practicum at Children's School or equivalent experience with young children, 1 semester
- HD 281 Children, Painting and Clay
- HD 442 Art Studio Practicum (2-8 units, 2 semesters)
- HD 449 Women in Art
- Studio Art Experience

Study in at least two of these four disciplines to be documented by transcript and portfolio:

- | | |
|-------------|----------------|
| 1. Drawing | 3. Sculpture |
| 2. Painting | 4. Printmaking |

A graduate exhibition is required. (Note: Space in this program is extremely limited. This program is available in Pasadena only.)

Specialization Advisor: Dorothy Garcia

Child Care This specialization is designed for those who have a minimum of three years of experience working in full-day child care programs. Areas of further exploration may include: program development and evaluation; parent education and support; and staff development and support.

All students in this specialization are required to complete two field work experiences in a child care setting. Students may choose a practicum in the child care program in the Children's School at Pacific Oaks or an off-site practicum in an approved site.

The following are required for the child care specialization:

1. Two field work experiences in approved child care settings. Documentation of appropriate experience in child care may be accepted for one of the field work experiences with the advisor's approval.
2. At least two of the following classes:
 HD 218 Cognitive Development: How Children Learn
 HD 240 Models and Methods of Parent Involvement
 HD 246 Play in Childhood
 HD 250 Developing Anti-Bias Curriculum: Teaching Our Values to Our Children
 HD 281 Children, Painting, and Clay
 HD 285 Development of Bicultural Children
 HD 427 Working with Bicultural Children
 HD 460 Seminars in Bicultural Development and Education
 HD 464 Community as a Context for Development
 HD 474 Intervention Models in Early Childhood Education

Advisor: Human Development Faculty

Developmental Education This specialization is designed for human services professionals who wish to increase their understanding of education in a developmental framework. Basic requirements are:

1. HD 400 Working with Children in a Diverse World, or
 HD 410 Developmental Education
2. At least two of the following classes:
 HD 218 Cognitive Development: How Children Learn
 HD 246 Play in Childhood
 HD 285 Development of Bicultural Children
 HD 331 Team Building for Early Childhood Educators and Parents
 HD 340 Leadership in Education
 HD 396 Contemporary Urban Adolescents
 HD 420 The Art of Observation
 HD 427 Working with Bicultural Children
 HD 464 Community as a Context for Development
 HD 471 Implementing Anti-Bias Curriculum
 HD 474 Intervention Models in Early Childhood Education

Other classes may be selected with approval of your advisor.

3. Field experience at four developmental levels:
 Infants/Toddlers (0–2 years)
 Preschool (2–4)
 Kindergarten/Primary (4–6)
 Primary (6–9)
 Preadolescent (9–13)
 Adolescent (13–18)
 Young Adult (18–22)
 Adult (over 21)

See advisor for details regarding the options for demonstrating competency at four different levels.

Advisor and Fieldwork Supervisor: Human Development Faculty

Early Childhood Education This specialization is designed for those who have a minimum of three years of experience working with young children in a developmental program. The focus of this specialization is on increasing understanding of education in a developmental framework. Basic requirements are:

1. HD 400 Working with Children in a Diverse World, or
 HD 410 Developmental Education
2. At least two of the following classes:
 HD 218 Cognitive Development: How Children Learn
 HD 240 Models and Methods of Parent Involvement
 HD 246 Play in Childhood
 HD 250 Developing Anti-Bias Curriculum: Teaching Our Values to Our Children
 HD 285 Development of Bicultural Children
 HD 288 Developmental Assessment and Program Planning
 HD 331 Team Building for Early Childhood Educators and Parents
 HD 401 Working with Adults
 HD 420 The Art of Observation
 HD 427 Working with Bicultural Children
 HD 464 Community as a Context for Development
 HD 471 Implementing Anti-Bias Curriculum
 HD 472 Advanced Studies in Implementing Anti-Bias Curriculum
 HD 474 Intervention Models in Early Childhood Education

Other classes may be selected with approval of your advisor.

3. Field experience at four developmental levels:
 Infants/Toddlers
 Two Year Olds
 3 and 4 Year Olds
 4 and 5 Year Olds
 6 to 8 Year Olds
 Working with Parents of Young Children

See advisor for details regarding the options for demonstrating competency at four different levels.

Advisors and Fieldwork Supervisors: Human Development Faculty; John Nimmo (Northwest)

Lactation Consultant Pacific Oaks will give 10 units of credit for advanced work completed at the Lactation Institute toward a 34-unit specialization for the B.A. in Human Development.

Degree applicants should indicate their intent to complete this specialization. Classes at Pacific Oaks and Lactation Institute may be taken concurrently, but the degree credit for the Institute program will be recorded by Pacific Oaks only at its completion on the basis of a competency review evaluation sent by the Institute to Pacific Oaks.

For information on the Institute's program, contact:

The Lactation Institute
16430 Ventura Blvd., Suite 303
Encino, CA 91436
(818) 995-1913

Advisors: Ellen Shell, M.A., and Chele Marmet, M.A. (Lactation Institute); Betty Jones, Ph.D. (Pacific Oaks)

Work with Infants and Toddlers There is a growing demand for professionals who are knowledgeable in the developmental needs and issues of young children and their parents. This specialization is designed for those students who have a minimum of three years of experience working with infants and toddlers in a structured group setting. Parent education, child care, early intervention, and programs for the prenatally exposed are examples of the types of settings where students with this specialization might seek employment. Students in this specialization are encouraged to select practicum experiences in both educational and clinical environments.

Basic requirements for the specialization are:

1. Two practica* (6–8 units)
Infant/Toddler/Parent Center
Saturday Infant/Toddler Program
Off-campus practicum in a clinical or residential program
2. Classes:
HD 240 Models and Methods of Parent Involvement
HD 250 Developing Anti-Bias Curriculum: Teaching Our Values to Our Children
HD 254 Authentic Infant—Competent Child, or
HD 203 The Earliest Years
HD 474 Intervention Models in Early Childhood Education

Advisor: Human Development Faculty

■ M.A., HUMAN DEVELOPMENT, DEGREE REQUIREMENTS

Pacific Oaks offers the interdisciplinary M.A. degree in Human Development for the preparation of leadership personnel in professions serving young children and their families. The degree is awarded on the basis of demonstrated competence in human development, communication skills, ability to work on bias issues, skill in implementing theories in work with children and/or adults, and

research. A Master's thesis project, which is an original contribution to knowledge and understanding based on field experience and data analysis, is required for the M.A. degree.

While Pacific Oaks does not encourage students completing a B.A. at the College to move directly into a graduate program, students choosing to do so must officially apply for graduate standing and be admitted to the M.A. degree prior to enrolling in classes.

Thirty units of regular Pacific Oaks class work (not CCE) must be taken to fulfill the requirements for the M.A. in Human Development. Specializations at the Master's level may have additional unit requirements as outlined below.

No units can be transferred into the student's M.A. program from other institutions.

For every Master's program, general or specialized, the following course work must be completed:

Competency — Development Students evaluate *developmental theories*: Students can creatively construct their own theories and compare them to existing work:

- HD 200 Early Childhood Themes and Life Cycle Issues (if not taken at the B.A. level), or
HD 201 Advanced Studies in Human Development

Competency — Diversity Students value *diversity*, demonstrate commitment to social justice and evaluate the dynamics of institutional and individual biases and use of power:

- HD 282 Social and Political Contexts of Human Development (if not taken at the B.A. level), or
HD 360 Advanced Studies in Diversity and Anti-Bias Issues

Competency — Implementation Students *implement* a philosophy of education reflecting developmental theories guided by observation, and evaluate these actions according to results and impact on other persons (ethics, values, principles, and empowerment):

- HD 400 Working with Children in a Diverse World (if not taken at B.A. level), or
HD 401 Working with Adults (if not taken at B.A. level), or
HD 450 Ecology of Working with Children, or
HD 478 Working with Families in a Diverse World

ALTERNATE CLASSES (if not taken at the B.A. level):

- HD 410 Developmental Education
HD 415 Emergent Curriculum
HD 340 Leadership in Education
MFT 326 Therapy with Children

Field Work Component: All Pacific Oaks students should develop competence in observing child behavior and recognizing developmentally appropriate

ate practice. All M.A. specializations and credential programs require field work or field experience appropriate to the program emphasis. Each program defines the age/level with which the student should develop competence in implementing developmentally appropriate practice. M.A. students not specializing may choose one of the field experience options listed under the B.A. program on page 12.

Competency — Communication Students *communicate* clearly and effectively. They implement and evaluate individual, dyad and group communications for appropriate audience reception, authenticity, and experience of empowerment for self and others:

HD 231 Communication for Empowerment, or
HD 232 Communication Skills and Individual Dynamics, or
HD 309 Communication and the Life Cycle, or
HD 310 Conflict Resolution and Mediation, or
MFT 505 Communication and Counseling Skills

Competency — Research Students are able to distinguish between observations and theory (reality and fantasy, data and inferences/assumptions). They can collect verifiable and reliable data, present their findings, and link their *research* with existing literature in the field. M.A. students must be able to: pose a burning, researchable question; justify the desire to investigate by placing the question in professional, social, and personal context; address issues of diversity and anti-bias in the field and in their approach; collect information, analyze, and synthesize the findings; and evaluate the implications of their findings.

A research paper is required of all students in HD 200 or HD 201 when the class is taken during Fall, Spring and Summer sessions. This satisfies the research requirement. (For Distance Learning students only, if HD 200 is taken in the weeklong format, the research competency is met by HD 499 Research Project, a separate 1 unit course.

HD 277 Thesis Development

All M.A. students are required to take HD 277A, B, and C, unless a waiver form is approved by the student's thesis chair. Note: HD 277 sections A, B, and C must be taken in order. The student may petition to waive one, two, or all three sections of HD 277.

HD 299 Thesis/Master's Project

Students can apply for Advancement to Candidacy after completing at least half of the course work toward the degree and by submitting an approved thesis project proposal. The thesis proposal is writ-

ten as part of the HD 277 Thesis Development class.

After the proposal is approved by the thesis committee, the student must complete the Advancement to Candidacy forms and register for three units of HD 299 Thesis/Master's Project. Students must register for 0 units the following semester and 0 units their last semester (3+0+0) to maintain their active status for one year. This provides access to committee members and facilitates library privileges. If a student needs a second year, she or he would register for one more unit per term for that second year (or any portion thereof.)

If a student files a Leave of Absence form any time within the first year, when she or he reregisters it would be for one unit per term (essentially making it a second year). Students on Leave of Absence do not have the opportunity to work with their thesis committee during the leave nor do they have access to library services.

M.A. CURRICULUM SPECIALIZATIONS

The following optional specializations are offered within the M.A. degree. Each specialization has its own specific requirements, which are outlined below. Other classes may be substituted with approval of specialization advisor.

Art Education

Students in this specialization will work to construct a broad base of cultural knowledge, providing possibilities to be involved in an ongoing process of communication and encounters with people from a variety of professional and social backgrounds. The graduate will utilize visual languages as a foundation for the construction of thoughts and feelings, design and implement a culturally diverse, developmental curriculum and transmit the essential spirit of art as a living form.

Admission Requirements:

1. Written application, including a comprehensive description of experiences with the arts.
2. Visual documentation of personal, professional and/or community work (which must include 15–20 slides accompanied by a description of the work or a 15 minute video with a narrative.)
3. An interview with the specialization advisor.

Course requirements for the specialization are:

1. Basic requirements:
HD 467 Foundations of Teaching Art: Releasing the Imagination
HD 601 Arts and Social Change
2. At least one of the following:
HD 466 Women in Art
HD 468 Graduate Seminar in Art Education

From left, Dorothy Garcia, Human Development faculty and Connie Destito, Director, MFCC Program.

HD 602 Community as Classroom: Forging Connections Through the Arts

Additional restricted electives would include:

- HD 499 Special Topics: Anti Bias and the Arts
- HD 499 Introduction to the Reggio Emilia Approach
- HD 499 Enhancing Creativity Through the Arts

3. Fieldwork requirement:

HD 603 Art Education: Fieldwork

4. Exhibit

HD 604 Art Exhibition

Note: Graduate students must complete 30 units to earn the M.A. degree. 18 units meet M.A. program requirements (including thesis development and thesis project) leaving 12 units for electives or specialization requirements. This specialization could be completed in 12 units. The expectation is that most students may wish to take more than one elective and/or enroll in more than one fieldwork experience resulting in a 33–36 unit M.A. similar to a few other specializations.

This program is available in Pasadena only.

Advisor: Dorothy Garcia

Bicultural Development Demographers are predicting that by the year 2000 people of color will be the largest collective segment of this nation's population. This is already the case in Los Angeles and many other urban centers such as San Francisco, Chicago, Miami, New York and Washington D.C. These cities and others have school districts where bicultural children comprise 75% of the students enrolled. Institutions wishing to meet the needs of a bicultural populace must be willing to alter their perceptions and, when necessary, their policies.

The Bicultural Development specialization is designed for those who work with bicultural children and/or adults. The program will build on the skills and experience of the students in the specialization to augment their training to effectively serve bicultural children and their families.

The Pacific Oaks philosophy of bicultural development incorporates a perspective that views children of color in the United States, regardless of the specific racial and ethnic orientation, as sharing a commonality of experience. The commonality of experience focuses on the fact that children of color are: 1) raised simultaneously in two distinct cultural systems which are often in conflict, and 2) subject to a different set of socioeconomic realities than those of mainstream children. As a result, these factors play a major role in the development of bicultural children and therefore must be understood by those who work in bicultural community settings.

Bicultural Development class requirements:

PASADENA:

- HD 220 Sociolinguistics: Issues of Language and Culture, or
- HD 427 Working with Bicultural Children
- HD 285 Development of Bicultural Children
- HD 360 Advanced Studies in Diversity and Anti-Bias Issues
- HD 450 Ecology of Working with Children (optional)

*Students not working with children may design an independent study that will provide a focus on implementation geared toward the population on which they wish to focus.

NORTHWEST:

- HD 220 Sociolinguistics: Issues of Language and Culture
- HD 285 Development of Bicultural Children
- HD 360 Advanced Studies in Diversity and Anti-Bias Issues
- HD 410 Developmental Education, or
- HD 415 Emergent Curriculum, or
- HD 340 Leadership in Education, or
- HD 450 Ecology of Working with Children
- HD 427 Working with Bicultural Children
- HD 471 Implementing Anti-Bias Curriculum
- HD 472 Advanced Studies in Implementing Anti-Bias Curriculum

OPTIONAL:

- HD 460 Seminars in Bicultural Development

Advisors: Human Development Faculty (Pasadena); Sharon Cronin, Ph.D. (Northwest)

Note: This specialization is not available in Northern California.

Child Care This specialization is designed for those who have a minimum of three years of experience working in full-day child care programs. Areas of further exploration may include: program development and evaluation; staff development and support; parent education and support; resource management; and administration of child care programs. This specialization is recommended for students interested in teaching, administration of child care programs, and consulting.

All students in this specialization are required to complete two field work experiences in child care. One of these may be a practicum in the Pacific Oaks child care program. The second may be completed in another appropriate child care setting. Basic requirements are:

1. At least two of the following classes:

- HD 218 Cognitive Development: How Children Learn
- HD 240 Models and Methods of Parent Involvement
- HD 246 Play in Childhood
- HD 250 Developing Anti-Bias Curriculum: Teaching Our Values to Our Children
- HD 285 Development of Bicultural Children
- HD 308 Women in Administration, or
- HD 340 Leadership in Education
- HD 427 Working with Bicultural Children
- HD 440 Administration of Child Care Facilities
- HD 460 Seminars in Bicultural Development and Education
- HD 464 Community as a Context for Development
- HD 471 Implementing Anti-Bias Curriculum

2. Two field work experiences in a child care setting. This may include on- and/or off-site practica. Documentation of experience may be substituted for one of these with advisor's approval.

Advisors: Human Development Faculty

Developmental Education This specialization is designed for human services professionals who wish to increase their understanding of education in a developmental framework. Basic requirements are:

1. HD 400 Working with Children in a Diverse World, or
HD 410 Developmental Education, or
HD 450 Ecology of Working with Children
2. At least two of the following classes:
HD 218 Cognitive Development: How Children Learn
HD 246 Play in Childhood
HD 285 Development of Bicultural Children
HD 331 Team Building for Early Childhood Educators and Parents
HD 340 Leadership in Education
HD 396 Contemporary Urban Adolescents
HD 401 Working with Adults
HD 420 The Art of Observation
HD 427 Working with Bicultural Children
HD 464 Community as a Context for Development
HD 474 Intervention Models in Early Childhood Education

3. Field experience at four developmental levels:

Infants/Toddlers (0-2 years)
Preschool (2-4)
Kindergarten/Primary (4-6)
Primary (6-9)
Preadolescent (9-13)
Adolescent (13-18)
Young Adult (18-22)
Adult (over 21)

Advisors and Fieldwork Supervisors: Human Development Faculty

Early Childhood Education This specialization is designed for those who have a minimum of three years of experience working with young children in a developmental program. The basic requirements are:

1. HD 400 Working with Children in a Diverse World, or
HD 410 Developmental Education, or
HD 450 Ecology of Working with Children
2. At least two of the following classes:
HD 218 Cognitive Development: How Children Learn
HD 240 Models and Methods of Parent Involvement
HD 246 Play in Childhood
HD 250 Developing Anti-Bias Curriculum: Teaching Our Values to Our Children
HD 285 Development of Bicultural Children
HD 288 Developmental Assessment and Program Planning
HD 331 Team Building for Early Childhood Educators and Parents
HD 401 Working with Adults
HD 420 The Art of Observation
HD 427 Working with Bicultural Children

- HD 464 Community as a Context for Development
HD 467 Foundations in Art Education
HD 471 Implementing Anti-Bias Curriculum I
HD 472 Advanced Studies in Implementing Anti-Bias Curriculum
HD 474 Intervention Models in Early Childhood Education

3. Field experience at four developmental levels:

Infants/Toddlers
Two Year Olds
3 and 4 Year Olds
4 and 5 Year Olds
6 to 8 Year Olds
Working with Parents of Young Children

See advisor for details regarding the options for demonstrating competency at four different levels.

Advisors and Fieldwork Supervisors: Human Development Faculty; John Nimmo (Northwest)

Lactation Consultant Pacific Oaks will give 10 units of credit for advanced work completed at the Lactation Institute toward a 34-unit specialization for the M.A. in Human Development. If a student is admitted through the ABLE option, the 10 units of credit will be applied to the minimum number of Pacific Oaks units required (see page 8) dependent on the number of units transferred from other institutions. Degree applicants should indicate their intent to complete this specialization. Classes at Pacific Oaks and Lactation Institute may be taken concurrently, but the degree credit for the Institute program will be recorded by Pacific Oaks only at its completion on the basis of a competency review evaluation sent by the Institute to Pacific Oaks.

For information on the Institute's program, contact:

The Lactation Institute
16430 Ventura Blvd., Suite 303
Encino, CA 91436
(818) 995-1913

Advisors: Ellen Shell, M.A., and Chele Marmet, M.A. (Lactation Institute); Betty Jones, Ph.D. (Pacific Oaks)

Leadership in Education and Human Services

This specialization is designed for students in leadership roles who work with adults involved in the field of early childhood. Students must choose a sub-specialization (see below). Students may choose one or more areas in which to sub-specialize, as long as they have at least three years of experience in that sub-specialization. Basic requirements are:

1. HD 401 Working with Adults, or
HD 340 Leadership in Education
2. For the Administration/Supervision sub-specialization, at least one of the following classes:
HD 308 Women in Administration
HD 360 Advanced Studies in Diversity
HD 474 Intervention Models in Early Childhood Education, AND

HD 453 Administration/Supervision: Observation
(1–2 units)

HD 453 Administration/Supervision: Fieldwork
(2–3 units)

3. For the College Teaching/Teaching Adults sub-specialization, at least one of the following classes:

HD 360 Advanced Studies in Diversity

HD 410 Developmental Education

HD 415 Emergent Curriculum

HD 472 Advanced Studies in Implementing Anti-Bias Curriculum

AND

HD 454 College Teaching/Teaching Adults: Observation
(1–2 units)

HD 454 College Teaching/Teaching Adults: Fieldwork
(2–3 units)

4. For the Parent/Community Work sub-specialization, at least one of the following classes:

HD 240 Models and Methods of Parent Involvement

HD 331 Team Building for Early Childhood Educators and Parents

HD 474 Intervention Models in Early Childhood Education
AND

HD 456 Parent/Community Work: Observation
(1–2 units)

HD 456 Parent/Community Work: Fieldwork (2–3 units)

Note: a student may register for one unit of fieldwork at a time, but a total of three units is required.

Prerequisites: To register for Field Work, the student must have a job or arrange an internship/apprenticeship, which enables her/him to take a responsible role in working with adults. Credit is based upon 45 hours per unit of field work and journal keeping. Credit for observation in each sub-specialization is based upon 45 hours per unit of observation and reading.

Most students will participate in a concurrent seminar offered online or on campus.

Advisors and Fieldwork Supervisors: Human Development Faculty; Betty Jones, Ph.D. (College Teaching/Teaching Adults, Distance Learning); Wei-Li-chen (Northwest).

Social and Human Services

This specialization is designed for professionals working in group homes, adoption agencies, community activism, transitional housing, services for the homeless, child advocacy and in early childhood settings with families who need additional support services who wish to increase their understanding and knowledge of family systems, conflict mediation, community assessment and strategies for working with groups. (This specialization is offered at the graduate level only and is available in Pasadena and Seattle.)

Basic Requirements are:

1. HD 478 Working with Families in a Diverse World

2. At least *one* of the following Social and Human Services electives:

HD 310 Conflict Resolution and Mediation

HD 396 Contemporary Urban Adolescents

HD 420 Art of Observation

HD 450 Ecology of Working with Children

HD 464 Community as a Context for Development

HD 474 Intervention Models in ECE

HD 505 Communication and Counseling Skills

MFT 253 Child Abuse Assessment and Reporting

MFT 374 Alcoholism and Chemical Dependency

MFT 475 Psychopathology of Childhood and Adolescence

3. Clinical Field Experience:

HD 456 Parent/Community: Fieldwork/Observation
(3 units)

4. At least one of the following diversity electives or an additional Social and Human Services elective approved by advisor:

HD 285 Development of Bicultural Children

HD 360 Advanced Studies in Diversity and Anti-Bias Issues

HD 427 Working with Bicultural Children

HD 460 Seminars in Bicultural Development and Education

MFT 235 Cross Cultural Mores and Values:
Socio-Cultural Environments

Advisors: Human Development Faculty (Pasadena); John Nimmo (Northwest).

Work with Infants and Toddlers Programs for infants, toddlers and their parents are proliferating. This is especially true of programs for young children who have been prenatally exposed to drugs and alcohol. There is a growing demand for professionals knowledgeable in normal developmental issues, who are able to work in both clinical and educational environments. This specialization is designed for students who have a minimum of three years of experience working with infants and toddlers in a structured group setting. Students in the specialization are encouraged to select practicum experiences in both types of settings. Basic requirements for specialization are:

1. Two practica* (6–8 units)

Parent/Infant/Toddler Center and/or

Saturday Infant/Toddler Program

Off-Campus Practicum

*Journals for practica must be kept with program advisor.

2. Classes:

HD 240 Models and Methods of Parent Involvement

HD 254 Authentic Infant-Competent Child, or

HD 203 The Earliest Years

HD 472 Advanced Studies in Implementing Anti-Bias Curriculum

HD 474 Intervention Models in Early Childhood Education

Advisor: Human Development Faculty

■ M.A. IN MARRIAGE, FAMILY AND CHILD COUNSELING (MFCC)

The Marriage, Family, Child Counseling program offers a multidisciplinary, inclusive curriculum based on developmental, psychosocial and family systems theories. There is an emphasis on integrating the intrapersonal, interpersonal, family, and institutional issues to provide a holistic approach to understanding the theory and practice of marriage, family and child therapy.

The program at Pacific Oaks is designed to develop counselors with a strong clinical/community framework (focus) to practice therapy using a collaborative model that is respectful of the client's values and life experiences. Students are required to critically examine their own attitudes, beliefs, and values to become clinically skilled, culturally competent therapists.

*Please note that though the M.A. degree is in Marriage, Family and Child Counseling, the clinical training and the professional license is in Marriage and Family Therapy.

Admissions As part of the admissions process, an admissions interview will be scheduled with a MFCC faculty advisor. Students are provisionally admitted to the program with a review for full admission following the completion of 18 units.

Program Requirements Prior to registering for classes each semester, students are required to meet with their advisor to identify the appropriate classes to take, to receive information regarding changes in the California State Board of Behavioral Sciences requirements, and to review their progress. The MFCC program includes the following components:

1. Pacific Oaks core competency requirements. Students must complete competencies in:

- Understanding of *developmental* theories
- Understanding and valuing *diversity*
- Ability to *implement* theories and empower others
- Ability to *communicate* with others in a connective way, and
- Ability to collect, process, and evaluate data through *research*

(See page 14 for expanded definitions of core competencies.)

2. After completing 18 units (selected from the classes in the list below) and the successful completion of MFT 505 Communication and Counseling Skills, each student will obtain recommendations from two core faculty members, one of whom must be an MFCC core faculty. After the recommendations have been submitted, the student will

meet with her/his advisor to review overall performance in the program. After successful completion of this process, the student will be fully admitted. All students must also have completed all college admissions requirements to be fully admitted to the program. Note: Students admitted to the M.A. in Marriage, Family, Child Counseling program through the ABLE option cannot enroll in clinical courses until the successful completion of the Assessment course.

CLASS LIST

- HD 200 Early Childhood Themes and Life Cycle Issues, or
- HD 201 Advanced Studies in Human Development
- HD 282 Social and Political Contexts of Human Development, or
- HD 360 Advanced Studies in Diversity
- MFT 221 Theories of MFCC
- MFT 225 Professional Ethics and the Law
- MFT 267 Psychopathology of Adulthood, or
- MFT 475 Psychopathology of Childhood and Adolescence
- MFT 269 Personality Theories and Clinical Intervention
- MFT 470 Clinical Theories of Child Development

AND THE SUCCESSFUL COMPLETION OF:

- MFT 505 Communication and Counseling Skills

The M.A. in Marriage, Family, Child Counseling is a clinical degree. In addition to academic performance, students are expected to demonstrate competencies in the following areas for consideration for full admission status:

1. Capacity for insight, reflection
 2. Ability to listen effectively and empathically
 3. Openness to feedback, new ideas and situations
 4. Commitment to self-growth
 5. Professional behavior in the classroom
3. If the student does not meet the requirements for full admission after completing a minimum of 18 units, the advisor and Program Director may counsel the student to change to the M.A. in Human Development program.
 4. Completion of the Board of Behavioral Sciences (BBS) requirements (Business & Professions Code Sections 4980.37, 4980.40 (a) through (d), and 4980.41 (a) (d) (e).) These include:
 - A. Pacific Oaks course work totaling 48 semester units, including:
 1. No less than 12 semester units of course work in the areas of marriage, family, and child counseling, and marital and family systems approaches to treatment.
 2. No less than 6 semester units of supervised clinical practicum, including completion of one year of clinical placement in an approved setting, concurrent with the practicum seminar.

Cheryl Greer Jarman, Human Development faculty member.

Why is Pacific Oaks unique?

Because we offer:

- small class sizes
- evening and weekend classes
- life/work experience credits
- learning online
- individualized faculty attention
- a stimulating learning environment
- a chance to earn your degree in a field where you can really make a difference.

- a. Students are eligible for a clinical placement after they have completed 18 units and are fully admitted.
 - b. The clinical placement must be at one of the following sites:
 1. a government entity
 2. a school, college or university
 3. a nonprofit or charitable corporation
 4. a licensed health facility (as defined by Sections 1250, 1250.2, 1250.3 of the Health & Safety Code)
 - c. Students must follow the protocol for clinical training and can only be placed at approved sites.
 - d. It is recommended that students plan on working between 10–20 hours per week for a minimum of nine months to one year.
 - e. Students must collect 150 hours of direct client contact while enrolled in the practicum seminar.
- B. A minimum of seven hours of training or course work in child abuse assessment and reporting.
 - C. A minimum of ten hours of training or course work in human sexuality.
 - D. Students must complete course work in spousal or partner abuse assessment, detection and intervention. This requirement applies to applicants who enter the program on or after January 1, 1996.
 - E. Master's Thesis Project.

Clinical Placement Protocol This protocol has been developed to facilitate the process of selecting a clinical placement that is consistent with the standards of the Pacific Oaks MFCC program. The placement site must meet the BBS regulations and PO criteria for an appropriate training experience in Marriage and Family Therapy. Some agencies who focus on working with children request applicants for training to submit their fingerprints for a background check.

The clinical training experience is a vital part of the student's professional development that requires a firm commitment to the agency site/program. The application and selection process is important and should be approached with a professional attitude in a timely manner.

The protocol has been designed to ensure this process and address the individual needs of each student. Each student will be expected to follow these procedures.

Eligibility Criteria for Clinical Training:

1. Full admission into the MFCC Program
2. Completion of the Clinical Training Orientation course
3. Consent of the Advisor
4. No "May Completes" or "Incompletes" in any course
5. Completion of 20 hours of personal therapy.

Clinical Training Orientation Course:

This course is offered once a year, in the Spring semester. At the end of that course students are ready to start the Practicum experience. The goals of the course are:

1. To acquaint students with the clinical training regulations of the California Board of Behavioral Science and of Pacific Oaks College
2. To acquaint students with the various clinical placements approved by the MFCC Department
3. To support students through the process of interviewing with various agencies
4. To explore issues of professional roles and behaviors regarding the MFT Trainee experience

Clinical Training Requirements: Practicum

In order to receive the MFCC degree at Pacific Oaks College, student must complete a minimum of 450 hours of mandatory clinical training, called Practicum, at one of the community agencies approved by the MFCC Department. The Practicum experience must be taken concurrently with the MFCC Practicum I and II courses, which are offered once a year, in the Fall and Spring semesters, respectively. The Practicum experience can be scheduled either during a nine-month period (September–May) at twelve hours per week, or a twelve-month period at nine hours per week. Students are strongly encouraged to devote more time to their Practicum experience in order to optimize their professional development. During these 450 hours of Practicum, students must complete a minimum of 150 hours of face-to-face clinical contact with clients.

Optional Clinical Training: Post-Practicum

Students can choose, upon successful completion of the mandatory Practicum experience, to continue clinical training on an optional basis at the same or another agency approved by the MFCC Department. The time commitment for Post-Practicum is open to negotiation between the student and the community agency.

Therapy for Students Students are required to be in personal psychotherapy for a total of 20 hours to qualify for clinical training. Thirty-six hours are a requirement for all students to graduate in the MFCC program. To facilitate this process, the MFCC department has a referral list of psychotherapists interested in working with our students at a lower fee. These therapists are from throughout the greater Los Angeles area. MFCC students are advised to contact their advisor or the clinical coordinator for referral.

Intern Registration Upon completion of the M.A. degree in Marriage, Family and Child Counseling, students apply to the BBS for an intern registration number. As part of the application process, all applicants must submit their fingerprints to the BBS for a background check. The intern registration packet can be obtained from the MFCC office or by writing to the BBS at:

Board of Behavioral Sciences
1021 O Street
Sacramento, CA 95814

There are periodic changes in the BBS regulations. Students are required to meet with their faculty advisor each semester to keep informed of these changes.

Latino/a Family Studies Specialization

Currently there is a crisis in the provision of human services in Los Angeles because of the extreme lack of available bicultural/bilingual professionals to serve our diverse Latino/a families. The Latino/a Family Studies Specialization in the MFCC Department focuses on recruiting, educating and developing mental health professionals who will be able to meet the following important objectives:

1. Have a clear, in-depth understanding of the specific mental health needs of children and families in our Chicano/Latina communities.
2. Possess the necessary cultural and cross-cultural sensitivity and clinical competence to effectively serve this varied population.
3. Possess the linguistic ability to serve Spanish-speaking monolingual clients and varying degrees of bilingualism within families.

The Latino/a Family Studies Specialization is a comprehensive M.A. in MFCC degree program with a special emphasis on the diverse mental health needs of Latino/Latina children and families. It is available in a cohort group that meets for class in a monthly, three-day weekend intensive format. It requires the completion of 54 semester units, a clinical training component and a bilingual language component. The project is designed to fully meet the academic requirements of the California Board of Behavioral Sciences for the MFT license. For further information please call Connie Destito, Academic Director of the MFCC Department at (626) 397-1327.

MFCC Continuing Education

The MFCC Department offers Continuing Education short courses and workshops in many areas of clinical theory and practice. Offerings have in-

cluded: Using Art in Therapy; Working with Obsessive Compulsive Disorders; Techniques of Gestalt Therapy; Solution Focused Therapy, as well as the Object Relations Therapy series of various courses and workshops.

These programs are open to the community as well as Pacific Oaks students and alumnae/i. The Program is an approved provider of hours for Marriage and Family Therapists and Licensed Clinical Social Workers for renewal of their professional licenses, (Board of Behavioral Science Provider #PCE 853). Students and clinical interns who have a licensed supervisor may use these hours toward their optional experience hours for their licensing requirements. Contact the MFCC Department for information on current offerings.

Post Master's Training In Clinical Child Development (Community and Continuing Education)

Students who have completed their Master's in Marriage, Family and Child Counseling at Pacific Oaks and want to develop clinical skills in work with young children and their families will be interested in the Clinical Child Development training program.

The CCD program addresses the need for well-trained, culturally sensitive therapists to work with the complexity of problems presented by the diverse population of today's children and families. The program will focus on developing competencies in diagnosis, developmental assessment, and appropriate interventions in working with children who have special needs. There will be an emphasis on understanding the familial and social contexts in which psychological problems can develop.

The training program is open to Pacific Oaks' alumnae/i, mental health professionals and teachers who have a Master's degree or teaching credential. It is an 18-21 unit program and is offered as continuing education through Community and Continuing Education. Students will be able to complete the program in one year. A certificate of completion will be presented at the end of the training. The classes are as follows:

HDX 254	Authentic Infant—Competent Child	3 units
HDX 285	Development of Bicultural Children	3 units
HDX 288	Developmental Assessment and Program Planning	3 units
MFTX 239	Clinical Practicum Seminar	3 units
SPEDX 239	The Child with Special Needs	3 units

If a student is not a Pacific Oaks graduate, she/he will be expected to take two additional classes:

HD 282	Social and Political Contexts of Human Development	3 units
--------	--	---------

Betty Jones, Distance Learning Coordinator.

MFT 326 Therapy with Children

3 units

Students may take the CCD classes in conjunction with the MFCC program and upon completion will receive a certificate indicating a Specialization in Clinical Child Development.

Selection for the program is based on completion of an application, a personal interview, review of past experience and references. If interested contact the coordinator of the MFCC Program.

TEACHER EDUCATION/CREDENTIAL PROGRAMS

Pacific Oaks Northwest offers a full-time, ten-month program approved by the Washington State Board of Education which leads to teacher certification in Elementary (K-8) Education. Students may enter the program at either the undergraduate or graduate level. In addition to the initial certification, students can earn supporting endorsements in ESL, Bilingual, World Language and Early Childhood Education at PONW. After finishing the certification program, graduate students need to complete only three additional classes and a thesis to earn their M.A. in Human Development; undergraduate students need to complete four additional classes and a thesis.

Pacific Oaks Pasadena offers the California Multiple Subject Teaching Credential (MSTC) with Crosscultural Language and Academic Development (CLAD) or Bilingual Crosscultural Language and Academic Development (BCLAD) emphases which authorizes the holder to teach in a self-contained classroom, kindergarten through twelfth grade. It is primarily considered an elementary school teaching credential, kindergarten through sixth grade. Pasadena offers both an Internship program leading to the Professional Clear Credential and a self-paced program leading to the Preliminary and Professional Clear Credentials.

The California Multiple Subject Teaching Credential is structured in two tiers—the Preliminary and the Professional Clear. The Preliminary Credential is effective for a five-year period and is non-renewable. Before expiration, you must complete additional coursework to obtain the Professional Clear. (The Internship program leads to this credential.)

A student may enroll in the Preliminary Credential program as a B.A. or M.A. degree student, as a B.A. student completing the ABLE option, or a post-B.A. student enrolled only in the Preliminary Credential program. Holders of this credential teach most frequently at the elementary and early childhood level.

CREDENTIAL REQUIREMENTS—PASADENA

Multiple Subject Teaching Credential with Crosscultural Language and Academic Development (CLAD) Emphasis: Preliminary Credential

A. Human Development Core classes:

- HD 200 Early Childhood Themes and Life Cycle Issues
- HD 231 Communication for Empowerment
- HD 282 Social and Political Contexts of Human Development
- HD 400 Working with Children in a Diverse World

B. Preliminary Credential course requirements (must be completed before the next sequence)

1. Teacher Education Classes:

Prerequisite

- ED 520 Cognitive Theory into Practice: How Children Learn and Its Application to Mathematics Instruction
- HD 220 Sociolinguistics: Issues of Language and Culture

Methods

- ED 220 Elementary Curriculum Workshop: Introduction to Developmental Curriculum and Science
- ED 222 Curriculum Development: Reading/Language Arts
- ED 223 Curriculum Workshop: Social Studies and Integrated Arts
- ED 435 Technology in the Classroom

2. Field Experiences

Practicum and field work experience in a multilingual setting is a requirement of this emphasis.

- HD 465 Reflective Teaching (4 units), or
- HD 481 Developmental Practicum Seminar: 3–5 Years (4 units)
- HD 482 Developmental Practicum Seminar: 5–8 Years (4 units)

Directed Teaching—Public School

- ED 252 Directed Teaching: Kindergarten, or
- ED 253 Directed Teaching: Primary, and
- ED 254 Directed Teaching: Upper Elementary

Note: Applicants must be fully admitted and have passed CBEST.

Other requirements for application for credential:

1. Passage of California Basic Education Skills Test (CBEST)—prerequisite for methods classes.
2. Passage of Multiple Subject Matter Test (MSAT) or B.A. with a waiver letter from a state-approved Liberal Studies major—prerequisite for Directed Teaching.
3. Passage of Reading Instruction Competence Assessment (RICA)
4. Class or exam in U.S. Constitution.
5. Class or exam in Audio-Visual competency.
6. Foreign Language Requirement for the CLAD only.

CBEST, MSAT and Certificate of Clearance (fingerprints) results must be submitted to the Field Placement Coordinator before application to

"Pacific Oaks prepared me very well for my career in early childhood education.

The best part was getting to work with children at the Children's School while taking classes. Putting together theory and practice made a huge difference in my being able to walk into my new job with confidence."

Rick Dolsey, B.A. ABLE '95

Currently employed by the Board of Education, Fulton County, GA, as a Pre-K teacher at Seaborn Lee Elementary School.

Directed Teaching in public schools may be processed.

Multiple Subject Teaching Credential with Bilingual Crosscultural Language and Academic Development (BCLAD) Emphasis: Preliminary Credential

This emphasis requires all of the MSTC CLAD coursework and prerequisites, plus:

ED 228 Curriculum Development: Bilingual Instructional Methods

Foreign Language competency for the BCLAD by passing CLAD Test 6.

Practicum and fieldwork experience in a bilingual setting.

PROFESSIONAL CLEAR CREDENTIAL

If you completed your Preliminary Credential and B.A. concurrently at Pacific Oaks, you must complete 24 post-B.A. semester units of study to earn the Professional Clear Credential. You may meet this requirement by starting concurrent work toward a Master's degree. (Formal application and admission to the Master's degree program is required.)

If you completed your Preliminary Credential at another institution, you must complete additional coursework, which must include a total of 24 post-B.A. units, of which six semester or nine quarter units may be applied from another institution.

Professional Clear Credential course requirements:

HD 200 Early Childhood Themes and Life Cycle Issues, or
 HD 231 Communication for Empowerment
 HD 282 Social and Political Contexts of Human Development
 HD 400 Working with Children in a Diverse World
 Practicum in Pacific Oaks Children's School, or equivalent
 HD 288 Developmental Assessment and Program Planning
 ED 435 Technology in the Classroom
 SPED 239 The Child with Special Needs

Additional requirements:

1. Health Education/Nutrition course or exam
2. Alcohol/ Substance Abuse course or exam
3. CPR Training

It is highly recommended that the credential program be completed in five years as the California Commission on Teaching Credentials changes requirements as the needs of the student population shifts.

Denise Fogelman, alumna, PONW Director of Seattle's Village Project.

INTERNSHIP PROGRAM

This intensive program offers students the opportunity to receive a Professional Clear Credential in 14 months (June through August of the following year). To be considered, the student must have a B.A. from an accredited college, and have passed the CBEST and MSAT exams.

Other requirements:

1. Passage of Reading Instruction Competence Assessment (RICA).
2. Class or exam in U.S. Constitution.
3. Foreign Language requirement for the CLAD emphasis.

Additional requirements (BCLAD only):

ED 228 Curriculum Development: Bilingual Instructional Methods

Foreign language competency for the BCLAD by passing CLAD Test 6.

Practicum and fieldwork experience in a bilingual setting.

This program is designed for students who intend to teach in their own classrooms while concurrently earning their teaching credential. Unfortunately, students with an earned B.A. from Pacific Oaks are not eligible for admission to the Intern program.

**EDUCATION SPECIALIST CREDENTIAL PROGRAM
Early Childhood Special Education**

This program offers students the opportunity to complete the requirements for the Education Specialist Credential in Early Childhood Education. This credential does not require the Multiple Subject Teaching Credential (MSTC). Pacific Oaks does not offer the Education Specialist Credential in Mild/Moderate Disabilities or Moderate/Severe Disabilities at the present time. (We shall begin admitting to the Education Specialist Credentials: Mild/Moderate and Moderate/Severe beginning in Fall 2001.) This credential may be earned concurrently with the B.A. degree or post B.A. Students must have passed the CBEST prior to registering for any education courses. The program requires the Human Development core courses (page 11) in addition to those requirements listed below.

Teacher Education Classes

Prerequisite

U.S. Constitution course or exam

Special Education Classes

HD 203 The Earliest Years, or

HD 420 The Art of Observation

HD 240 Models and Methods of Parent Involvement

HD 288 Development Assessment and Program Planning

HD 337 Play, Language and Literacy Development, or

HD 480 Developmental Practicum Seminar: 0-3 Years, or

HD 481 Developmental Practicum Seminar: 3-5 Years, or

HD 465 Reflective Teaching Seminar

SPED 245 Early Childhood Special Education Curricula and Methods

SPED 259 Directed Teaching: Early Childhood Special Education

SPED 474 The Young Child with Special Needs

POST GRADUATE CERTIFICATE

Pacific Oaks offers a Post Graduate Certificate for Advanced Study in Human Development or Advanced Study in Early Childhood Education.

This program is open to human services professionals who already hold a Master's degree from an accredited institution and wish to participate in the Pacific Oaks learning process. Admission is granted based upon the student's development of an individual plan to meet the areas of competency and to meet the student's own individual interests. The certificate will be awarded after an assessment of the candidate's competence in the five areas required by Pacific Oaks (Development, Social and Political Contexts of Human Development, Communication, Research, and Implementation). The certificate is awarded based upon the assessment and completion of 15 units of course work. Assessment of competence and program planning will be conducted by the program advisor. These units may be taken in Pasadena or Seattle or through any Pacific Oaks Distance Learning option.

Program Advisor: Betty Jones, Ph.D.

LOCATIONS AND TIMEFRAMES

Pacific Oaks College offers classes at three campuses: Pasadena and Oakland, California, and Seattle, Washington. For students who live at a distance from a campus, Pacific Oaks offers several "distance learning" options.

PACIFIC OAKS PASADENA

All degree, program and specialization requirements are offered on the Pasadena campus during fall and spring semesters. Some degree and program requirements are available during summer session. Check with your advisor.

The fall semester begins in early September and ends mid-December (15 weeks). The spring semester begins in January and ends near the end of May (16 weeks including one week Spring break). Each class is offered in three hour blocks once a week with a few exceptions. Most classes are scheduled from 4:00 to 6:45 p.m. or 7:00 to 9:45 p.m. Some one-unit classes are offered as weekend workshops. Field experience and student teaching are typically scheduled mornings and afternoons.

"Teaching as Performing Art" students participate in exercises designed to help children imagine, enact and reflect upon human experiences.

Some classes will be offered on three full weekends (Saturday/Sunday) and some will be offered six full Saturdays or Sundays. All degrees, programs, and specializations are available through the weekend format.

The B.A. and M.A. courses of study, generally, may be completed by attending weekends only, except for field experience and student teaching.

Specializations, which may be completed by attending mostly weekend courses, are:

- Child Care
- Developmental Education
- Early Childhood Education
- Work with Infants and Toddlers
- Leadership in Education and Human Services:
Administration/Supervision
College Teaching/Teaching Adults
Parent/Community Work
- Bicultural Development

Programs where less than 50% of the classes may be taken in weekend courses are:

- Art Education
- Lactation Consultant
- Marriage, Family and Child Counseling (MFCC)
- Teacher Education/Credential Programs

Pasadena Summer Session begins in June and ends in July or early August. The eight week session includes weeklong and evening classes Monday–Friday and weekend classes. The B.A., Credentials, M.A. in Human Development, and some M.A. specializations may be completed by primarily attending summers. Depending upon the number of units required, it may take from two to four summers to complete a degree.

Three unit classes are offered twice a week on two alternate days for two hours and 45 minutes per day. Most classes are offered from 5:00–7:45 p.m.

Weekend classes are also offered during Summer Session.

Weeklong classes are offered each term, typically early in the semester. Weeklong classes are usually scheduled from 8:30 a.m. – 4:30 p.m., and run from Monday through Friday. Reading and writing assignments are required prior to the first day of class. Early registration is required.

PACIFIC OAKS NORTHWEST

Debra Sullivan, Ed.D., Dean

Pacific Oaks' branch campus in the Seattle area offers classes toward the M.A. and B.A. in Human Development and a teacher certification program.

Human Development For the B.A. and M.A. in Human Development, all required classes and a selection of elective classes are available in the Seattle area.

Seven or more classes are offered on weekends fall, spring, and summer. Additional classes, including Assessment of Experience (for ABLE students) and practicum options for B.A. students are offered as needed. Two or three Friday classes are offered each year. Weeklong classes are offered in January, July and August. (For course offerings for credential students, see Teacher Education below).

Most students are enrolled part-time and extend their program over 2–3 years. However, it is possible to accelerate the program by combining Northwest classes with Pasadena classes, independent study or online classes.

Northwest Human Development Program:

Wei Li-Chen, Ph.D., Academic Director
Pacific Oaks Northwest
1403 34th Avenue
Seattle, WA 98122
(206) 325-7669

As a service to Oregon and southern Washington students, outreach classes are offered in the Vancouver/Portland area on weekends during the academic year. One class each semester, including electives and some requirements, will be offered for as long as enrollment justifies.

Teacher Education Pacific Oaks Northwest offers a full-time, ten-month graduate program approved by the Washington State Board of Education which leads to teacher certification with endorsements in Elementary Education and Early Childhood Education. Upon completion of the certification program, graduate students need only three additional classes and a thesis to complete their M.A. in Human Development; undergraduate students need four additional courses and a thesis. A B.A. is prerequisite for admission. This program has a separate application process and admissions are limited. The additional units required for the M.A. in Human Development may be completed at the Northwest branch campus, in Pasadena, or in other distance learning locations.

Leticia Nieto, Ph.D.
John Nimmo, Ed.D.
Zakiya Stewart, Ed.D.

PACIFIC OAKS NORTHERN CALIFORNIA

Pacific Oaks Northern California offers classes leading to the B.A. and M.A. in Human Development. Weekend classes are offered in Oakland during the Fall and Spring semesters and weeklong classes are held in June. Twelve or more classes are offered each year, including all approach classes and a variety of electives. All Northern California students also take one or more classes in Pasadena, with the number dependent on the student's program.

Two or more classes are also offered each year in the southern San Joaquin Valley, meeting in Visalia in Fall and Spring.

Most students enroll part-time and extend their program over several years. However, it is possible to accelerate the program by combining Northern California classes with classes in Pasadena, Pacific Oaks Northwest, and/or online classes. Some of the optional specializations for the B.A. and M.A. in Human Development are available in Northern California. Please contact the Academic Director for further information.

Northern California Human Development Program:

Gretchen Brooke, Academic Director
1515 Webster Street

(510) 622-8130

DISTANCE LEARNING

Pacific Oaks distance programs are designed primarily for M.A. students who live at least 100 miles from a Pacific Oaks campus and/or plan to take the majority of their courses online. However, B.A. students may find that the programs meet their needs if (1) they are mature, self-directed learners, (2) they are strongly attracted by Pacific Oaks' emphasis on young children and families, and (3) they are looking for a part-time program to be integrated with work and personal life.

PACIFIC OAKS ONLINE

Computer-mediated instruction is available to Pacific Oaks students at any distance. Students living more than 100 miles from Pacific Oaks have priority in online classes. Students must have access to a computer with a modem; orientation to online learning precedes classes. Classes are offered in Fall and Spring semesters.

PLANNING AT A DISTANCE

Pacific Oaks' alternate time frames and locations enable students at any distance to plan individualized degree programs. Weekend classes (meeting monthly) are available at all locations; Weeklong courses are offered in Pasadena (during all terms), Northern California (June and August) and Seattle (during all terms). Pasadena offers Weeklong, Weekday and Weekend classes during the Summer Session. Online classes are scheduled in Fall and Spring semesters, and students log on at any time of day or night. A minimum of 6-9 units on campus is included in any degree program.

COOPERATIVE PROGRAMS

Lactation Institute Pacific Oaks degree credit based on competency review is available to students completing the Lactation Institute's Lactation Consultant Program. See "Lactation Consultant" under B.A. and M.A. Specializations on pages 13 and 17.

COMMUNITY AND CONTINUING EDUCATION

Pacific Oaks Community and Continuing Education (CCE) offers community-based adult education programs and courses. Many of its programs are designed for those who are interested in pursuing careers in child development, human services, counseling or education. Students may transfer up to thirty units of CCE credit earned in these programs toward a B.A. degree at Pacific Oaks. In most cases, units earned through CCE can be applied toward the general education requirements for admission to the college as additional units toward the B.A. degree. CCE classes cannot substitute for the thirty-unit core requirement for the B.A. degree, which must be taken through the college, nor can they be applied toward the Pacific Oaks M.A. in Human Development degree.

Northern California CCE Program. CCE offers a year-round series designed to meet the needs of child development professionals in the San Francisco Bay area who are working toward Title 22 and Title 5 (Child Development Permit) licensing requirements. In order to accommodate the schedules of working professionals, courses are

• offered at various locations in the Oakland area on weekends. Course offerings include: child development, curriculum, administration and supervision of early childhood programs, and parenting. Schedules are published two times a year. To obtain a copy, call (510) 622-8134.

Pacific Oaks College Credit for CDA Credentials.

Pacific Oaks offers up to 30 upper division semester units to qualified individuals who have earned the CDA credential by the portfolio assessment method (before June 1992) or Home Visitor. For information on fees and requirements, contact the CCE office.

Credit for Approved Training Programs.

Individuals who have completed RIE (Resources for Infant Educators) or High/Scope TOT (Trainer of Trainers) training programs may be eligible for credit through Pacific Oaks CCE. For information on fees and requirements, contact the CCE office.

Open Enrollment. Most classes listed in the current Pacific Oaks College Schedule of Classes are open to the public on a space-available basis. Individuals may enroll in a class for CCE credit provided: 1) individual has a high school diploma or equivalent, 2) there is space available at the first meeting, 3) individual has met class prerequisites, and 4) individual obtains instructor approval. For further information, contact the CCE office.

Contract Programs and Services. CCE provides in-service training, credit for preapproved workshops and conferences, and custom-designed vocational and paraprofessional certificate programs. Clients include Head Start, JPTA programs, social service agencies, school districts, and community-based organizations. CCE provides workshop and seminar credit for programs offered by organizations such as West Ed, RIE and High/Scope. We specialize in the following kinds of training: coursework to meet the California Child Development Permit requirements; K-12 teacher training; leadership, management and organizational change for educational and human service professionals; and certificate programs for adult reentry workers including welfare-to-work participants. For more information about contract services, please contact the CCE office.

GENERAL INFORMATION AND SERVICES

OFFICE HOURS Most College offices are open 8:30 a.m.—4:30 p.m., Monday–Friday. Admissions, College Records and Financial Aid offices are open 8:30 a.m.—6:00 p.m., Monday–Thursday and 8:30 a.m.—4:30 p.m. on Friday. All are closed weekends and holidays except as posted. It is best to call and make an appointment before driving to campus to visit an office.

ADVISING

Pacific Oaks students are responsible for being familiar with this Catalog and the requirements for their degrees and programs. All student will be assigned an advisor upon admission. Students are required to meet with their advisor regularly to review their academic progress and standing.

CHANGE OF ADVISOR

Students may request a change of advisor when they are unable to resolve communication problems with their current advisor. Students must make an effort to resolve any issues before requesting a change. A student may ask the Academic Director or the Student Success Director to assist in this process, if they choose. Change of Advisor request forms are available from the Admissions Office. The form must be completed by the student and signed by the current advisor. Forms should be submitted to the Academic Director of your department or program. If the request is granted, the Academic Director will assign a new advisor and inform the appropriate parties.

Students who request a program change may be assigned a new advisor through the Admissions Office. (See: Change of Degree, Program, or Specialization, page 33.)

ACCOMMODATIONS FOR STUDENTS WITH SPECIAL NEEDS

Pacific Oaks is committed to providing program accessibility to all students. Students seeking accommodations for *documented* physical and/or academic challenges must self-identify themselves to the Student Success Office prior to the beginning of classes. Last minute requests may not be accommodated due to insufficient time to make appropriate arrangements. Note: Students who do not require accommodations do not need to make their disabilities known.

Accommodation Request Procedures

1. Students at all Pacific Oaks sites who are requesting disability accommodations must com-

plete an accommodation request form and submit current documentation of their disability (no older than three years) to the Student Success Office located on the Pasadena Campus. (Note: Pacific Oaks does not provide diagnostic services.) Upon receipt of the required materials, the Student Success Director will contact the student initiating the request and review the next steps in the process.

2. The accommodation request and documentation will be reviewed by the Student Success Director and a determination made as to the nature and extent of accommodations that will be provided. The student will be notified in writing of the accommodations and the next step for obtaining those accommodations.
3. Specific accommodations will be arranged as follows:
 - A. Pasadena students: Accommodations to be provided will be coordinated directly with the Student Success Director.
 - B. PONW and PONC students: Accommodations to be provided will be coordinated by the designated disability coordinator at each site in consultation with the Student Success Director.
4. As appropriate and with the permission of the student, individual faculty will be informed of the need for accommodations to be made and the nature of the accommodation. Information about the nature of the student's disability will not be released by the Student Success Office or the disability coordinators at the individual sites.

Any questions regarding accommodations or the process for receiving assistance should be directed to the Student Success Director at (626) 397-1338.

CAREER PLANNING

The Student Success Office assists students in clarifying career goals and objectives, exploring career opportunities and enhancing their job search techniques. Career guidance resources and services include: career advising, employment listings and transferable skills assessment. A number of seminars and workshops are provided on such topics as; assertiveness training, interviewing techniques, resume preparation, time management, decision-making and self-esteem development.

LIBRARIES

Andrew Norman Library, Westmoreland Place

Site The Andrew Norman Library on the Westmoreland campus supports the degree programs of Pacific Oaks and independent faculty research. The collection emphasizes early childhood education and curriculum development, human development, family systems and therapy, and child care. Materials are purchased which reflect our commitment to examine issues of racism, sexism, homophobia, ability, etc. These books, videos, and audiotapes are meant to supplement the college curriculum at the undergraduate through graduate levels.

The collection, which numbers over 17,000 titles, reflects not only current research, but also includes a Historical Collection including readers from the 1800s and many seminal works in the field of early childhood. The Friends' Collection, dating back to the mid-1800s, documents the beliefs and traditions of the Society of Friends.

In addition, the library subscribes to 100 periodicals and indices in early education, adult education, human development, family therapy, and the related social sciences. We have access to hundreds of other periodical titles through our online database services.

Books and other materials for required and recommended course-related reading are made available through the "reserve" section of the library.

Acquisitions for the collection are made based on faculty and student recommendations as well as valuable review sources. Users are encouraged to offer suggestions.

As part of its services the library offers formal bibliographic instruction as a required component of one of the core classes. Bibliographic instruction is also available through a number of the other classes offered at the discretion of the instructor. The librarians also provide assistance in specialized research and other reference services. Interlibrary loan services and online database searches are available through the library as well.

It is necessary to have a current Student I.D. card (available in the Business Office) to check out library materials. Students who are on an official Leave of Absence may purchase a library guest card, which is good for one year. During the semester, library hours are Mondays through Thursdays, noon to 10:00 p.m.; Fridays, closed; Saturdays, 10 a.m. to 4 p.m.; Sundays, 11 a.m. to 4 p.m. Closed holidays.

Children's Library, California Blvd. Site The Children's Library, located on the Children's School campus in La Loma House, houses a small collection of juvenile books as well as AV materials. The parents of the Children's School have been dedicated

in their support of the Library and efforts are currently underway to plan and redesign a "Children's Library for the 21st Century." Plans include an expanded collection for the children, particularly in anti-bias literacy materials, appropriate computer resources for children and adults, and a parent resource center.

ARCHIVES

The Marianne Wolman Archives is housed at the Westmoreland Place site adjacent to the library. The main purpose of the archives is to preserve and make available primary source material pertaining to professionals who worked in the field of early childhood from the turn of the century onward. The archives also serves as a repository of documents relating to the history of Pacific Oaks College and Children's School. The Archives is open by appointment only and is available for use by researchers, including faculty and students, by special permission.

Appointments may be made by contacting the Library at (626) 397-1355 or an archives volunteer at (626) 397-1393.

"Pacific Oaks reveals many paths to the knowledge which grows teachers who truly value children. I deeply appreciate the unique experience of the credential program which has greatly enhanced my professional career."

Rosí Pollard

SPONSORED PROGRAMS

The Sponsored Programs Department coordinates action research projects and grants that support program quality improvement and new approaches to serving children and families throughout the state. Projects are carried out by Pacific Oaks faculty and staff. For further information, please contact the Director of Sponsored Programs at (626) 397-1315 or 1389.

JONES/PRESCOTT INSTITUTE

The Jones/Prescott Institute began as a vision of Carolyn Denham, the seventh President of Pacific Oaks College. Her desire to redefine Pacific Oaks' leadership role in the national dialogue about early childhood education led to the establishment of the Institute as a place to develop and carry out innovative programs and initiatives that reflect the most current thinking in early childhood education and parent training. To address these issues, the Institute has established the following goals:

1. To define best practices which lead to desired outcomes in early childhood education programs with focus on developmental approaches to learning
2. To build a well-prepared cadre of early childhood professionals who can successfully implement high quality programs for children
3. To empower parents to become advocates in the lives of their children and to provide them with tools for participating effectively in their children's development and learning
4. To foster new community linkages for the improvement of early childhood education and to participate in existing partnerships
5. To promote wider access to Pacific Oaks College and its programs.

For more information about the Institute and its programs, please contact Renatta Cooper, Institute Director at (626) 397-1305.

1999–2000 TUITION AND FEES

Tuition	\$525
Application Fee for Admission	\$55
Application fee for readmission (absent 5 or more years)	\$55
Re-entry fee	\$30
Late registration fee	\$25
Late transaction fee (per transaction)	\$30
Student activity fee (per semester)	\$30
Online Access Fee (not charged to students currently enrolled online)	\$50/6 months
Petition waiver fee	\$30
Interlibrary loan transaction fee	\$1+
Library card (guest) per year	\$35
Library card (student not currently enrolled)	\$10
Prospective student's transcript evaluation (applicable to application fee)	\$25
Application fee for non-matriculating students	\$30
Student teaching fee: (for directed teaching)	\$160
Directed Teaching/Reflective Teaching Supervision Mileage (if site is 20+ miles from Pacific Oaks)	\$200
Assessment of experience (ABLE option—1 unit course fee)	\$525
B.A. per unit (upper division)	\$110
M.A. (B.A. equivalency) fee	\$3,300
Materials fee (per class)	\$15–50
Change of Program fee	\$15
Extension credit for College course (per unit)	\$135
Child Development Permit Processing Fee (per level)	\$10

Graduation Fees

B.A.	\$40
M.A.	\$65
Multiple Subject Credential—Preliminary	\$40
Multiple Subject Credential—Professional Clear	\$40
Education Specialist Credential	\$40
Late application for Graduation	\$40
Personal copy of thesis (optional)	\$20

Transcript Fees

P.O. Transcript	\$10
P.O. Emergency Transcript (one day service)	\$20
Other Schools/each (credential students only, when sent for licensing purposes)	\$10
CCE Transcript	\$5
CCE Rush Transcript	\$15

Teacher Education Fees

(Contact Teacher Education Department for
CCTC Credential Application fees)

U.S. Constitution Exam	\$35
Health Education Competence A. Alcohol and Substance Abuse	\$35
B. Nutrition	\$35
Emergency Permit Renewal (Form CL 469)	\$10

Children's School Practicum

Fingerprint processing through:	
• California Department of Justice	\$52
• FBI (if residing in California less than 2 years)	\$24
Child Abuse Index check through:	

- California Department of Justice, Child Abuse
(See Children's School Administrative Secretary
for paperwork.) \$15

Note: Teacher Education students doing an off-site practicum must contact the Teacher Education Office regarding fingerprint clearance.

Business Office Fees

Late Payment Fee	\$10
Charge for returned checks	\$20
Finance charge (per month on unpaid balances and on payment plans)	1 1/2%

Fees subject to change without notice. Fees are non-refundable. All funds owed the College must be paid when due. Any student whose account is past due may be refused registration privileges until the account is settled. Transcripts and diplomas will not be released until all bills have been paid. Credential Services (i.e., CL 469, credential application) are not available until all bills have been paid.

STUDENT SERVICES FEE

All students enrolling in Spring, Summer or Fall will be charged a Student Service Fee of \$30. This fee covers such services as orientation, outreach, Student Success, student sponsored events and commencement activities. Non-matriculating students are exempt from this fee.

TUITION REFUND SCHEDULE

Drop slips, signed by advisor and received in College Records will have the following refund schedule applied to them:

Within the add/drop period	100%
After the add/drop period	0%

Note: Students who do not attend a class and *who do not officially drop the class* will be charged for the class.

Students are advised that if they received Financial Aid and would be due a refund in accordance with the above schedule, any refund due would be returned to the Financial Aid Programs rather than to the student according to the following:

The portion of a refund or overpayment to be returned to the Title IV programs is the lesser of either the amount of Title IV aid (minus work study earnings) received for the payment period or the amount obtained by multiplying the institutional refund by the appropriate fraction.

"Pacific Oaks provided me with a better understanding of group dynamics and human behavior. And it really sharpened my interest in teaching."

*Ken Nakaba, Chair,
Department of Landscape Architecture,
College of Environmental Design,
Cal Poly Pomona.*

COLLEGE POLICIES

CLASS NUMBERING SYSTEM

All classes are open to all students, except as noted in this catalog. With the exception of ED (Education), MFT (Marriage, Family and Child Counseling) and Sp Ed (Special Education), all classes have the HD (Human Development) prefix. Class numbering does not indicate class level. All classes give upper division and/or graduate credit, except DC 192, DC 401–406, and HD 098 and HD 099. For the B.A. at Pacific Oaks, “CD,” “DC” and Extension courses give upper division credit.

Classes may not be repeated for additional credit except as noted in individual class descriptions.

CLASS WAIVER PROCESS

Certain required classes in the Pacific Oaks curriculum may be waived by students who meet specific criteria. Processes currently exist for waiver of the following requirement:

1. Thesis Development (HD 277, Part A and/or B and/or C)

Requirements met by waiver do not appear on the transcript. Students may still be responsible for the units associated with the waived requirement.

Waiver forms and instructions can be obtained from College Records or academic advisors. The approval process begins with the academic advisors. Please consult with your advisor to determine eligibility to attempt a class waiver.

EVALUATIONS

Pacific Oaks views goal-setting and evaluation as part of a shared learning process in which instructors and students are both actively involved. For this reason, Pacific Oaks does not issue letter grades as a means of evaluation. Evaluation is by written statement in which the instructor and student have had direct input. These written narrative evaluations become part of the student's transcript.

Evaluations often include information in response to the following questions:

- 1) Did the student engage intellectually with the class material?
- 2) Did the student engage affectively with the class material?
- 3) Was the student skilled in written communication?
- 4) How did the student participate in the dialogue process and in class discussions?
- 5) What is the student's ability to implement the class material in her/his own classroom or job?
- 6) Did the student demonstrate appropriate level(s) of competence?

Narrative evaluations can be translated into letter grades for students who request a letter grade or grade point average for graduate applications or financial aid/scholarship applications. Students must submit documented proof of the requirement with their request to the Academic Vice President's office.

Satisfactory (S) This grade is given when a student has successfully completed all class requirements.

May Complete (MC) A May Complete enables a student who has completed a substantial amount of work for a class to satisfy the remaining requirements for passing that class within a specific time and according to specific requirements determined by the class instructor. Students have up to one month prior to the end of the semester following the term in which a May Complete was given (until the end of either April or November) in order to submit any written work required to satisfy the completion of the class. If the May Complete requirements are not satisfied by the end of the semester following the term in which the MC was assigned, a grade of Permanent Incomplete will be given. (*See May Complete Policy on page 34.*)

Permanent Incomplete (I) Students will receive a Permanent Incomplete when: they have received a May Complete and the contract period has elapsed without successful completion of the contracted work; or the instructor determines that a May Complete is not warranted. In both instances full payment for the class is required. To receive credit for the class, it will be necessary to register and pay for the class again.

Evaluation Delayed (ED) A student will receive an Evaluation Delayed when the instructor has not submitted an evaluation. The College will take necessary steps to insure that evaluations are received in a timely manner; however, students should also take responsibility to follow up with the instructors.

Work in Progress (WP) Work in Progress is given when a student is enrolled in a class, Independent Study or Master's Project which extends beyond one semester.

ACADEMIC WARNINGS AND PROBATION

Students having 6 units of “May Complete” or “Incomplete” will be given an academic warning. They will be notified of this status in writing, along with an explanation of institutional policy on “MCs” and “Is,” and steps needed to remedy the situation. A copy of the warning notice will be sent to the student's advisor and the instructors of the courses in question.

Students with 7 units or more of “May Complete” or “Incomplete” will be placed on academic probation and given one semester in which to rectify the situation. The student will be given written notice of the probationary status along with the actions needed to remove the probation. A copy of the notice will be sent to the student's advisor and the instructors of the courses in question.

Students remain eligible for financial aid during the one semester of academic probation. If the

student does not reduce the "MC" or "I" units to 6 or less by the end of the semester of probation, the student will not be eligible to register until such time as this criterion is reached.

Students who receive one "May Complete" or "Incomplete" will be sent a copy of the policy so that they are aware of the possible consequences of receiving more than one such evaluation.

LEAVE OF ABSENCE

Situations may arise that require a student to take time off from their studies. Students who find themselves in this situation need to file a "Request For Leave of Absence" form prior to the end of the first semester of leave. A Leave of Absence can be extended for up to one year.

During a Leave of Absence a student can re-enroll at anytime before their leave expires. Once five years have passed since the last enrollment, a student will be required to apply for readmission.

Students who are using loans to fund their education must be mindful that there is a six-month grace period before repayment of loans must begin. A Leave of Absence does not prevent loans from coming due. Not enrolling for one semester means that approximately four months of the six-month grace period will be used and a student's loan will come due two months after graduation. Any leave longer than six months does mean that loans come due immediately after that six-month grace period is over regardless of the date of graduation.

If a student does not return as scheduled, the college must change her/his status within 60 days to "Withdrawn", with an effective date of the last date of attendance.

RE-ENTRY FEE

If a student is not continuously enrolled and does not take an official Leave of Absence, she/he must pay a re-entry fee upon return in order to be an active student.

TRANSCRIPT REQUESTS

A transcript of College work costs \$10 per copy. Please allow five-ten working days for processing a college transcript request. An emergency college transcript may be requested for a \$20 per copy fee. Please allow one working day for processing. All requests for College transcripts should be addressed to:

College Records
Pacific Oaks College
5 Westmoreland Place
Pasadena, CA 91103

All requests should include the following information: Name(s) while in attendance at Pacific Oaks; *signature* of student; social security number; phone number; date of birth; complete address where transcript should be sent; and dates of attendance, if known.

All requests for CCE (Extension) transcripts should be addressed to:

Community and Continuing Education
Pacific Oaks College
5 Westmoreland Place
Pasadena, CA 91103

All requests should include the following information: Name(s) while in attendance at Pacific Oaks; signature of student; social security number; date of birth; complete address of where transcript should be sent; class completed; and dates of attendance, if known. A Community and Continuing Education transcript costs \$5 per copy.

Note: Transcripts will not be issued to students who have an outstanding balance on their account or who owe Library fees.

ADD/DROP POLICY

Students are responsible for dropping classes in which they no longer desire to be enrolled. Drop forms must be signed by advisor and submitted to College Records prior to the Add/Drop Deadline published in the Schedule of Courses.

Deadline is usually:

Weekday Classes: end of second week of term

Weekend Classes: two weeks after first weekend

Weeklong Classes: Second class session

Online classes: follow the Weekday schedule unless otherwise notified.

Any refund due to a student will be in accordance with the refund schedule (see page 31).

CHANGE OF DEGREE/ PROGRAM/SPECIALIZATION

Students wishing to add, drop or change their degree, program and/or specialization, must complete a change of program form in the Admissions Office and pay a change of program fee. One fee is charged per date of transaction. The fee is waived for students enrolled in their first term.

ELIGIBILITY FOR REGISTRATION & COMMENCEMENT

In order to participate in Commencement, students must be fully admitted and have no outstanding coursework. In addition, it is the policy of Pacific Oaks College and Children's School that no student

is eligible to register or participate in Commencement until any and all outstanding balances owed to the institution from a previous semester have been paid in full. The Business Office must also verify that payment in full has been received.

This policy does not exclude students on payment plans. Students on payment plans can only register after their last payment is made to and noted by the Business Office. Payment plans should be completed by November 30th for the Fall semester and April 30th for the Spring semester.

MAY COMPLETE POLICY

A May Complete is only available to students who have completed a substantial amount of work required for a particular class. Instructors are responsible for notifying students that a May Complete is being awarded. Faculty will discuss remaining class requirements with the student involved

and agree upon the criteria for satisfactory completion of the class. A written contract will then be issued, setting out the conditions for successfully completing the class. Faculty are responsible for making arrangements with other instructors in those cases where repeating the class is a component of the May Complete contract. Evaluations for May Completes are submitted, following the same time line for classes conducted during the term in which the MC is completed.

If written work is required to complete the class, this must be submitted to the class instructor at least one month prior to the end of the semester following the one in which the May Complete is given [i.e., the end of April (for Fall/January classes) or November (for Spring/Summer/August classes)]. Instructors may set an earlier deadline if they wish. Students who fail to meet the conditions of the May Complete contract will automatically receive a Permanent Incomplete.

Students with seven or more units of May Complete may not register for the following term until those classes have been completed.

STUDENT RIGHTS AND RESPONSIBILITIES

Each student is responsible for the following:

1. Read the Catalog and Schedule of Classes. They contain all of the information needed to facilitate smooth planning. Questions are encouraged.
2. Submit official transcripts to the Admissions Office when transfer coursework has been completed, whether courses are for completion of entry requirements or additional transfer credit.
3. Register for classes as soon as the Schedule is published.
4. Complete drops, adds, and changes of class by the published deadlines (see Add/Drop, page 33).
5. Make an appointment to see your advisor who must sign all registration forms each time you register or change your schedule. Students unsure about who advises them should contact the Admissions Office.
6. Apply for aid, finalize number of units for the semester, and sign their financial aid check in the business office by the published deadlines in schedule, catalog, and other distributed announcements.
7. Pay tuition and fees in full or development of a payment plan is required before first class session. Students who have made no financial arrangements will be asked to withdraw from class(es).
8. Meet all payment deadlines in a timely manner. If they are not met, in addition to being asked to withdraw from current class(es), students will be unable to obtain transcripts, diplomas or certificates, and will be denied future payment plans. Students may incur legal fees and substantial finance charges.
9. Follow up on understandings and agreements with the student services offices and faculty.
10. Students who believe they have followed directions, have met deadlines, and who still have a problem with one or more student services offices or instructors, should contact the Student Success Director who will act as a facilitator in resolving the problem.
11. Keep copies of all transactions, records and receipts. These copies will verify transactions in the event a document has been misplaced or if there is a disagreement.
12. Submit change of name, address, or phone number to College Records in writing with supporting documents (court order, drivers license, or other form of positive identification). Name changes apply to permanent student files (but not their contents) and computer records; mentions of your previous name as it appears throughout your narrative evaluations, which are part of your official transcript record, are not changed.
13. Requests for a change of program must be submitted to the Admissions Office. Notification will be provided when it is approved or denied.
14. It is the student's responsibility to check office hours before driving to Pacific Oaks. It is recommended that students call offices, faculty or the bookstore before driving to the campus.
15. Park in designated areas only. Please refer to the Student Handbook for additional information.
16. All Pacific Oaks College students are asked to be willing to engage actively in thinking, discussion, and change as we all learn about the nature, dynamics and impact of bias and oppression, and the ways in which theories, practices and institutions are oppressive. It is important that we all be willing to risk growing and changing to-

gether, rather than clinging to old theories and practices simply because they are familiar and comfortable.

17. Pacific Oaks College's anti-bias commitment applies to all areas of discrimination, including those based on race, ethnicity, class, sexual orientation, gender, age, disability. Respect is expected to be shown toward persons in all categories, both generally and as individuals. It is each student's responsibility to approach interactions and diversity openly, and to act from one's centered, adult compassionate self.

CHILDREN IN THE CLASSROOM

The Pacific Oaks mission statement reflects a commitment to meeting the needs of children and families. In keeping with our mission, we actively and knowingly recruit students who have family and other obligations. Given this, the administration, faculty and staff of the college understand that situations may arise where a student will need to bring an infant or young child to class. When such a situation arises, the student is asked to notify the instructor in advance, if possible, so that the presence of the child can be accommodated within the context of the classroom setting.

The personal care of the child (feeding, diapering, etc.) should be handled discreetly and in such a way as to not interfere with the ongoing work of the class. If, in the view of the instructor, the educational process of the class is being disrupted, the student may be asked to remove the child from the classroom. Students who have concerns about the policy and/or its implementation should discuss their concerns with the student and/or instructor involved. If the matter cannot be resolved at that level, the matter may be referred to the Dean of Student Services for review.

It is the College's hope that all adults at Pacific Oaks will grow in their appreciation of and tolerance for the presence of children in their environments, despite the complexity that children may produce in an academic setting. As students of human development, we expect that problems will occur; our aim is not to eliminate the problems, but to become skillful problem-solvers. The presence of differences (in age, culture, language, ability, lifestyle and values) in any group adds to its potential for conflict—and for the growth of all its members—and offers us experience in collegial conflict resolution.

PRIVACY RIGHTS

Pacific Oaks College recognizes and conforms to the regulations set in accordance with the Family Educational Rights and Privacy Act of 1974 (The Buckley Amendment). Students have access to their

records, with the exception of those considered confidential under the Act. Students may make an appointment to view their records in the College Records Office during regular business hours. Files may not be removed from that office. Students may obtain copies of their records, except, again, those covered under the Act (i.e., copy of the academic record for which a financial "hold" exists; transcript of an original or source document existing elsewhere; confidential letters/recommendations associated with admission). A copying fee may be assessed.

Within the Pacific Oaks community, only those members, individually or collectively, acting in the student's educational interest are allowed access to student educational records, except when information is required by: judicial order; state or federal agents in connection with audit or evaluation of federal legal requirements; for financial aid requirements; an accrediting organization; organizations conducting educational studies, provided the studies will not permit personal identification. Information released from Pacific Oaks College will state that no other party shall have access without the written consent of the student. Any information regarding students that is not personally identifiable may be released at the discretion of the Academic Vice President and/or Dean of Student Services.

Students may challenge the contents of their educational records on the grounds that they are inaccurate, misleading, or otherwise inappropriate, by discussing their problems informally with the Director of Registration and Records. If student and Director agree, records will be amended. If agreement is not reached, a statement of challenge should be submitted in writing to the Academic Vice President or Dean of Student Services, who will review the complaint and take necessary action.

At its discretion, the institution may provide Directory Information in accordance with the provision of the Act. Directory Information includes: student name, address, telephone number, date and place of birth, major field of study, units currently enrolled, dates of attendance, degrees and awards received, and previous educational agencies or institutions attended by the student. Requests for non-disclosure must be filed with College Records at the beginning of each academic year (within the first two weeks of the semester) and remain in effect for one year. Students may make written requests for non-disclosure of information at two levels: 1) Phone and address only, or 2) non-disclosure of any information (this level of confidentiality would result in a response to any inquiries about you that "Pacific Oaks has no information

about that individual." You would need to provide a written release to anyone, including loan companies and employers, who might need verification of your status at Pacific Oaks.) It is Pacific Oaks' policy that failure on the part of any student to request withholding of Directory Information indicates individual approval for disclosure.

For a copy of the Family Educational Rights and Privacy Act contact: The Family Educational Rights and Privacy Office, Department of Education, Switzer Building, Washington, D.C. 20202

STUDENT CONDUCT

Students enrolled in the college are expected to conduct themselves in a manner compatible with the College's function as an educational institution. Behavior that is disruptive and/or interferes with the educational process is disrespectful of the rights of others and is not acceptable.

Academic dishonesty (ie. cheating, forgery, plagiarism) depreciates the learning experience and may be grounds for dismissal. It is fundamental that students contribute to the ideal of academic integrity and accept individual responsibility for their work.

In most instances accusations are based on evidence which is not contested by the accused student. The incidents shall be resolved between the parties involved and a written report will be filed in the student's permanent folder so that any future incidents may be referred to the Academic Vice President.

SEXUAL HARASSMENT POLICY

The Student Rights and Responsibilities outlined on page 34 echo Pacific Oaks' strong commitment to creating and maintaining an environment free from any type of discrimination. However, the college recognizes the need to establish a more defined policy regarding sexual harassment. Sexual harassment is destructive to the mission of the institution and will not be tolerated. The following is the College policy for sexual harassment complaints. Because of the importance of this policy, it is everyone's responsibility to bring such matters to the attention of proper personnel as quickly as possible so that prompt, effective action can be taken. Pacific Oaks cannot act on matters of which it is unaware.

Sexual Harassment Defined: Sexual harassment, exploitation, or intimidation consists of nonconsensual sexual advances, requests for sexual favors, or other verbal or physical contact when:

- a. submission to such conduct is made explicitly or implicitly a term of admission, academic standing or employment;
 - b. submission to or rejection of such conduct is used as the basis for academic evaluation or employment decision;
 - c. such conduct has the purpose or effect of unreasonably interfering with an individual's educational or work performance, or of creating a hostile, offensive or intimidating environment for learning or working.
- Who May File a Complaint:** Any student, staff or faculty member may bring a complaint of sexual harassment against any other member of the College Community who is believed to have violated the policy.
- How to File a Complaint:** An informal complaint alleging a violation of the sexual harassment policy may be brought to any appropriate member of the College community. Examples of appropriate members of the College community would be: Supervisor, Academic Vice President, Dean of Student Services, Student Success Director or Personnel Director. A person wishing to make a sexual harassment complaint has the following options:
- a. Informal resolution of the complaint by speaking directly with the person believed to be in violation of the policy; or by addressing the person believed to be in violation of the policy with the assistance of the appropriate member of the College community if agreed upon by said member.
 - b. By filing a formal complaint with the Personnel Director.
- Informal Complaints:** If a person wishes to pursue informal resolution of the complaint, the following procedures are relevant:
- a. The appropriate member of the College community pursuing the complaint with the complainant will notify the Personnel Director in writing as soon as possible as to the existence of the complaint and will provide a summary of the allegations. If the complaint involves the Personnel Director, the President should be notified.
 - b. In the informal complaint procedure, the person initially receiving the complaint will inform the complainant of the pertinent considerations involved, such as:
 1. the details of the complaint process;
 2. the issues involved in the complaint;
 3. possible resolutions;

4. provisions in the policy for protection of the complainant's interests (confidentiality, need for truthfulness, keeping complainant informed of progress, action requested from complainant);
 5. provisions in the policy for protection of the accused's interests (confidentiality, need for truthfulness, right to be notified of any formal complaint);
 6. the fact that a decision to proceed informally at this time does not prevent the filing of a formal complaint at some later time.
- c. Every reasonable attempt will be made to handle an informal complaint in an expeditious manner.
 - d. At any time during the process of the complaint, the person handling the complaint may refer the complainant to the Personnel Director. At any time during the process of the complaint, the person handling the complaint may request assistance from the Personnel Director. Otherwise the person handling the complaint will work with those involved until all parties are satisfied.
 - e. The person handling the complaint will notify the Personnel Director of the results of the informal complaint procedure in writing as soon as possible.
 - f. Where resolution is not possible, the complainant has the option of filing a formal or informal complaint with the Personnel Director.

Formal Complaint: The complainant may elect to file a formal complaint at any time. Formal complaints are to be filed with the Personnel Director. The filing of a formal complaint requires that the person believed to be in violation of the policy be notified of the allegations. The Personnel Director will be responsible for the investigation with the assistance of the department(s) involved. This investigation will include, but not be limited to, interviews with the complainant and the person believed to be in violation of the policy. If the complaint is directed toward the Personnel Director, the President will be responsible for the investigation. The purpose of the investigation is to establish whether there is a reasonable basis that the alleged violation(s) of the sexual harassment policy has occurred. The Personnel Director will interview the complainant, the person believed to be in violation of the policy, and other persons believed to have pertinent or factual knowledge of the allegation. The possible outcomes of the investigation are:

- a. a finding that there is a reasonable basis that the violation occurred;
- b. a finding that there is no reasonable basis that the allegation occurred;
- c. a finding that the evidence is not conclusive one way or the other.

Every reasonable attempt will be made to conclude the investigation in an expeditious manner. When the investigation determines that there was a reasonable basis that a violation occurred the college will take appropriate action. Examples of appropriate actions include, but are not limited to:

- a. written notice in personnel file;
- b. reassignment of complainant;
- c. reassignment of person who is in violation of the policy;
- d. dismissal of person who is in violation of policy.

In the event the investigation reveals no reasonable basis that the allegation occurred, the complainant may pursue options outside the College such as filing a complaint with the U.S. Department of Education or by seeking private legal representation. If the complainant or the accused is not satisfied with the outcome of the formal complaint process, either party may ask the President to review the matter. The President will act in an expeditious manner as possible.

APPEAL PROCEDURE

A student may appeal a staff, faculty, or administrative decision in writing. Informal efforts to resolve the matter must be undertaken first. These should include (1) meeting with the party with whom you disagree and (2) discussing the situation with the Student Success Director. If informal processes do not resolve the situation, the following formal steps should be taken. (Note: Admissions decisions cannot be appealed.)

1. The student asks the advisor to be an advocate for the student, and presents a written statement of reason for appeal to the advocate. If the appeal is regarding a decision made by the advisor, the student should find a substitute advocate (Dean of Student Services, Director of Student Success, another faculty member). The advocate intercedes on behalf of the student.
2. If the appeal does not lead to a satisfactory solution, the student may appeal, in writing within 14 calendar days, to the Faculty Appeals Committee (via the office of the Academic Vice President). The written appeal should outline the steps taken to date, the extent and nature of conversations with the person with whom the student disagrees and

what outcome the student is seeking. The Faculty Appeals Committee is composed of three people: a faculty member nominated by the student, a faculty member nominated by the person with whom the student disagrees, and Betty Jones, Chair of the Faculty Appeals Committee. (If the disagreement is with Betty Jones, another person acceptable to both the student and the other party will be appointed chair.) The Committee will convene to review the student's appeal. The student will be notified, in writing, of the time and place of the meeting and will be invited to attend. The student may bring any witnesses that might be relevant and will verbally present her/his case to the committee. The committee takes the appeal under advisement, reaches a decision and communicates that decision to the student, in writing, within 10 calendar days of the meeting.

3. If the Faculty Appeals Committee's decision is not acceptable to the student, she/he may appeal to the Academic Vice President (for faculty/academic matters), or the Dean of Student Services (for student services matters) in writing within 14 calendar days of receipt of the Faculty Appeals Committee decision. The Vice President/Dean will review the entire appeal process and determine if a different decision is warranted. The Vice President's/Dean's decision will be communicated to the student in writing within 10 calendar days of receipt of the written appeal. The decision is final.
4. The timeline outlined in this procedure may be extended in extenuating circumstances by the Chair of the Faculty Appeals Committee or the appropriate Vice President/Dean, with concurrence of all parties involved.

SPECIAL ASSISTANCE FOR CHEMICAL DEPENDENCY

The 1986 Higher Education Amendments include a stipulation that schools and colleges take action to prevent alcohol and drug addiction on their campuses. This is in response to national research showing that drug use and alcohol abuse are high among the traditional college age population.

We offer information and options regarding alcoholism and drug addiction to those who may be questioning the extent of their use of these substances, and to those who may have identified a friend, co-worker, or relative as one who appears to be suffering from the disease of alcoholism and addiction. All conversations regarding chemical dependency will be kept confidential.

An alcohol and chemical dependency treatment referral list is available in the office of the MFCC Program Director. In addition, the College offers, as part of its MFCC program, a weekend workshop on chemical dependency. The workshop is open to all members of the Pacific Oaks community. Students may enroll for either extension or college credit. See the Schedule of Classes for fees.

Pacific Oaks prohibits the unlawful possession, use, or distribution of drugs and alcohol by students

or employees on College property, or as any part of institutional activities.

An individual who is determined to be impaired or who becomes impaired (impaired meaning that the individual's normal physical or mental abilities have been detrimentally affected by the use of substances) while on College property is guilty of a major violation of institution policy and is subject to severe disciplinary action. Severe disciplinary action can include suspension, dismissal, or other penalty deemed to be appropriate under the circumstance. Use, possession, transfer, or sale of any illegal substance on College property is prohibited and violators are subject to severe disciplinary action including the notification of appropriate authorities.

This policy is distributed annually to all students and employees pursuant to Public Law 101-226 (The Drug-Free Schools and Communities Act Amendment of 1989).

Pacific Oaks will regularly review the terms of this policy to:

- A. Determine its effectiveness;
- B. Implement changes, as needed, and
- C. Ensure that sanctions are consistently reinforced.

VETERANS POLICIES

This institution will conduct an evaluation of the veteran's or eligible person's previous education and training, grant appropriate credit, shorten the veteran's or eligible person's duration of the course proportionately and notify the Veteran's Administration and student accordingly.

A veteran or eligible person who obtains a grade point deficiency below an overall "B" average and accumulates more than 6 units of "May Complete" or "Incomplete" will have her/his veteran's benefits terminated. A veteran or eligible person may not register for additional classes until such time as the "MC"s have been removed. ■

EDUCATION

ED 220 3 UNITS
ELEMENTARY CURRICULUM
WORKSHOP: INTRODUCTION TO
DEVELOPMENTAL CURRICULUM
AND SCIENCE

Students participate as hands-on learners in an exploration of curriculum theory and practice. Basic principles of science discovery learning are presented as a vehicle for understanding and implementing an interactive curriculum. Students build a framework for curriculum development through experimentation with materials, classroom organization and management, and educational and social issues. Concepts of the open classroom, individualized curriculum, the teacher-as-learner, and critical thinking will be discussed and modeled.

Special emphasis is placed on the inclusion of English language learners through Specially Designed Academic Instruction in English (SDAIE) strategies as they access core curriculum.

Prerequisite: HD 520 Cognitive Theory into Practice or equivalent course work in theories of cognitive development.

ED 221 3 UNITS
CURRICULUM DEVELOPMENT:
MATHEMATICS

An integrative approach to elementary mathematics curriculum, from experiential concrete manipulation to abstract symbolization and concept development. The purpose is to connect theory and practice within a climate of excitement, freedom, openness and ease. Participants will explore the elements of physical and psychosocial environments, classroom management, curriculum materials, and learning activities as they create their own frameworks for developmentally appropriate, child-centered curricula. Participants will experience the joy of discovery, the satisfaction of learning new skills, and the challenge of committing to the processes of imagination and inner growth.

ED 222 3 UNITS
CURRICULUM DEVELOPMENT:
READING AND LANGUAGE ARTS

This course offers an introduction to the essentials of an integrative, balanced and developmental reading and language arts program for the K-6 classroom. Emphasis is on developing a framework for learning that incorporates real-life experience as a source of oral and written language. In a creative, exciting environment, students will learn to plan and im-

plement a transitional reading/language arts program using both traditional and innovative approaches to serve a diverse population. Drawing on the works of Paulo Freire, Brian Cambourne, Marie Clay, Marilyn Adams, David Pearson and others, the course explores theories, research and practices in the teaching of reading and writing: state standards; literacy issues in socio-cultural contexts and biases; elements of a comprehensive and balanced language arts program; contributions of the whole language movement; methods and assessments of phonemic awareness, phonics and spelling; shared reading, guided reading, read alouds and developing independent reading; journal and integrative writing; comprehension; interventions; mainstreaming for special needs students; and the role of environmental print, drama and music in language and literacy development. Special emphasis is placed on the inclusion of English language learners in an English Language Development setting or bilingual setting. Guest speaker(s) and films complement activities and discussion.

Prerequisites: HD 520 Cognitive Theory into Practice or equivalent course work in theories of cognitive development and Ed 220 Elementary Curriculum Workshop: Introduction to Developmental Curriculum and Science (may be taken concurrently).

Current work with children in elementary school settings is required.

ED 223 3 UNITS
CURRICULUM DEVELOPMENT:
SOCIAL STUDIES AND
INTEGRATED ARTS

Students, as teachers/learners, will create a conceptual framework for elementary social studies that weaves together language arts, drama, literature, music, dance, and visual arts as integral parts of an exploration of the historical and socio-cultural forces that shape our lives. Focuses on critical inquiry and cooperative learning, using oral history, journal writing, and the community as ways to approach social studies content. Examines standard and "multi-cultural" texts, materials, and curricula used in public schools, as well as alternative materials, which will be used to analyze the impact of racism, sexism, and sexual stereotyping, classism, and physical disabilities on children's learning. The relationship between social studies curriculum and education for critical thinking will be actively explored through hands-on activities, dialogue and debate, group

and individual projects, discussion of current issues in education, and the use of film and video.

Special emphasis is placed on the inclusion of English language learners through Specially Designed Academic Instruction in English (SDAIE) strategies as they access core curriculum.

Prerequisites: HD 520 Cognitive Theory into Practice or equivalent course work in theories of cognitive development, and HD 282 Social and Political Contexts of Human Development, or HD 360 Advanced Studies in Diversity (or equivalent course work in anti-bias and bicultural issues), and Ed 220 Elementary Curriculum Workshop: Introduction to Developmental Curriculum and Science (may be taken concurrently).

Access to classrooms in elementary school settings is required.

ED 225 3 UNITS
INTEGRATED THEMATIC
INSTRUCTION: SCIENCE, SOCIAL
STUDIES AND INTEGRATED ARTS

This course integrates the requirements of ED 220 Introduction to Developmental Curriculum and Science and ED 223 Social Studies and Integrated Arts. In this class participants will explore the relationship between science, social studies, art and the rest of the curriculum. Topics in social studies and science will be approached through hands-on learning, critical thinking, and using the community as a real-world text. Additionally, participants will have opportunities to examine standard texts, curricula and materials used in public schools, and to analyze the impact of biases and misconceptions on children's learning. By creating at least one thematic unit, participants will demonstrate their knowledge of these content areas and their ability to infuse the curriculum with creativity and meaning to optimize student learning.

This course is open to Pasadena Intern cohort only.

ED 228 3 UNITS
CURRICULUM DEVELOPMENT:
BILINGUAL INSTRUCTIONAL
METHODS

This class is designed to provide a framework for instruction of children whose primary language is one other than English. Constructivist paradigms will be utilized to provide relevant theoretical and practical information related to bilingual instructional methods with a goal of development of cultural competence and cultural respect for young learners grow-

Lorraine Lima, Pacific Oaks alumna and Trustee.

ing up in a bilingual world. This class meets the requirements for CLAD/BCLAD Certification.

**ED 252 4 UNITS
DIRECTED TEACHING: KINDERGARTEN**

Student teachers work in a public elementary school kindergarten CLAD or BCLAD classroom for a placement of approximately 300 hours. Beginning by teaching in only two content areas per day, the student teacher gradually advances to a two-week complete take-over in which he/she is in charge of both curricular planning and implementation, as well as discipline and management. The practicum is accompanied by a seminar which all student teachers attend. Topics include discipline/classroom management, cooperative learning, the effective teacher, research, discussion skills, higher order thinking skills, holistic teaching strategies, lesson planning, dealing with stress, parent-teacher interaction, the first week of school, substitute teaching, testing and other issues. Students complete various assignments for the seminar, including audio and video tapes, journals, peer coaching, observations, lesson plans in all content areas and an instructional unit.

Prerequisite: Successful completion of all coursework, CBEST, MSAT and Certificate of Clearance.

**ED 253 4 UNITS
DIRECTED TEACHING: PRIMARY**

Student teachers work in grades 1, 2 or 3 at a public elementary school in a CLAD or BCLAD placement of approximately 300 hours. Beginning by teaching in only two content areas per day, the student teacher gradually advances to a two-week complete take-over in which he/she is in charge of both curricular planning and implementation, as well as discipline and management. The practicum is accompanied by a seminar which all student teachers attend. Topics include discipline/classroom management, cooperative learning, the effective teacher, research, discussion skills, higher order thinking skills, holistic teaching strategies, lesson planning, dealing with stress, parent-teacher interaction, the first week of school, substitute teaching, testing and other issues. Students complete various assignments for the seminar, including audio and video tapes, journals, peer coaching, observations, lesson plans in all content areas and an instructional unit.

Prerequisite: Successful completion of all coursework, CBEST, MSAT and Certificate of Clearance.

**ED 254 4 UNITS
DIRECTED TEACHING:
UPPER ELEMENTARY**

Student teachers work in grades 4, 5, or 6 at a public elementary school in a CLAD or BCLAD placement of approximately 300 hours. Beginning by teaching in only two content areas per day, the student teacher gradually advances to a two-week complete take-over in which he/she is in charge of both curricular planning and implementation, as well as discipline and management. The practicum is accompanied by a seminar which all student teachers attend. Topics include discipline/classroom management, cooperative learning, the effective teacher, research, discussion skills, higher order thinking skills, holistic teaching strategies, lesson planning, dealing with stress, parent teacher interaction, the first week of school, substitute teaching, testing and other issues. Students complete various assignments for the seminar, including audio and video tapes, journals, peer coaching, observations, lesson plans in all content areas and an instructional unit.

Prerequisite: Successful completion of all coursework, CBEST, MSAT and Certificate of Clearance.

**ED 292 1-3 UNITS
INDEPENDENT STUDY**

Available for students in the Credential program(s) to meet some individual competency and/or program requirements. An independent study contract signed by the faculty supervisor is required at the time of registration. Classes offered at Pacific Oaks may not be taken for independent study. Please consult the Schedule of Classes for registration deadlines.

**ED 435 3 UNITS
TECHNOLOGY IN THE CLASSROOM**

A comprehensive technology class for educators which introduces teachers to the applications of computers in education settings and fulfills the California computer education requirement for the Professional Clear Credential. Hands-on training and instruction include work on computers and CD-ROMs, educational software, computer issues, and use of computers in the classroom.

**ED 500 1 UNIT
DIRECTED TEACHING**

Interns participate in a supervised placement in a primary or intermediate classroom in a diverse public school setting. This is a four-week placement in which Interns will receive bi-weekly supervisory visits. The directed teaching experience is accompanied by a weekly semi-

nar with the Field Supervisor. Discussion topics include collaborative planning, classroom management, assessment, cooperative learning, and parent-teacher interaction.

This course is open to Pasadena Intern cohort only.

**ED 501 3 UNITS
REINVENTING TEACHING I:
LEARNING ENVIRONMENTS,
CLASSROOM MANAGEMENT AND
ASSESSMENT**

In this class, participants examine their beliefs and assumptions about teaching and learning in order to develop a solid philosophical framework. This begins with an analysis of their learning histories and educational experiences. By understanding that learning is the intersection between the teacher, her/his students, and the learning environment, participants will learn to create classroom communities that foster the social, emotional and academic development of their students. Emphasis will be placed on developing and maintaining positive rapport with students, using multiple assessment tools to inform instructional practice, and building on children's strengths and interests.

This course is open to Pasadena Intern cohort only.

**ED 502 1 UNIT
REINVENTING TEACHING II:
CURRICULUM DESIGN AND
IMPLEMENTATION**

This course focuses on successful planning for diverse student needs, interests and learning styles. Participants will prepare at least one thematic unit and several lesson plans that include goals, objectives, strategies, materials and assessment plans that are well-defined and coordinated with each other.

This course is open to Pasadena Intern cohort only.

**ED 503 1 UNIT
REINVENTING TEACHING III:
TECHNOLOGY IN THE CLASSROOM**

This course introduces teachers to the applications of computers in educational settings and fulfills the California Computer Education requirement for the Professional Clear Credential. Participants will develop strategies for using technology as a learning tool. Through hands-on training, they will investigate educational software and Internet resources, and how to integrate technology across the curriculum.

This course is open to Pasadena Intern cohort only.

ED 504 3 UNITS
REINVENTING TEACHING IV:
INCLUDING THE CHILD WITH SPECIAL
NEEDS AND IMPLEMENTING
ANTI-BIAS CURRICULUM

This course integrates the requirements for SPED 239 The Child with Special Needs and HD 471 Implementing Anti-Bias Curriculum. This class fulfills the Special Education requirement for the Professional Clear Credential. In this course, participants develop an understanding of how biases impact students, teachers, classrooms and schools. In light of this, each participant demonstrates compatibility with and the ability to teach students who are different from themselves. These include differences in ethnicity, culture, family, gender, ability, development and socioeconomic status. Emphasis will be placed on instructional strategies for working with students with special needs.

This course is open to Pasadena Intern cohort only.

ED 508 3 UNITS
HUMAN DEVELOPMENT
AND LEARNING

This course provides interns with an overview of theories, research and knowledge of human development and learning across the life span, with a particular focus on critical pedagogy and the school-age years. Through the works of Darder, Erikson, Freire, Gay, Gardner, Gilligan, Hale, Kohlberg, Piaget, Ramirez and Castaneda, Vygotsky and others, interns explore aspects of physical, cultural, social, ethnic identity and intellectual growth and development. We begin with self-knowledge as we reflect on our own cultural identity and life-span development issues. Theoretical knowledge of the issues and behaviors at each age will be covered and bridged with practical classroom application. The course will also support the development of observation skills and formal and informal assessment strategies related to the ongoing identity, intellectual, social, linguistic and physical development of the learner from a transformative learning and culturally democratic perspective. Observing and supporting the learners' development of cultural negotiation and cultural democracy skills are included in this class.

This course is the equivalent of HD 200 for PONW Teacher Education interns.

ED 513 3 UNITS
TEACHING AND LEARNING IN
A DIVERSE WORLD

Interns learn to observe and identify key characteristics of a successful teaching/

learning environment. Attention is given to the basic philosophies of education which underlie current theoretical models of the classroom. These models are examined in detail from historical and functional perspectives. Interns explore ways to integrate these approaches in developing appropriate curriculum, effective management systems, assessment tools and classroom design and structure. Interns explore the role of the teacher in establishing classroom tone. This seminar addresses issues of culture, diversity and power in the classroom, including the cultural and learning needs of the ESL, bilingual and bicultural student. Interns are expected to reflect upon the cultural roots of their current perspectives, to develop a theoretical and practical understanding of anti-bias work in confronting the "isms" of contemporary society through curriculum, attention to learning styles and acknowledgment of their authority role as teachers.

This course is the equivalent of HD 400 for PONW Teacher Education interns.

ED 520 3 UNITS
COGNITIVE THEORY INTO PRACTICE:
HOW CHILDREN LEARN AND ITS
APPLICATION TO MATHEMATICS
INSTRUCTION.

This course integrates the requirements for HD 218 Cognitive Development: How Children Learn and ED 221 Curriculum Development: Mathematics. This class focuses on the theoretical and practical aspects of teaching mathematics. In keeping with the cognitive theories of Piaget and Vygotsky, emphasis will be placed on the implications of a constructivist theory in terms of the role of the teacher, the classroom environment, and student learning. Participants will therefore actively apply cognitive theoretical content to mathematics instruction. This course uses the NCTM standards for the teaching and learning of mathematics as a framework for creating developmentally appropriate, learning-centered curriculum.

ED 521 2 UNITS
INTEGRATED MATH/SCIENCE
CURRICULUM

This seminar course is a model of developmental curriculum integration and creative learning environments. Emphasis will be placed on integrative approaches to elementary mathematics curriculum from experiential concrete manipulation to abstract symbolization and concept development. The goal is to connect theory and practice, engaging the child's natural curiosity of mathematical patterns

and relationships. Students will explore elements of physical and psychosocial environments, classroom management, manipulative math curriculum materials, and learning activities. Students will be introduced to basic principles of science and scientific inquiry as a way of understanding and implementing theory and practice of interactive curriculum.

ED 522 2 UNITS
INTEGRATED ART/LITERACY/
LANGUAGE ACQUISITION

Explores theories and practices in teaching reading and writing; literacy issues and socio-cultural contexts and biases, whole language, language experience, integrated phonics, individual assessment of language skills, and the role of the dramatic arts and music in language development. Developing a framework for learning that incorporates life experience as a source of oral and written language will be emphasized.

ED 523 1-3 UNITS
CURRICULUM DEVELOPMENT: SOCIAL
STUDIES AND INTEGRATED ARTS

Students, as teachers/learners, will create a conceptual framework for elementary social studies that weaves together language arts, drama, literature, music, dance and visual arts as integral parts of an exploration of the historical and socio-cultural forces that shape our lives. Focuses on critical inquiry and cooperative learning, using oral history, journal writing, and the community as ways to approach social studies content. Examines standard and "multi-cultural" texts, materials, and curricula used in public schools, as well as alternative materials, which will be used to analyze the impact of racism, sexism and sexual stereotyping, classism and physical disabilities on children's learning. The relationships between social studies curriculum and education for critical thinking will be actively explored through hands-on activities, dialogue and debate, group and individual projects, discussion of current issues in education and the use of film and video.

Special emphasis is placed on the inclusion of English language learners through Specially Designed Academic Instruction in English (SDAIE) Strategies as they access core curriculum.

Prerequisites: HD 520 Cognitive Theory into Practice or equivalent coursework in theories of cognitive development and HD 282 Social and Political Contexts of Human Development or IID 360 Advanced

Trevor Dobbs, MFCC faculty member.

Studies in Diversity (or equivalent coursework in anti-bias and bicultural issues) and ED 220 Elementary Curriculum Workshop: Introduction to Developmental Curriculum and Science (may be taken concurrently).

Current work with children in elementary school settings is required.

Note: The 1-unit section of this course is only available to students enrolled in the Internship program.

ED 524 3 UNITS
LITERACY THEORY INTO PRACTICE, A AND B: HOW CHILDREN BECOME LITERATE AND ITS APPLICATION TO LANGUAGE ARTS INSTRUCTION.

This two-semester six-unit course fulfills the requirements for ED 222 Curriculum Development: Reading and Language Arts and HD 220 Sociolinguistics. This course focuses on the theoretical and practical aspects of teaching reading, writing, speaking and listening to elementary students in a diverse classroom. It also focuses on the development of language within the social context and its implication as one of the most powerful transmitters of culture. The unique needs of English language learners will be addressed throughout the course. Key issues include primary and second language acquisition, the role of language in learning, enrichment versus deficit models of schooling, lingual/ESL education, and analysis of classroom discourse. This course meets a CLAD requirement in California.

ED 528 3 UNITS
CURRICULUM DEVELOPMENT: BILINGUAL INSTRUCTIONAL METHODS

This class is designed to provide a framework for instruction of children whose primary language is one other than English. Constructivist paradigms will be utilized to provide relevant theoretical and practical information related to bilingual instructional methods with a goal of development of cultural competence and cultural respect for young learners growing up in a bilingual world.

ED 531 2 UNITS
INTRODUCTION TO URBAN SCHOOL

Interns observe a variety of public school environments, focusing on the culture and politics of school institutions and diverse models of classroom practice, and participate in related discussion seminars. Schools are chosen to highlight current educational issues and trends. The focus of the seminars is on educational

structure and governance; school professionals and the law; student and parental rights and responsibilities; professional ethics and the law; school reform and trends in teacher evaluation.

This course is available to PONW Teacher Education interns only.

ED 543 3 UNITS
CURRICULUM DEVELOPMENT: LANGUAGE AND LITERACY

This year-long seminar introduces interns to the essential aspects of an integrative, developmental literacy program which includes reading, writing, speaking and listening. Interns explore a variety of theories of language development as well as approaches to the teaching of literacy skills in order to develop classroom practices that enable all children to become competent, effective users of language in all of its forms. Particular attention is placed on the learning needs of children whose first language is not English in order to support their literacy development in both English and the home language. In addition, socio-cultural contexts and biases as they relate to language and literacy development are explored and integrated into the development of instructional strategies. Interns will develop a working understanding of state learning goals (EALRs) in Reading, Writing and Communication as well as a variety of assessment processes developed to measure student growth and instructional effectiveness. The interns will complete the seminar by articulating their philosophy of literacy development as well as methods and strategies they intend to use in their own classrooms.

This course is available to PONW Teacher Education interns only.

ED 544 3 UNITS
CURRICULUM DEVELOPMENT: MATHEMATICS

This seminar is based on the curriculum standards of the National Council of Teachers of Mathematics as well as state learning goals (EALRs) in mathematics. Theory and practice are interwoven to establish an understanding of mathematics based on a problem-solving approach to mathematics instruction. Developmental theory, observations of children, information regarding learning styles, multiple intelligences and cognitive science provide a framework for the development of appropriate mathematical experiences. Interns broaden their own understanding of number concepts, pattern, statistics and probability, geometry,

and spatial sense, measurement and logical thinking through activities which develop concepts from the concrete manipulative-based level through the stages to abstract understanding and symbolization. The selection of appropriate materials and activities which will build strong conceptual understanding is stressed. Issues related to socio-cultural contexts and biases are integrated into the constructive, active learning environments. The role of assessment will be addressed through observation, discussion and information regarding the use of problem-solving tasks and portfolios of work.

This course is the equivalent of ED 221 for PONW Teacher Education interns.

ED 545 4 UNITS
CURRICULUM DEVELOPMENT

a. Science: Introduces interns to the constructivist approach to teaching science. Emphasis is placed on understanding science as a process of seeking answers to questions about natural phenomena by using hands-on experiences. Interns participate in activities from several curriculum sources. They prepare and facilitate open-ended science activities in the classroom where their students investigate a topic, debrief their observations and are able to revisit the topic. Interns will develop a working understanding of the state guidelines (EALRs) in science as well as a variety of assessment strategies. Additional issues such as social and cultural contexts, biases, effective questioning strategies and room organization will be considered in terms of strengthening the presentation of science lessons. Finally, this seminar is designed to enable interns to feel comfortable teaching science, to develop a broad vision of what can be considered science, and to integrate science topics across the curriculum.

b. Social Studies: Interns will utilize essential concepts and principles of social studies to design developmentally appropriate curriculum that is meaningful, relevant and interesting to students. A working understanding of the state learning goals (EALRs) and a variety of assessment methods will be developed. Readings and discussions will focus on approaches that provide opportunities for children to learn in a variety of settings, that involve interns in doing in-depth investigations of topics of interest to

them, and that are culturally relevant to the personal and social needs of the learner.

c. Technology: Exposure to and practice with the latest classroom technologies including the Internet and World Wide Web is a key focus of this course. Issues relating to the appropriate use of technology at various developmental levels, classroom management, curriculum integration and access and equity are also addressed. Interns work extensively with Apple Macintosh and Apple IIE computers to explore numerous software titles in Math and Language Arts and to develop strategies for using computers for word processing, problem-solving, skills development and cooperative learning. Interns also work with portable Alpha Smart keyboards, camcorders, VCRs, Lego Logo kits, and graphics and database programs to investigate the powerful potential of these tools for both teachers and children. More basic technologies including 16 mm film projectors, overheads and opaque projectors are also explored.

d. Integrating the Curriculum: This seminar presents development of integrated curriculum, thematic studies and creative learning environments in a hands-on interactive format. Interns build a framework for curriculum development and implementation through exploration of theory, role playing, materials, organization, management and educational issues. Classroom work and readings include the concepts of developmentally appropriate practice, learning styles and the multiple intelligences. Interns explore a variety of ways to integrate various content areas into curriculum planning.

e. Health and Physical Education: Through a series of workshops, students are introduced to the role of health and physical education in the elementary classroom. Issues such as child abuse, sexuality education, nutrition and substance abuse are addressed.

This course is available to PONW Teacher Education interns only.

ED 547 3 UNITS
IMAGINATION AND CULTURAL
EXPRESSION IN THE CLASSROOM

In this seminar interns will explore the creative process through art, music and drama. The emphasis will be on the arts

as communication, as reflection of culture and history, and as a tool for community building and integrating all aspects of the curriculum.

This course is available to PONW Teacher Education interns only.

ED 553 6-8 UNITS
DIRECTED TEACHING: PRIMARY

Interns participate in a supervised placement in a primary (K-3) setting. One of the two required placements must be in a classroom of ethnic, linguistic, cultural and economic diversity.

This course is the equivalent of ED 253 for PONW Teacher Education interns.

ED 554 6-8 UNITS
DIRECTED TEACHING: INTERMEDIATE

Interns participate in a supervised placement in an intermediate setting. One of the two required placements must be in a classroom of ethnic, linguistic, cultural and economic diversity.

This course is available to PONW Teacher Education interns only.

ED 562 1 UNIT
REFLECTIVE SEMINAR

Interns meet regularly in small groups to discuss issues raised in their field placements. Particular attention is given to developing communication skills for effective collaboration with colleagues, Cooperating Teachers and families.

This course is open to PONW Teacher Education interns only.

HUMAN DEVELOPMENT

HD 097 0 UNITS
INTRODUCTION TO
PACIFIC OAKS PEDAGOGY

A weekend workshop designed to provide an overview of Pacific Oaks Pedagogy with special attention to (1) participation, (2) critical thinking, (3) writing, and (4) presentations. The implementation of Pacific Oaks' mission statement throughout the curriculum is also reviewed. Opportunities for exploration, discovery, reflections are utilized in order to familiarize students with skills to enhance their engagement with course concepts, dynamics and material.

HD 098 0 UNITS
GRADUATE COMPOSITION
WORKSHOP

Primarily an enrichment writing class, this course will enable students to acquire clear and concise, yet illustrative and powerful skills to express themselves vitally through the written word. Whether in weekly reflection papers, journals,

critical analyses, or when writing more technical papers such as research papers and, inevitably for some, the Thesis, this class will, through many written exercises, allow students to understand some basic strategies which will then unleash their own innate and untapped written communication abilities.

Not available for degree credit.

HD 099 0 UNITS
WRITING FOR THE
INFORMATION AGE

Acquire writing skills which will empower you to think clearly and share your thoughts with others. This class will guide students in replacing old, negative fears and attitudes about writing with vital, positive behavior which will lead to personal, educational and professional success. Students learn to view mistakes as learning experiences and "failures" as stepping stones to dynamic goal achievement. Open to all registered students who need assistance with writing skills development.

Not available for degree credit.

HD 200 3 UNITS
EARLY CHILDHOOD THEMES AND
LIFE CYCLE ISSUES

Each stage of life poses a task to be accomplished. These tasks appear as a challenge and bring the chance for growth, but also a fear of failure and discomforting disequilibrium. Themes which begin in early childhood—attachment, separation, autonomy, accomplishment and failure—recur later in the life cycle. Awareness of their beginnings and knowledge of psychosocial developmental theories enables adults to be aware of the resolution of these themes in their own lives, as well as in children's lives. This class requires extensive reading and a research project which meets the research competency.

HD 201 3 UNITS
ADVANCED STUDIES IN HUMAN
DEVELOPMENT

This class explores in depth how themes which begin in early childhood recur later in the life cycle. Building on knowledge of Erik Erikson's theory and other psychosocial and cognitive theories, the participants will add and integrate theoretical and personal knowledge of growth during the life cycle and the interaction between the contexts of development and psychological development. We will examine our own developmental paths and look at choices made and options taken or rejected. A research project focusing

Cynthia Holloway (left), Human Development program assistant, and Lori Yonemitsu, program assistant and certification officer with the Teacher Education Program, work together on a project at the Seattle campus.

on a developmental issue is required.

The class will emphasize development in adulthood.

Prerequisites for HD 201:

1. All of the following:
 - a. M.A. or post baccalaureate student
 - b. Knowledge of Erik Erikson's theory and other psychosocial theories
 - c. Knowledge of cognitive theories
 - d. Ability to observe and interpret data
 - e. Ability to reflect on one's own and others' life development and process or
2. M.A. or post-baccalaureate student, and previous completion of HD 200.

Not open to B.A. Students.

**HD 203 3 UNITS
THE EARLIEST YEARS**

Focus on the significance of earliest childhood, from birth to age three, in the human life cycle, with emphasis on trust and autonomy, sensory-motor explorations, and the beginning of language and play. This course will examine the range of typical and atypical development in diverse cultural contexts in the preschool years. Observation of child behavior from the perspective of its meanings for the child will be included. Students will develop skill in designing culturally relevant and inclusive home and group care environments for optimum development of caring relationships and learning.

**HD 213 3 UNITS
EVALUATING ENVIRONMENTS AND PLANNING FOR CHANGE**

The goal of this class is to teach people who are responsible for children and children's programs to analyze environmental dimensions and to examine the range of environmental variables that govern the behavior of children and staff.

There will be opportunities to observe at Pacific Oaks and in other settings and to problem solve by altering the environment. This class is recommended for those anticipating doing a practicum in the Spring semester. By arrangement, this class may give credit for Administration/Supervision of Child Care Programs.

**HD 218 3 UNITS
COGNITIVE DEVELOPMENT:
HOW CHILDREN LEARN**

An active investigation of the implications of cognitive developmental theory for early childhood education and the elementary classroom. Objectives of the class include: 1) acquisition of understand-

ing of basic constructivist theories, primarily those of Piaget and Vygotsky; 2) exploration of the cultural and developmental perspectives of cognitive theory; and 3) application of theory to the diverse educational needs of children. Emphasis will be placed on the implications of constructivist theory in terms of the role of the teacher, the classroom environment, and the curriculum.

**HD 220 3 UNITS
SOCIOLINGUISTICS: ISSUES OF LANGUAGE AND CULTURE**

Focuses on the development of language within the social context and its implications as one of the most powerful transmitters of culture. The role of language as a tool of social domination or liberation will be explored. Emphasis will be placed upon issues of bilingualism and literacy as they relate to the process of bicultural development in American society; on analyzing primary and second language acquisition; and on instruction of bilingual learners. This course meets one of the CLAD requirements in California and a bilingual and/or ESL endorsement requirement in Washington.

**HD 228 3 UNITS
CHILDREN'S LITERATURE**

Required for this class is a willingness to be both adult and child as we explore and examine the impact of books upon young minds. We will create positive and memorable curriculum experiences for children by group exposure to a wide variety of children's books and methods. We will explore when and how to use books and language to meet specific needs, and how to create an environment that encourages a magical encounter between children and literacy.

**HD 231 3 UNITS
COMMUNICATION FOR EMPOWERMENT**

This class will empower students to make connections with other people. Four areas of communication will be addressed: active listening for meaning; fluent concise and organized writing; active, appropriate, and engaging group facilitation and leadership; and articulate, organized verbal communication and presentation of self. In addition, students will develop and strengthen their ability to think critically, integrating the subjective and objective, in all the areas of communication. They will examine the impact of their values and biases on communication across cultural, racial, class and gender lines.

**HD 232 3 UNITS
COMMUNICATION SKILLS AND INDIVIDUAL DYNAMICS**

In spite of the fact that we spend a great deal of our time with others, rarely do we have an opportunity to see ourselves clearly as we interact with others. The capacity to see ourselves clearly in social interactions is the nucleus of our empathy and the basis of the helping process. Hence, knowledge of ourselves is, indeed, very valuable, in that it leads into the worlds of other people. The focus of the present class is largely experiential, with a central objective being the improvement of our communications skills and the use of ourselves in positive ways in interactions. Students will have the opportunity to learn about themselves by sharing their thoughts, ideas and feelings with group members. A variety of techniques will be used to assist us in our learning and growing. Among these will be active listening, re-framing, role-playing and socio-drama. Context-building for mutual understanding will be an ongoing component of the class.

**HD 240 3 UNITS
MODELS AND METHODS OF PARENT INVOLVEMENT**

Students study the many avenues for parent involvement within preschool and elementary programs, both direct classroom participation and program support activities. Cultural and socioeconomic factors, the realities of working and single-parent families, and variations among program types are considered. This class meets the three-unit Home, School and Community requirement for state licensing for Early Childhood Education/School Director.

**HD 246 3 UNITS
PLAY IN CHILDHOOD**

An exploration of play as a human adaptive function with a distinct developmental course, beginning in infancy and varying in content and mode from culture to culture. Emphasis will be placed on the ability to observe children's play and to make use of these observations in planning for a child; the importance of the physical environment; and the setting up of environments for play that will engage children in using the skills that are prerequisites for academic learning. Cultural and gender issues and ways to support cultural expression and non-sexist play opportunities will be considered. Although our focus will be on early years, we will address the integrative and transformative function of play as it contrib-

CLASS DESCRIPTIONS

utes to the lives of individuals throughout the life span.

HD 250 3 UNITS **DEVELOPING ANTI-BIAS CURRICULUM: TEACHING OUR VALUES TO OUR CHILDREN**

This class will introduce foundational concepts, models and rationale for developing anti-bias curriculum, with a particular focus on early childhood education and developmentally appropriate practice. Attitudes and behaviors towards others in the areas of gender, race, culture, abilities and class will be addressed. Other content will include: developmental issues, curriculum models, analysis of resources/materials and beginning advocacy tools. The importance of self-introspection and critical thinking will be stressed.

Prerequisite: HD 400 or permission of instructor.

HD 254 3 UNITS **AUTHENTIC INFANT—COMPETENT CHILD**

Class content will consist of analyses of diverse approaches to infant-rearing with special emphasis on the Pikler methods. Topics will include: sensory-motor development, manipulation, human relationships and problem solving; infants', parents' and carers' needs; what is an "educarer"; how, what, and when do infants learn; how, what, and when to teach; effects of environments ranging from neglectful to over-stimulating. Instruction will include lectures and discussions. Students will observe environments where infants are reared; discussion and evaluations will follow.

HD 262 1 UNIT **RESEARCH SEMINAR**

This class concerns the logic of inquiry: defining terms, shaping a problem into the form of an answerable question, and the answering of the "so what?" when information is assembled. For B.A. students this class must be taken in conjunction with a class that requires a research project. This requirement is noted in class descriptions.

HD 273 3 UNITS **EDUCATION FOR CRITICAL CONSCIOUSNESS**

Paulo Freire taught adults in Brazil; Sylvia Ashton Warner taught children in New Zealand. Both taught oppressed populations and believed that people learn through what they are passionate about. Their work will be read and discussed along with that of other theorists who

have similar beliefs about such issues as moral development, relationships and literacy/curriculum.

HD 277A 1 UNIT **THESIS DEVELOPMENT**

Students will develop and refine their thesis topic while developing an understanding of the elements of both a formal proposal and thesis, including literature review, methodology and data analysis.

This class may not be audited.

HD 277B 1 UNIT **THESIS DEVELOPMENT**

Students will continue development of their methodology while having the opportunity to initiate literature searches, provide and obtain feedback on their methodology and instruments. Students must be able to produce a draft of a proposal to complete this section of the class successfully.

This class may not be audited.

Prerequisite: HD 277A, or waiver.

HD 277C 1 UNIT **THESIS DEVELOPMENT**

Students will learn to organize their writing, develop themes, review technical writing skills and practice editing thesis and proposal material. Students must present a draft proposal for review to complete this section.

This class may not be audited.

Prerequisite: HD 277A or HD 277B, or waiver.

HD 282 3 UNITS **SOCIAL AND POLITICAL CONTEXTS OF HUMAN DEVELOPMENT**

The diverse social and political contexts of our society affect the socialization of the individual and his/her understanding of human development. This class examines attitudes toward gender, class, race/ethnicity, disability and sexual orientation, along with the historical contexts within which specific theories of human development were created. Students are challenged to examine these influences on their own growth and perceptions of human behavior, to define their personal ethics within the context of contemporary society, and to search for creative professional responses to inequality and bias. A variety of methods, including experiential activities, small group discussion, weekly writing, reading, and mini-lectures are utilized.

HD 285 3 UNITS **DEVELOPMENT OF BICULTURAL CHILDREN**

This class will specifically focus on a framework of bicultural development as it compares with monocultural developmental theories. The pertinent issues and major social-ecological influences that play an important role in shaping the development of bicultural children will be explored. Culture and cognition, bilingualism, the biculturation process, and cultural psychological dynamics as they relate to personality and development and identity formation will be examined. An overview of the current literature in the field will also be discussed.

HD 288 3 UNITS **DEVELOPMENTAL ASSESSMENT AND PROGRAM PLANNING**

An examination of the uses of assessment to enrich our knowledge of children and guide the planning of education and interventions for them. Observational techniques, standardized tests, informal assessment measures, developmental assessments, and alternatives to current testing practices will be discussed. Students will be asked to assess one child and plan a program to meet the child's needs.

HD 292 1-3 UNITS **INDEPENDENT STUDY**

Independent study requires that a student design a project of one to six months duration and find a faculty supervisor. An independent study contract signed by the faculty supervisor is required prior to registration. Classes offered at Pacific Oaks may not be taken for independent study. Please refer to the Schedule of Classes for registration deadlines.

HD 298 1 UNIT **ASSESSMENT OF EXPERIENCE**

This class is designed for mature students with professional experience in a human development-related field who seek to apply for special admission to either the Pacific Oaks B.A. or M.A. program. This Life Experience Seminar will provide an opportunity for mutual advising and evaluation in working out the documentation of experience and the plan for a program at Pacific Oaks.

Prerequisite: Admission to B.A. or M.A. program through ABLE option.

HD 299 1-3 UNITS **THESIS/MASTER'S PROJECT**

Required registration for all students completing a thesis or project in the semester the thesis is completed. Registration

Taka Nomura, member of the first faculty in 1945, Pacific Oaks Friends School, at a recent visit to the Children's School.

is also required for all students working on a thesis or project, who are NOT currently enrolled in HD 277. Three units are required for the first registration in HD 299 and zero units per semester for two semesters at which point the thesis/project is submitted. Students who have not completed the thesis/project at the end of three terms must enroll in one unit per term until completion.

Prerequisite: An Advancement to Candidacy form signed by the Thesis Chairperson on file in College Records.

HD 308 3 UNITS WOMEN IN ADMINISTRATION

Designed to help women pursue a career in administration, and to explore the political and social forces that affect decision making, understand the importance of style and image, develop networking techniques, learn effective communication skills and examine sexual harassment. Students will develop class projects, conduct interviews, examine and compare research findings, and participate in mini-seminars, as well as evaluate various class guest speakers. By arrangement, this class may give credit for Administration/Supervision of Child Care Programs.

HD 309 3 UNITS COMMUNICATION AND THE LIFE CYCLE

A class about life cycles and communication concepts. It is a goal of this class to enhance understanding of the interconnected and interdependent components of communication and tasks of various life cycle changes. Whether it's an infant learning about trust, an older adult learning to adjust to physical and mental changes, or any of the many stages in between, we all have a vital need to communicate with one another. Focusing on specific life cycle stages and how attention to communication can facilitate engagement with the task of that stage will provide valuable information for personal and professional relationships. Communication and life cycle issues will be addressed in a holistic way, looking at the needs of both parties as well as the social context of interactions.

HD 310 3 UNITS CONFLICT RESOLUTION AND MEDIATION

This class is designed for human service professionals, including teachers, educational administrators, and marriage and family counselors, who work with children, adolescents, and families. Participants will examine the nature of human

conflict and effective strategies for conflict resolution, and will explore methods for developing programs which promote the peaceful resolution of conflict.

The class will focus on the techniques and models for conflict resolution, mediation, and creative problem-solving in various conflict areas, including the family, the school, and the workplace. Techniques for effective communication, brainstorming and cooperative group decision-making will be explored. Communicating across cultures, and bias awareness issues will be explored within all content areas. Class format will include discussion, lecture, reading, writing, demonstration and role playing.

HD 331 3 UNITS TEAM BUILDING FOR EARLY CHILDHOOD EDUCATORS AND PARENTS

Designed for administrators, teachers, staff, and parents to create an effective team which values working together with mutual respect. Among the issues addressed will be: 1) including parents as members of the team working for the growth and support of the children; 2) developing clear communication, written and oral, formal and informal and 3) exploring experiences of power and powerlessness among people with diverse roles, perceptions, and histories. Questions will include: What can you do from where you are? What is your responsibility when you are caught in the middle of a problem? How can you deal with issues that are not clear? How can you enable people to deal directly with others? This is an equivalent class for HD 240, Models & Methods of Parent Involvement, with permission of advisor.

HD 337 3 UNITS PLAY, LANGUAGE AND LITERACY DEVELOPMENT

How do young children develop the skills they need to grow up competent in a literate society—language, dramatic play, using tools and materials to represent their experience, and reading? An examination of the development of symbolic behaviors and the role of adults in supporting children's play, language and literacy.

HD 340 3 UNITS LEADERSHIP IN EDUCATION

This class is a seminar for professionals in leadership situations who work in early childhood education and other human service professions. Theoretical emphasis is on educational issues in contem-

porary society. Topics include: working effectively with diverse colleagues and families; program development and administration; strategies for facilitating empowerment, responsibility and advocacy; adult supervision; and professional growth and survival. Students will be expected to reflect upon their own practice and values, to observe other adults working with children and their families or with other adults, and to explore the integration of values into practice.

HD 343 3 UNITS TEACHING AS PERFORMING ART

Participants explore creative drama as an improvisational, non-exhibitional, process-centered form of expression in which students are guided by a leader to imagine, enact, and reflect upon human experiences. The purpose is to provide an alternative approach to teaching social studies and integrated arts which opens children's minds, stimulates their imaginations and language abilities, and spark their enthusiasm for continued personal development and discovery. This class may also serve as a practical guide for classroom teachers, recreational leaders, and others who want to initiate creative drama activities in a variety of subject areas and need help in getting started.

HD 360 3 UNITS ADVANCED STUDIES IN DIVERSITY AND ANTI-BIAS ISSUES

An in-depth, critical examination of the impact of institutional oppression on human service programs for children and adults and the significance of cultural and political contexts on individual development and learning. Students will study new research and methods for working with bicultural children and adults, and develop skills for doing anti-bias human service work and advocacy. Format is a graduate seminar individualized to the participants' interests and issues. Students are expected to engage in developing their own theoretical and methodological framework for bicultural and anti-bias work.

Prerequisites for HD 360:

1. All of the following:
 - a. M.A. or post-baccalaureate student
 - b. Experience working on issues regarding sexism, racism, classism, and disability
 - c. Demonstrated commitment to social justice

- d. Understanding of the dynamics of institutional and individual biases and use of power, or

2. M.A. or post-baccalaureate student and previous completion of HD 282.

Not available to B.A. students.

HD 396 3 UNITS
CONTEMPORARY URBAN ADOLESCENTS

This class will focus on several issues that affect the quality of life of adolescents in urban areas. Subjects for study will include: unemployment/underemployment; gangs and other peer pressures; early sexuality; teen pregnancy; AIDS and other sexually transmitted diseases; and drugs. We will examine these topics from a developmental perspective and visit programs that are addressing them.

HD 400 3 UNITS
WORKING WITH CHILDREN IN A DIVERSE WORLD

This class examines the developmental needs of children and the different assumptions which underlie developmental and constructivist approaches to working with children. It includes an exploration of the uses of interpersonal power in settings where adults and children encounter each other, opportunities to observe children in a variety of contexts, and the examination and development of effective facilitative strategies for teaching counseling, parenting, and social and educational change. Emphasis will be on valuing diversity and respecting the individual; active experiential learning; interaction between theory and practice; and the impact of social contexts on oneself and others.

HD 401 3 UNITS
WORKING WITH ADULTS

Students are introduced to a rationale and methodology for working with adults in educational, therapeutic and other human services settings. Topics covered will include supervising adults, staff evaluation, leadership style, communication, and problem solving. Emphasis is on valuing diversity and respecting individuals; active, experiential learning; the interaction between theory and practice; the impact of social contexts on oneself and others. Students will use observation to enhance their understanding of the challenges inherent in working with adults. They will develop strategies to facilitate adult empowerment and learn to advocate responsibly in diverse settings.

HD 410 3 UNITS
DEVELOPMENTAL EDUCATION

This class examines traditions that underlie a developmental, experiential, open-structured approach to education; one's own values and the values reflected in school programs and practices; the role of education as a tool of oppression and liberation for different groups in society; and personal and political strategies for educational change. Issues and trends in early childhood education are considered from a developmental, cross-cultural perspective. Implications for older children and adult learners will also be explored.

HD 415 3 UNITS
EMERGENT CURRICULUM: REFLECTING LEARNER LIVES

Emergent curriculum is a values based approach to teaching and learning which focuses on who the students are, their socio-cultural context and current issues, in order to shape "what happens" in an educational setting. Decision-making about curriculum should be negotiated by those who know the learners best. In this approach, the focus is on the community that teachers and learners create and involve in their lives together.

In this class, students will explore sources of emergent curriculum, power dynamics, the balance between advanced planning and spontaneity, and issues of cultural relevancy and accountability. Participants will be required to actively engage in their own classroom in teacher roles that are central to the emergent curriculum process—observation, analysis, collaboration, research and documentation. Implication for learners of all ages will be considered, with a focus on the early childhood classroom.

HD 420 3 UNITS
THE ART OF OBSERVATION

Observation is a basic teaching and assessment tool in early childhood education and a necessary skill in the field of counseling. When you observe a child: What do you see? What do you look for and why? How do you interpret what you are seeing? How do you translate what you have observed into goals for intervention? Participants will observe children and adults, share and evaluate frameworks for observation, and get feedback on observational skills.

HD 427 3 UNITS
WORKING WITH BICULTURAL CHILDREN

Focuses on the methodological issues as they relate to effectively working with bicultural children. Learning theory and motivational concepts based upon research with bicultural children will be examined. Bicultural curriculum and bilingual program components will be discussed. Students will be required to participate in several on-site classroom observations in bicultural and bilingual settings. Particular emphasis will be placed on integrating the principles of bicultural development into the practical application of an effective educational approach.

Meets concurrently with HD 416, Practicum: Bicultural Development.

HD 440 3 UNITS
ADMINISTRATION OF CHILD CARE FACILITIES

This class will identify approaches and techniques for working with parents, issues concerning programming, supervision of staff, and providing on-going growth and training of staff. We will discuss the skills and techniques necessary to administer a variety of early childhood education programs, including preschool and day care. Such issues as budgeting, record keeping, authority, communication and creativity will be discussed.

HD 442 3 UNITS
CHILDREN'S ART STUDIO PRACTICUM AND SEMINAR

Students will work directly with children ages two to nine years in the Children's Art Studio, supervised by resident artist; learn age-appropriate art curriculum using various media, and apply skills and knowledge in directed teaching. Included are the art of preparing and hanging exhibitions, ceramic kiln firing, documenting and cataloguing children's art for the Pacific Oaks Permanent Collection. Written and photo-documentation are required. Enrollment is limited. Consent of instructor required. Teacher Education students, please consult your advisor.

May be repeated for credit up to a maximum of 8 units.

HD 450 3 UNITS
ECOLOGICAL OF WORKING WITH CHILDREN

This class is an in-depth examination of educational and therapeutic practices using ecological and historical perspectives. The content of the class is individualized, built upon the interests and issues of students. This class will examine the

"My experiences here at PONW have been exhilarating. The friends and colleagues I have met will be with me forever. I have enjoyed the diverse population Seattle has to offer in its school system."

Beatrice Gordon

Student

M.A. Human Development

dynamic interaction between practice, reflection and theory, and include close attention to the impact of diversity and cross-cultural issues on our work with children. Through critical thinking, data analysis and review of the literature, students will be expected to develop their own theoretical and methodological framework for working with children and adults in a diverse world.

Not available to B.A. students.

**HD 452F 1-3 UNITS
REFLECTIVE TEACHING: FIELDWORK**

This class requires that students have a job or internship/apprenticeship which involves them in ongoing work with children. Credit is based on 45 hours per unit of fieldwork, reflective journal keeping and online seminar participation. Open to Distance Learners only.

**HD 452O 1-2 UNITS
REFLECTIVE TEACHING:
OBSERVATION**

Observation of children and teachers in one or more classrooms, with particular attention to the implementation of developmental theory. Credit is based on 45 hours per unit of observation, reading and online seminar participation. Open to Distance Learners only.

**HD 453F 1-3 UNITS
ADMINISTRATION/SUPERVISION:
FIELD WORK**

Requires that students have a job or internship/apprenticeship, which enables them to take responsibility in administration and/or supervision. Credit is based on 45 hours per unit of field work and journal keeping.

Not available to B.A. students.

Prerequisite: Permission of Advisor.

**HD 453O 1-2 UNITS
ADMINISTRATION/SUPERVISION:
OBSERVATION**

Observation of one or more persons whose work, the culture in which it takes place, and whose style of dealing with their work is of interest to the student. Students function as observers, rather than as participants, in daily processes. Permission of the individual(s) being observed is required. Credit is based on 45 hours per unit of observation and reading.

Not available to B.A. students.

Prerequisite: Permission of Advisor.

**HD 454F 1-3 UNITS
COLLEGE TEACHING/TEACHING
ADULTS: FIELD WORK**

Requires that students be either employed as the teacher of a college class, or be involved in an internship/team teaching arrangement which enables them to take a responsible role co-teaching in a college class. Credit is based on 45 hours per unit of field work and journal keeping.

Not available to B.A. students.

Prerequisite: Permission of Advisor.

**HD 454O 1-2 UNITS
COLLEGE TEACHING/TEACHING
ADULTS: OBSERVATION**

Observation in one or a variety of college classes, with special attention to instructional process and strategies. Credit is based on 45 hours per unit of observation and reading.

Not available to B.A. students.

Prerequisite: Permission of Advisor.

**HD 456F 1-3 UNITS
PARENT/COMMUNITY WORK:
FIELD WORK**

Requires that students have a job or internship/apprenticeship, which enables them to take responsibility for work with parents. Credit is based on 45 hours per unit of field work and journal keeping.

Not available to B.A. students.

Prerequisite: Permission of Advisor.

**HD 456O 1-2 UNITS
PARENT/COMMUNITY WORK:
OBSERVATION**

Observation of one or more persons whose work, the culture in which it takes place, and whose style of dealing with their work is of interest to the student. Students function as observers, rather than as participants, in daily processes. Permission of the individual(s) being observed is required. Credit is based on 45 hours per unit of observation and reading.

Not available to B.A. students.

Prerequisite: Permission of Advisor.

**HD 460 3 UNITS
SEMINARS IN BICULTURAL
DEVELOPMENT AND EDUCATION**

These seminars are designed to focus on bicultural development and its implication for educators and human service professionals working in bilingual and/or bicultural communities. The seminars will be constructed on identified needs in the bicultural specialization and the areas of interest of faculty members who will

be teaching the course. Each weekend will be a contained "mini class." Students may take one or all three weekends. Specific topics will be listed in the class schedule when the class is to be offered.

Offered Weekends in Pasadena and Seattle.

**HD 464 3 UNITS
COMMUNITY AS A CONTEXT
FOR DEVELOPMENT**

Children develop as unique individuals in the context of complex communities. Growth and identity are influenced by the social dynamics and interactions of the diverse families and cultural institutions in which children live. This class focuses on theoretical and practical aspects of building, reflecting, and including "community" in early childhood and primary classrooms. Students will be expected to create strategies which use the child's community to enhance learning and build a sense of belonging. This class will explore community-building as an avenue to examine and promote cultural competence and advocacy for children.

**HD 465 4 UNITS
REFLECTIVE TEACHING SEMINAR**

Reflection on one's own practice with children and analysis of the implementation of developmental theory. Self observation, being observed by others, and observing at other sites are all required. Class open to full-time, experienced teachers of young children only.

Prerequisite: Consent of advisor, and current full-time employment as a lead teacher with young children.

**HD 466 3 UNITS
WOMEN IN ART**

A hands-on series of art experiences by, for and about women. We will discover and practice our own forms as we become acquainted with the forms created by women artists from every continent. We will explore the relationships between the traditional art forms and contemporary art forms. We will apply these findings to the art education of our children. Attendance at one museum or gallery show of women's work and a written review will be required.

**HD 467 3 UNITS
FOUNDATIONS OF TEACHING ART:
RELEASING THE IMAGINATION**

Numerous studies show that students who are exposed to a creative and nurturing art program are also more likely to excel in all areas of school. If you have always considered yourself to be "art phobic"

but have the desire to use art techniques in your classroom, this course is designed to empower you—and your students. We will explore art theory as well as hands-on art making. Beginning with an examination of the nature of creativity, the class will evolve into practical, hands-on techniques and concepts that can be put into immediate use. Areas of study will include printmaking, sculpture, cartooning, approachable and achievable drawing techniques, working with charcoal, pastels, watercolors, use of unorthodox materials, etc.

HD 468 2 UNITS
GRADUATE SEMINAR IN ART EDUCATION

This seminar will provide Master's candidates with an opportunity to pursue in-depth those areas of interest to which they have been drawn during their course of study. Through reading and dialogue, participants will sharpen their focus on the issues of art education they find most challenging. Participants are expected to be conversant with art theories and to work toward evolving their own philosophy of art education. Study topics will include: the relationship of the artist to society; cross-cultural and culture-specific artwork; school as an agent of change and/or socialization; the economics of art; and making space for adults' and children's art. We will create a personal statement of our beliefs over the course of the semester.

Open to graduate students only.

HD 469 3 UNITS
ADULT DEVELOPMENT: MISSION AND VISION

We construct mission and vision in our lives through the developmental tasks we encounter. In turn, mission and vision inform our life choices in deep and meaningful ways. Together, we will examine the emergence and development of meaning in the adult years through our own as well as others' stories.

HD 471 3 UNITS
IMPLEMENTING ANTI-BIAS CURRICULUM

Designed for educators with some experience in anti-bias curriculum, this class will synthesize national standards, state frameworks and district courses of study with a developmental, anti-bias philosophy. Developing interdisciplinary curriculum, critically analyzing current instructional practices and infusion of an anti-bias curriculum into all content areas are the main objectives for this class. This is the

"how to" class for putting anti-bias curriculum into action in the classroom.

I—Early Childhood Education
II—Elementary Education

Prerequisite: HD 400, HD 282 or experience.

HD 472 3 UNITS
ADVANCED STUDIES IN IMPLEMENTING ANTI-BIAS CURRICULUM

This class is designed for students who are interested in strategic planning, institutional changes, and skills for working with adults within an anti-bias framework. Class format will include discussions, interactive activities utilizing case studies and policies, readings and written assignments. Students are expected to engage with each other in critical analysis of educational practices and societal obstacles to deepen their theoretical knowledge and to define levels and models of advocacy work. An action project will be required.

Prerequisite: HD 282 or 360, or permission of instructor.

HD 474 3 UNITS
INTERVENTION MODELS IN EARLY CHILDHOOD EDUCATION

This class will focus on the social, emotional, and developmental needs of young children who are deemed at risk for a variety of reasons; family dysfunction, child abuse, neglect, and prenatal drug exposure. Issues and practice involved in working with children and families, models of respite, residential and family reunification programs will be examined, as will their theoretical premises. The class will visit programs that represent models of successful intervention and reunification.

This class replaces HD 249, Preventive Intervention for Infants & the Very Young, and HD 475, Working with Drug-Affected Infants, Toddlers & Their Families. It is a required class for the Infant/Toddler specialization, and an approved elective for the Early Childhood and Developmental Education specializations.

HD 476 3 UNITS
QUALITATIVE METHODS

This class is designed to teach students the underlying principles, theoretical approaches and applied skills of qualitative research by focusing on formulating research questions, gathering data, categorizing, coding and analyzing collected information in preparation for documenting and presenting research. Ethnography, narrative analysis, case study and inter-

viewing strategies and methods will be explored. Recommended for students engaging in completion of or interested in engaging in a qualitative master's thesis.

HD 477 3 UNITS
ANTI-BIAS CURRICULUM WITH ADULTS

We will explore: (a) the pedagogical principles, strategies and activities for promoting anti-bias education with E.C.E. students, staff, parents and other caregivers; (b) the issues, obstacles and developmental journey adults travel when engaged in anti-bias education; and (c) the knowledge base, skills and dispositions required of anti-bias education trainers. Class methods include experiential activities, reflective discussions, mini-lectures, reading and writing. Students must have a working knowledge of anti-bias curriculum. Completion of HD 282, Social and Political Contexts of Human Development, is strongly recommended.

HD 478 3 UNITS
WORKING WITH FAMILIES IN A DIVERSE WORLD

This class is designed for educators, counselors and other human services professionals who work with families directly or as allies for their young children and adolescents. We will examine the psychosocial developmental stages/tasks of families, the critical importance of culture/ethnic traditions, values and beliefs and how these all affect our relationship as advocates. Learning objectives will include utilizing culturally sensitive methods to assess family needs, designing and implementing supportive social service and community structures, developing appropriate interventions and promoting effective communication and interaction within the family and between the family, school, social service agency, or other professionals. Within this context, students will develop strategies to be more successful individual, interpersonal and institutional change agents. The emphasis will be on active, experiential learning, interaction between theory and practice, and the impact of social, ethnic, gender and class contexts on ourselves, and our work with children and families.

HD 480 3 UNITS
DEVELOPMENTAL PRACTICUM SEMINAR: 0-3 YEARS

This seminar is designed to provide an opportunity for students placed in Pacific Oaks' programs for children infant through age three, and off-site practica to discuss relevant issues. The seminar will explore

John Nimmo, Pacific Oaks College alumnus and PONW faculty member.

relevant issues. The seminar will explore the relationship between theory and practice in programs for children under three years of age, examine developmental issues, teacher/care giver roles, and the relationship between group care and families. Students will explore and practice techniques for the observation and recording of behavior and writing developmental summaries, examine environments for young children and plan, implement, and evaluate developmentally appropriate, culturally relevant, anti-bias experiences for infants, toddlers, and twos. Students will also explore team teaching, examine program issues, and consider the social and political aspects of group care.

Students spend 12 hours/week in placement. Teacher Education students consult with your advisor.

**HD 481 3-4 UNITS
DEVELOPMENTAL PRACTICUM
SEMINAR: 3-5 YEARS**

This seminar is designed for students placed in Pacific Oaks' Preschool and Child Care programs, and off-site practica. Discussions will include developmental issues, curriculum, differences in scheduling for half-day vs. full-day programs, parental support, and group care issues. The seminar will incorporate observing and recording techniques, development and implementation of anti-bias, culturally relevant curriculum, environmental analysis, and will explore the relationship between theory and practice. Students will be expected to articulate the difference between half-day pre-school programs and full-day child care programs. Students spend 12 hours/week in placement. Teacher Education students consult your advisor.

**HD 482 3-4 UNITS
DEVELOPMENTAL PRACTICUM
SEMINAR: 5-8 YEARS**

This seminar is designed for students placed in the Pacific Oaks Children's School or in off-site kindergarten or primary programs. Based on child-centered theory and best practices, life experiences and the developmental needs of individual children are the cornerstones of curriculum for this age range and consequently, for the seminar. Both cognitive and affective growth are addressed by both the core curriculum and practicum design, which includes hands-on activities in the areas of science and math (such as blocks, math manipulatives, gardening, and cooking); language arts (dictation of stories, poetry, visual,

and three-dimensional arts, journals, and books); and social development (families, lifelines, and the exploration of the neighborhood and community).

Additionally, attention is particularly directed to the wide range of readiness in this age group and the resulting implications for the emergence of the foundations of the academic skills (reading, writing, arithmetic). The curriculum balances teacher-initiated with child-initiated activities, demonstrating that the child and the adult are active partners in learning.

Observing children, practicing the writing of developmental summaries, articulating the challenges of an integrated curriculum, working with mainstreaming experiences, involving parents, and learning about environmental education are major components of the practicum. The antibias perspective is woven into the curriculum that includes a focus on conflict resolution and issues of inclusion, respect and diversity in the classroom.

**HD 499 1-3 UNITS
SPECIAL TOPICS:**

Special interest classes. See current Schedule of Classes for specific description(s).

**HD 499 1 UNIT
SPECIAL TOPICS: RESEARCH PROJECT**

This is a 1 unit class offered as a way to meet the research competency requirement for students who take HD 200 Early Childhood Themes and Life Cycle Issues or HD 201 Advanced Studies in Human Development as a weeklong class. This class may also be used by students who wish to develop a research project. Students will learn about the process of writing a research paper, develop a research question, examine the literature relevant to their question, explore various ways of collecting and analyzing data, and complete a formal research paper.

**HD 601 3 UNITS
ARTS AND SOCIAL CHANGE**

Treatment of societal issues in art as well as art education. Topics will include art as an anti-bias tool, the inclusive potential of art, and art as a political statement.

**HD 602 3 UNITS
THE COMMUNITY AS CLASSROOM:
FORGING CONNECTIONS THROUGH
THE ARTS**

Every community has a wealth of people, places and organizations on which schools, human service agencies and other institutions can draw to enrich the quality of care, education and opportunities to con-

struct meaningful experiences. Incorporating scholarship and methodologies from visual and performing arts, folklore, oral history and intergenerational programs, this course views field trips and site visits by artists and local residents as being at the heart of the human services rather than enrichment activities. The course will explore ways to integrate the rich resources of local communities into classrooms and institutions that encourages exploration and discovery. Curriculum will include visits to studios of local artists, who will explore technical application in the arts through a variety of media. As part of the course, students will participate in a field trip of their own and develop a project based on the experience.

**HD 603 2-4 UNITS
ART EDUCATION: FIELDWORK**

Students are required to spend a specific number of hours in a minimum of two different settings during the course of the semester. Responsibilities of the student must include planning, implementation and documentation of an art curriculum. Each student will create a portfolio that includes documentation of communication in four arts disciplines; communication and mastery in at least one art form; development and presentation of basic analyses of works of art from informed structural, historical and cultural perspectives; and the relation of various types of arts knowledge and skills within and across disciplines. Students will gain an informed acquaintance with exemplary works of art from a variety of cultures and historical periods and from combinations of those perspectives; and derive their own knowledge, beliefs and values for making personal and professional artistic decisions. Students will also acquire a well-grounded understanding of the nature, value and meaning of the arts as part of their own humanity.

Students are required to complete at least one fieldwork experience and could be expected to complete two. The specialization advisor would determine this based on the student's experience and program goals.

**HD 604 1 UNIT
ART EXHIBITION**

In the course graduate students will plan and prepare for display, 15-20 selected pieces of project work, integrating accessible and affordable techniques and methods; design and distribute exhibition materials; and submit a portfolio of the exhibition along with a narrative about the process for the permanent collection.

MARRIAGE, FAMILY & CHILD COUNSELING

MFT 221 3 UNITS THEORIES OF MARRIAGE, FAMILY AND CHILD COUNSELING

This class will review the major psychotherapeutic approaches in marriage, family and child counseling. There will be a focus on interpersonal theories, family systems theories, and feminist theory and how each informs work with individuals, couples, families, and children. The class will present an inclusive framework, so that students develop competency working with bicultural populations.

MFT 224 3 UNITS MFCC PRACTICUM I

This class is developmental in its approach combining supervision issues that arise in clinical placement with theoretical issues studied in class. Various psychotherapeutic techniques will be examined and clinical skills in intake evaluation, assessment, diagnosis and treatment will be developed. This class will monitor and support the students' experience in clinical placement and will study issues of counter/transference, spousal abuse assessment and treatment, interventions with various types of crises and ongoing treatment and termination. An understanding of the impact of social, racial, cultural, gender and sexual orientation issues in psychotherapy will be promoted. The class will also examine a wide variety of ethical, professional and personal issues that impact the mental health professional in the pursuit of the profession within the market reality of present day health care systems.

MFT 225 2 UNITS PROFESSIONAL ETHICS AND THE LAW

The class reviews the following areas:

1. Contemporary professional ethics and statutory, regulatory, and decisional laws that delineate the profession's scope of practice;
2. The therapeutic, clinical, and practical considerations involved in the legal and ethical practice of marriage, family, and child counseling, including family law;
3. Spousal or partner abuse, detection, and intervention.
4. The current legal patterns and trends in the mental health profession;
5. The psychotherapist/patient privilege, confidentiality, including issues relat-

ed to a patient being dangerous to self or others and the treatment of minors with and without parental consent;

6. A recognition and exploration of the relationship between a practitioner's sense of self and human values and his or her professional behavior and ethics.

This class meets the requirements for the California MFT license.

MFT 226 3 UNITS MFCC PRACTICUM II

This class is developmental in its approach combining supervision issues that arise in clinical placement with theoretical issues studied in class. Various psychotherapeutic techniques will be examined and clinical skills in intake evaluation, assessment, diagnosis and treatment will be developed. This class will monitor and support the students' experience in clinical placement and will study issues of counter/transference, spousal abuse assessment and treatment, interventions with various types of crises, ongoing treatment and termination. An understanding of the impact of social, racial, cultural, gender and sexual orientation issues in psychotherapy will be promoted. The class will also examine a wide variety of ethical, professional and personal issues that impact the mental health professional in the pursuit of the profession within the market reality of present day health care systems.

MFT 235 3 UNITS CROSS-CULTURAL MORES AND VALUES: SOCIO/CULTURAL ENVIRONMENTS

This class is designed to consider and present a conceptual framework for review and incorporation of sociocultural factors into clinical and communication theories and practices. Specific cultural content (with emphasis on family history, structures, dynamics, values, mores, adaptive strengths, and coping styles) and socio-political constraints on human development (with emphasis on racism and normative value psychology) will be examined. The importance of racial/ethnic identity is highlighted as the core of one's self-identity, the framework which has shaped personality, and the basis for understanding diagnostic assessment, treatment goals and the realizations of successful interrelations. The objective of the class is to develop knowledge of and an openness and sensitivity to the cultural differences.

Prerequisite: HD 282, Social and Political Contexts of Human Development and/or HD 360, Advanced Studies in Diversity.

MFT 237 1 UNIT HUMAN SEXUALITY AND SEXISM

This class focuses on the professional and personal aspects of human sexuality. The class will explore various issues including the development of a working vocabulary of appropriate language and a knowledge of procedures that enable people to feel more at ease discussing sex. Because sexuality is an integral part of the whole person, the following topics are addressed: anatomy, physiology, communication, sex therapy, sexuality in childhood and other life cycle periods, and suggested books for clients and their children.

This class is designed to meet the requirement for the California MFT license.

MFT 253 1 UNIT CHILD ABUSE ASSESSMENT AND REPORTING

This workshop includes the study of the assessment and method of reporting sexual assault, general neglect, severe neglect, willful cruelty or unjustifiable punishment, corporal punishment or injury and abuse in out-of-home care. Physical and behavioral indicators of abuse, crisis counseling techniques, community resources, rights and responsibilities of reporting, consequences of failure to report, caring for a child's needs after report is made, and implications and methods of treatment for children and adults are also included.

This class provides training requirement for the California MFT license.

MFT 267 3 UNITS PSYCHOPATHOLOGY OF ADULTHOOD

A general view of the various definitions and forms of psychopathology is presented in a historical, sociopolitical and cross-cultural perspective. The purpose and history of various diagnostic systems will be discussed. Using the DSM IV as the main paradigm, some of the most prevalent psychopathologies of our culture will be explored. The purpose and usage of DSM IV will be studied. Focus will be on building a cognitive diagnostic competence of, as well as an effective understanding and comfort with, the various mental health disorders. Attention will also be given to etiology, epidemiology and treatment, including chemotherapy. Some of the main psychiatric testing tools will be examined.

Kevin McKeague, student at PONW.

MFT 269 3 UNITS
PERSONALITY THEORIES AND CLINICAL INTERVENTION

This class is designed to explore the various personality theories and study their logical conclusions in psychotherapy. Therefore, each theory will be followed by clinical case discussions, usually chosen from that theorist's writing. In cases where testing material or research techniques were developed from theory, study of these materials will replace clinical material. Active student participation and preparation is essential.

This class provides training requirement for the California MFT license.

MFT 274 2 UNITS
THEORIES AND APPLICATIONS OF PSYCHOLOGICAL TESTING

This class considers the strategies and procedures involved in making decisions about people in a multi-cultural society. Theories of measurements and assessments, standardized testing and psychological tests will be examined. Moral and ethical issues involved in decision-making will be an important focus of this class.

MFT 323 3 UNITS
GROUP THERAPY

The What, Where, When, Why, Who and How of working with groups as a counseling modality. An examination of group practice with individuals, families, adolescents and children. A look at the wide range of populations and problems for which group work has become a therapy of choice. The class will begin to answer the question of how one can become a safe, secure, and successful group practitioner.

MFT 326 3 UNITS
THERAPY WITH CHILDREN

This class will provide an overview of the knowledge base and an introduction to the clinical skills of child therapy. The public and private mental health systems, levels of care, range of child therapy settings, and barriers to access will be discussed. An understanding of migration, class, cross-cultural and intra-cultural variations in normative child and family functioning will be integrated with the development of child evaluation and treatment skills. Multiple theoretical perspectives of child therapy will be considered. The major childhood disorders will be reviewed and applied to specific case material. The range of modalities utilized in child therapy will be explored with special emphasis on the use of play therapy. Clinical assessment and treat-

ment of the child in socio-cultural context will be the focus of practice skills development. Clinical issues in child therapy with special populations will be presented.

Prerequisite: MFT 470—Clinical Theories of Child Development.

MFT 374 1 UNIT
ALCOHOLISM AND CHEMICAL DEPENDENCY

An overview of alcohol/drug abuse and its related disorders within the family unit. Therapeutic issues associated with chemical dependency as it relates to physical, emotional and sexual abuse will be examined, along with various techniques for intervention. Dependency and co-dependency, essential requirements necessary for recovery, and the function of a strong aftercare program will all be explored.

This class meets the requirement for the California MFT license.

Offered on Weekends

MFT 470 3 UNITS
CLINICAL THEORIES OF CHILD DEVELOPMENT

Designed to provide the student with a basic understanding of clinical issues regarding how the child grows. Class will integrate the physical, social, emotional and cognitive aspects of growth and development and how they manifest intrapsychically and interpersonally. Theoretical material will include elements of ego psychology, object relations, self psychology, attachment theory, and infant and child research. Readings will be taken from the writings of Freud, Klein, Balint, Winnicott, Bick, Sarnoff, Mahler, Bowlby, Kohut, Erikson, Piaget and Stern among others. Learning tasks will consist of reading and discussion, assigned observation of children, modeling and role playing, and viewing of films.

MFT 473 3 UNITS
CLINICAL SKILLS IN FAMILY THERAPY

This is a class for advanced students focusing on the clinical aspects in the practice of family therapy. It will provide a brief overview of family therapy and will concentrate on the experiential learning of basic family therapy skills. This class is designed to provide students with direct experiences of the family therapy milieu in the initial session/treatment alliance phase of therapy via observation and role play; assist in the development of a working knowledge of the clinical

skills of family interview, joining, problem formulation, treatment contract, and family case presentation; further the students' awareness of and appreciation for the multiple psychosocial factors which impact families in treatment; and contribute to the development of a personal conceptualization of the process of psychotherapy.

Prerequisite: MFT 221—Theories of Marriage, Family and Child Counseling.

MFT 475 3 UNITS
PSYCHOPATHOLOGY OF CHILDHOOD AND ADOLESCENCE

This class will examine the psychopathology of infancy, childhood and adolescence within a biopsychological, developmental, sociopolitical and family systems perspective. It will address challenges that children, adolescents and their families face that require direct and specialized mental health and social services alongside the appropriate educational services. This is an interdisciplinary class with an emphasis on facilitating intimate understanding, communication and collaboration among the class participants of the three professions of Education, Human Development and Marriage, Family and Child Counseling in the service of children, adolescents and their families.

MFT 500 1-2 UNITS
INTRODUCTION TO TRAUMA, A AND B

This class is an introduction to clinical victimology, trauma theory and practice for people working in a clinical setting of victims of trauma and interpersonal violence. The impact of trauma on the developmental process throughout the life cycle will be examined. The first half of the class will focus on the prevalence and culture of violence in America. In the second half of the class, various treatment approaches for children and adults will be examined. Additionally, the class will examine the effects of secondary trauma that the helpers of victims experience.

A is a prerequisite for B.

MFT 501 3 UNITS
LATINO/A HISTORY AND CULTURE

The topics in this course include the histories of Latino/a ethnic groups in their native countries and their histories within the United States. Histories of immigration, socio-economic conditions, classism and racism, and political issues will be discussed. Traditions, oral histories, literature, and the arts will be used as a way to further examine the docu-

mentation of history and its influence on the culture and variations in behavior.

MFT 502 3 UNITS **LATINO/A FAMILY SYSTEMS**

This course will examine family systems and how Latino/a families are affected by their experiences in the United States. The varied constellation of families including the monocultural traditional family structure, as well as the emerging bicultural/biracial family structure, are among those to be studied. Issues, such as acculturation and generation, class, changing values and beliefs, gender roles, language, religion, spirituality, within group discrimination, the effects of immigration and status, health care, myths, taboos, and traditions will be included in developing a framework in which to understand Latino/a families.

MFT 503 3 UNITS **LATINO/A PSYCHOLOGY**

This course will study issues related to the development of the self and issues related to the mental health profession. Ethnic and self-identity development will be examined as well as the development of self in a collectivist culture. The strengths of the cultural traditions/practices will be examined in understanding the development of one's self worth, as well as the effects of discrimination, acculturation and bicultural experiences. Mestizo/a Psychology and Native Health Models and their application are an integral part of the course. Culturally sensitive theories, assessment and treatment models, cultural bias in assessment and testing, and racism in the mental health professions will be included.

MFT 505 3 UNITS **COMMUNICATION AND COUNSELING SKILLS**

This is an introductory class in developing basic interview/communication skills for use in interpersonal relationships, working with students and parents in educational settings, and an emphasis on the counseling relationship. This class is designed to train the student to see oneself in social interactions in light of one's social/cultural/ethnic context, and to be able to communicate to others clearly, effectively and cross-culturally. There will be a strong emphasis on the skills of active listening, consisting of the skills of empathy, clarification, reflection of feelings, confrontation, as well as others. This will empower the student to function in the helper role of facilitator and counselor.

SPECIAL EDUCATION

SP ED 239 1-3 UNITS **THE CHILD WITH SPECIAL NEEDS: AN INTERDISCIPLINARY PERSPECTIVE**

This class is designed to explore a wide variety of bio-psychosocial perspectives concerning the growth and development of children. For the purpose of increasing the professional's skills, knowledge and sensitivity with children, the following areas will be addressed:

1. Identifying and screening of a child with special needs,
2. Involving parents and others in the process of recognizing needs,
3. Seeking appropriate help for the child and family,
4. Working with other professionals to identify appropriate intervention methods, and
5. Developing strategies for follow through in the learning setting.

Students will be encouraged to critically analyze evaluation and intervention methods of a variety of professional disciplines that work with children and families. Criteria for assessing utility and effectiveness of methodologies will be examined. Issues of career and vocational education will be considered.

Note: The 1-unit section of this course is only available to students in the Internship program.

SP ED 243 3 UNITS **INSTRUCTING CHILDREN WITH LEARNING AND BEHAVIOR CHALLENGES**

Addresses the design of instruction and selection of curriculum materials for children with learning handicaps. Meeting the educational, emotional, and social needs of children with learning disorders and emotional problems will be the focus. Class work will include observing and learning from practicing special education teachers. Students will learn to use research findings about methods currently found in effective classrooms. Meets concurrently with SpEd 244.

SP ED 244 3 UNITS **INSTRUCTING CHILDREN WITH SEVERE DISABILITIES**

Addresses the design of instruction and selection of curriculum materials for children with severe handicaps. Meeting the educational, emotional, and social needs of children with developmental and emotional problems will be the focus. Class work will include observing

and learning from practicing special education teachers. Students will learn to use research findings about methods currently found in effective classrooms. Incorporates Resource Specialist competencies. Meets concurrently with SpEd 243.

SP ED 245 3 UNITS **EARLY CHILDHOOD SPECIAL EDUCATION CURRICULA AND METHODS**

This course is designed to develop understandings of assessment and early intervention services for infants, toddler and preschool-age children, with disabling or at risk conditions.

Students learn to infuse developmentally appropriate practice into early intervention. The course is designed to provide participants with opportunities to observe multidisciplinary service provision, and to apply a family-centered focus. Best practices in early childhood and special education will be explored.

SP ED 257 4 UNITS **DIRECTED TEACHING: MILD/MODERATE DISABILITIES**

Teaching in special classrooms for the learning handicapped. Learning and demonstrating teaching skills in working with exceptional children, their families and other professionals. Planning and implementing appropriate individualized instructional programs. Providing a supportive climate for growth in interpersonal relationships. Evaluation of children's progress and program effectiveness. All students in Directed Teaching must attend the Directed Teaching Seminar.

Prerequisite: Full admission to the Education Specialist Credential Program.

SP ED 258 4 UNITS **DIRECTED TEACHING: MODERATE/SEVERE DISABILITIES**

Teaching in special classrooms for the severely handicapped. Learning and demonstrating teaching skills in working with exceptional children, their families and other professionals. Planning and implementing appropriate individualized instructional programs in motivational as well as least-restrictive environments. Providing a supportive climate for growth in interpersonal relationships. Evaluation of recording and reporting on children's progress and program effectiveness. All students in Directed Teaching must attend the Directed Teaching Seminar.

Prerequisite: Full admission to the Education Specialist Credential Program.

SP ED 259**4 UNITS****DIRECTED TEACHING:
EARLY CHILDHOOD SPECIAL
EDUCATION**

This is a one-semester experience which includes two placements: one in a program for infants and toddlers and their families; and one in a preschool program that includes children with disabilities. Students will conduct assessments, and plan, implement, and evaluate interventions for the children in the program, under the supervision of a site-based supervisor and a college supervisor with expertise in this age group.

SP ED 292**1-3 UNITS****INDEPENDENT STUDY**

Available for students in the Education Specialist Credential program(s) to meet some individual competency and/or program requirements. An independent study contract signed by the faculty supervisor is required at the time of registration. Classes offered at Pacific Oaks may not be taken for independent study. Please consult the Schedule of Classes for registration deadlines.

SP ED 474**3 UNITS****THE YOUNG CHILD WITH
SPECIAL NEEDS**

Students will engage in discussions, activities and observations pertaining to the key theories, philosophies and programs that have supported the development of early childhood special education. Relevant federal and state laws and regulations and local policies will be analyzed. Best practices in early childhood special education and major characteristics, etiologies and effective intervention approaches for young children with special needs will be emphasized.

SP ED 560**2 UNITS****THE CHILD WITH SPECIAL NEEDS**

This seminar covers major educational issues and current trends for exceptional children ages three through fourteen years. Emphasis focuses on Public Law 94-142 and the Individuals with Disabilities Act (IDEA) as they relate to school services for students identified as slow, disabled and gifted learners, as well as effective classroom practices to meet the needs of all learners. Interns study and discuss the following topics: history of special education; litigation which influenced special education; legal aspects (rights of the identified disabled); characteristics of the exceptionalities; placement issues (IEP); inclusion and instructional methodologies to enhance academic, social, emotional and behavioral success of identified students.

This course is available to PONW Teacher Education interns only.

Ph.D., University of California, Los Angeles,
Education. M.A., Pacific Oaks College, Human
Development. B.A., University of California, Los
Angeles, Sociology.

*"The people at Pacific Oaks were there
for me and helped me find a way to
fulfill my dream. My greatest
satisfaction is knowing I am able
to help people create a foundation
on which they can build the rest
of their lives."*

Mi Hyung-Lee

PACIFIC OAKS ALUMNAE/I ASSOCIATION

The Alumnae/i Association helps graduates stay in touch with what's happening at Pacific Oaks. Special alumnae/i-focused events maintain important relationships between alums and the extended Pacific Oaks family, such as faculty and those who participate on thesis committees.

The Association provides opportunities for involvement in the issues that are central to Pacific Oaks: the value of children, embracing diversity, and social justice. The Association also represents alumnae/i interests at all levels of the institution, from Board to faculty to staff and students, and provides input on critical issues regarding curriculum, institutional direction, community relations, and governance.

Alumnae/i Association membership provides access to a unique network of professionals in early childhood education, adult education, human development and social justice fields. Membership also grants you library privileges and Bookstore discounts.

For more information on how you
can become a member, call
626/397-1324, or visit our
website at www.pacificoaks.edu.

"My time at Pacific Oaks was much more than a traditional education for me. Instead, it engaged all of me in an extraordinary personal journey in which I was challenged to process my classroom learning so it became meaningful day to day. I gained not only a wealth of information, but a much broader perspective as a human being and in my relationships with others... My teachers were supportive, giving, demanding, constructive, and empowering. Every class became a journey of self-exploration."

Sue Thompson, MFCC graduate of Pacific Oaks, is Assistant Director and Volunteer Coordinator for Court Appointed Special Advocates (CASA).
